LETTERS.

Bloomington, Indiana, November 28, 1905.

MR. JOE T. GILES, *Secretary*, Marion High School,
Marion, Indiana.

Dear Sir: Athletics can be one of the best or one of the worst things in connection with school life. The Indiana High School Athletic Association has the purpose and effect of purifying and controlling athletics and should have general and hearty approval.

Yours very truly,

WM. L. BRYAN.

President Indiana University

November 21, 1905.

MR. J. T. GILES, *Secretary* I. H. S. A. A.,
Marion, Indiana.

Dear Sir: The attitude of the general public toward college and school athletics is, in the main, a factor of its interest in the games, which are regarded merely as physical contests. It is not highly ethical or sportsmanlike. The public likes to witness games, to gamble on the results, and to see its partisans win. Just in proportion to this interest in any locality will there be pressure brought to bear to overstep the reasonable, proper sphere of athletic sports.

Under these conditions, our students have been and now are in danger of being blinded to a right conception of what is sportsmanlike, and to the right relations of athletics to school and college duties. Education and regulation therefore become necessary, not only for the immediate protection of the students themselves, but also for the general correction of the public attitude.

The formation of your association was a necessity, and has been from the first heartily approved by all who understand the athletic situation in colleges and high schools. Those who are dealing with college athletics feel strongly the need of the preliminary inculcation of right ideas in the minds of our students, as well as an education of the public in general.

This work your association is doing in a manner which far exceeds all expectations.

I desire to congratulate the Association on what it has accomplished in the direction of correcting abuses, establishing right principles, and demonstrating that athletic sports in their right relations are beneficial to our young people.

I trust that nothing may occur to retard or hinder the very valuable work which it is doing.

Cordially,

W. E. STONE,
President Purdue University.

EXTRACTS FROM LETTERS.

Prin. Chas. P. Keller, Brazil, Ind.:

"The Association is working for the best interests of athletics in the Brazil High School."

Prin. Samuel Wertz, Columbus, Ind.:

"Our experience during the three months of our membership in the Association has been satisfactory. Some of our boys have worked, where last year they failed. I am sure it is on the right line."

Prin. R. A. Randall, Plymouth, Ind.:

"At a meeting the principals of Marshall County, five schools not including ours decided to join the State Association, and so a Marshall County Track meet will be possible next spring."

Prin. C. W. Knouff, Wabash, Ind.:

"The good work of the Association is simply superb and satisfying."

Prin. Anna Wilson, Crawfordsville, Ind.:

"I have only words of praise for the Association, and feel that it is of great benefit to all the schools. We had the same requirements in our athletic association constitution, but the fact that the schools of the State all stand for the same thing is of very great advantage."

Brazil Foot Ball, 1905

INTRODUCTION.

Many newspapers and college authorities throughout the land are vigorously protesting against the insinuation of professionalism into football, the practice of gambling in connection with the important annual games, and more especially against the brutal practices resorted to by players in order to win. This agitation is so wide-spread and of such deep-seated significance that it will probably lead to a decided reformation of the game as now played. While the Board of Control concurs in the prevailing sentiment in regard to the game, it does not agree that the criticisms are equally as valid against secondary athletics as against college athletics. If anything, secondary athletics are conducted on as high a plane, if not a higher one than college athletics. Professionalism and gambling, which in many places accompany the sports, are practically eliminated from all phases of high school athletics. It is a matter of record, however, that most foot ball injuries of a serious character occur among the unseasoned players of high schools. These injuries, in our opinion, are not merely the result of the extreme physical exertion involved in the game, but occasionally they result from ungentlemanly and unsportsmanlike tactics, savoring of brutality, on the part of the opposing players. Your committee is unwilling to accede to a demand for the prohibition of the game in high schools, yet it views with favor any movement looking to the reorganization of the game so that high school students may play with less liability to injury.

We, therefore, recommend that this Association take appropriate action requesting the National Rules Committee to make such revision of the rules as will eradicate its present dangerous practices and will not afford a ground for violent public criticism.

Many requests have come to the Board from various sources demanding that provisions be made for determining championships. It is a matter of common observation that reports to the State papers of this game or that, lay claim to the State championship or championship in some section of the State in some phase of athletic sport. The Board holds that the effort to determine championships does not fall within its jurisdiction. It also believes that any effort to do so would involve a useless and heavy expense and entail a loss of much valuable time and energy. Athletics are in our schools for the sake of the training they afford. The Board therefor thinks that any attempt to reach final conclusions in regard to championships is erroneous and based upon false premises.

L. D. COFFMAN,
GEO. W. BENTON,
J. T. GILES,
Board of Control.

BINGHAM'S SAY-SO.

An article written at the request of some members of the Association by Ed. H. Bingham.

High school athletics have never known a more successful season than the one just closed in foot ball. It is the second year they have been conducted by the Indiana High School Athletic Association and the faculty influence in all branches of sports, foot ball, basket ball, track and field games, together with close supervision given the players has made clean athletics possible.

Two years ago prior to the formation of the Association there were constant ruptures between school officials due to untoward acts committed by lads playing as high school teams and under the names of the respective schools in the various cities. Especially in foot ball games, troubles were many and so intense was the rivalry between schools that fighting and foul play was frequent; spectators crowded on fields and interfered with the progress of games and results were generally unsatisfactory. Lads were used in games who were ineligible as students and some were not students at all. Players were frequently injured by the rough tactics of opponents and not only did the sport suffer but educational interests as well. Principals and school authorities were censured for permitting the games to be played. They were powerless to stop the contests, as the matter was out of their hands.

The first year of the Association with a small handful of schools as members, saw a great improvement in the handling of athletics. The eligibility rules were lived up to in all but one or two instances, and when schools did not follow to the letter the rules of the Association they were dropped. So general was the success of the Association last year, almost one hundred schools applied for and were admitted to membership. Before spring it is expected that most of the high schools of the state will subscribe to the rules of the Association, and even though they do not enter, many others will adopt the rules and play under them.

By the steady growth of the Association the objection that only schools in the larger cities could follow the rules to the letter has proved groundless. The principals in several of the cities where teams disbanded this year, have by their firmness, improved scholarship. Athletics have become second to educational interests. This is the feature the Association has aimed at and is what has proved its success.

There have been several misunderstandings the season just closed between schools, but at the annual meeting these doubtless will be

threshed out with satisfaction. Only for weakness of school officials there would have been no trouble. The same firmness with athletics as with school affairs, and the same honorable methods will keep the certification of players free from question by rival school interests, and the games will be free from pugnacious quarrelling such as has prevailed in the past where the Association has not controlled.

Principals of the schools which are members of the Association, who have in some instances been forced to indulge some pupils because of strong outside influences, have found, according to their own statements, their tasks much easier under the new regime. Parent influence has been balked, as student eligibility has enabled the principals to refuse to permit certain scholars to enter games because of failure to keep up in the required studies. In the past even in the Association, where it has been possible, there has been some laxity in certifying players. Now the principal who has school discipline at heart is able to prevent games being played by ineligible students simply by refusing to place their names on the eligible lists. Of course in some instances, just as in colleges, where to win it has been found expedient to certify some player, the principal has done so, but only at the cost of outraging his own conscience. As in college circles, the microbe of purification of athletics is having its sway and this unfair certification of ineligible students will gradually be stamped out as principals with higher views of school honor assume places at the head of schools.

The general demand for purity in athletics can best be served so far as high schools are concerned by just such an association as the Indiana High School Athletic Association. It is in the high schools the athletic spirit is fostered, as the high school athlete necessarily steps into the shoes of the college athletes who retire annually by graduation. With the inculcation of ideas of honor in high school athletics, as well as honor in scholarship, the present methods in vogue in colleges soon will be wiped out and there will be no more questionable inducements offered high school lads to take up college work before they are fit to do so, just because they are of a size physically to aid in athletic victories.

Athletics in high schools as well as in colleges are being overdone, and it is up to just such an organization as the Indiana High School Athletic Association to curb this growing tendency to make athletics the prominent feature of school life. It would be unwise to stamp out athletics, but properly controlled as the Association seeks to do now there can come little or no harm to the high school youth or to the boy headed for a college or university. The "all work no play" maxim can best be solved by sane methods in athletic work in the high school

period of a boys life, and the Indiana High School Athletic Association is making progress in the efforts it has made so far.

The officers and members deserve every encouragement from parents. Under their Association rules the schedules can be shortened. Leagues of schools in different sections of the state might be formed and at some period in the year just as is the case in the field meets now held annually at one of the several big colleges of the state, the best of the athletic material can be put in competition and championships decided in all branches of sport.

The Association might go further and with benefit to the various sports by naming a staff of officials to preside in all game in which members of the Association participate. A list of men, college graduates or others well informed in the various branches of sport, could be made up by recommendation from different principals. Then when a base ball umpire, foot ball official or track and field official was desired for dual events some one of the men on the list outside the pale of prejudice for the success of either school proposing the contest, could be obtained. No matter what the ability of the official chosen for any position, the charge could not be made of bias or unfair rulings from a partisan standpoint. One year's trial of such a plan too, would give a splendid set of officials and these could be added to from time to time.

Principals too, should look well into the appointment of team managers to see that games are scheduled by these with schools where chances are more nearly even for close contests considering the available athletic material each has. All over the state, too, cities in various sections might well pair for annual games at stated periods, which would permit the pointing of the teams to their final struggles of the year, and thus lend zest to the general athletic situation.

An arbiter to whom final appeal as to eligibility of players might be named, and thus remove all chances for charges of partiality of principals in dealing with protests against athletes.

THE SECOND ANNUAL TRACK AND FIELD MEET ANNOUNCEMENT.

The second annual Track and Field Meet of the Indiana High School Athletic Association, will be held on the athletic field of Purdue University, May 20, 1905, in the afternoon. Entries for the Meet will close May 10 and all schools desiring to participate in the Meet must become members of the Association before that date.

ELIGIBILITY—Every contestant in this Meet must have previously made in a fair test a record equal to the following in every event in which he is entered:

100 Yard Dash.....	11s.
220 Yard Dash.....	26s.
440 Yard Dash.....	58s.
Half Mile Run.....	2m. 20s.
Mile Run.....	5m. 15s.
120 Yard High Hurdle.....	19s.
220 Yard Low Hurdle.....	29s.
Running High Jump.....	5 ft.
Running Broad Jump.....	19 ft.
Pole Vault.....	8 ft. 9 in.
Putting Shot (12 lb.).....	36 ft.
Throwing Hammer (12 lb.).....	110 ft.
Throwing Discus.....	90 ft.

The above, together with a mile relay, will constitute the events of the Meet. Winning first place in any event counts five points; second place, three points; and third place, one point. Points in the relay will not be counted in determining the winning team.

ENTRIES—The entries in each event are limited to three, and the contestants in each to two, from any school; except in the relay race, where entries will be limited to six and the number placed in competition to four, each running one-fourth mile.

All schools, in order to enter the contests of the State Meet, will be required to certify that all athletic contests in which they have taken part since becoming members of the Association have been conducted in accordance with the rules of the Indiana High School Athletic Association and that all their contestants in such contests have been qualified according to the rules.

Principals will be required to certify in writing that the contestants from their respective schools have all qualified in every event for which they are entered in the State Meet. Each principal must fill out entry

blanks with the names of the contestants from his school and all the required data, and send it to J. T. Giles, Secretary of the Board of Control, Marion, Ind., on or before May 10, 1905. This requirement must be strictly complied with. Special blanks for this purpose will be furnished to all members of the Association.

PROTESTS—All protests and complaints against *members of the Association* for violation of the rules must be made in writing and filed with the Secretary on or before May 10. Protests as to the eligibility of *individual contestants* under the constitution are to be decided by the Board of Control, and may be filed with the Secretary at any time.

MANAGEMENT—The management of this Meet rests solely with the Board of Control. The selection of officials to be approved by the Board, has been delegated to Coach Cutts of Purdue University. The referee and starter are to be chosen from the A. A. U., in order that records made at the Meet may be recognized by that body. The Board will arrange a program, assigning places on the track by lot, and the printed program will indicate the order in which men will be called upon the track. The rules governing the meet correspond to those of the Western Inter-collegiate Amateur Athletic Association except where these have been modified by the Board of Control. These rules, as adopted by the Board, are printed in the I. H. S. A. A. Hand Book of Athletics and First Annual Report of the Board of Control. Copies may be had of the Secretary for 15 cents each post paid.

PRIZES—No prizes will be awarded except a cup to the winning team, a pennant to the winning relay team, and badges for point winners. Net proceeds of the Meet in excess of a sum necessary to the maintenance of the Association will be prorated to the contesting schools on a basis of mileage. Admission to all high school pupils, 25 cents. Contestants and one rubber from each school admitted free.

ENTERTAINMENT—Purdue University will furnish free board and rooms to all contestants during the Meet.

A low railroad rate, probably a single fare, is assured

Further information regarding rates and entertainment will be sent to entering schools previous to the Meet.

L. D. COFFMAN, *President.*

GEO. W. BENTON, *Treasurer.*

J. T. GILES, *Secretary.*

4:05	Hammer throw.
4:35	Running broad jump.

THE MEET.

The second annual Field and Track Meet of the I. H. S. A. A. was held on Stuart Field of Purdue University, May 20, 1905. The day was fine, the track was in splendid condition, and everything contributed to the success of the Meet. Nineteen schools with one hundred and thirty-three contestants were entered and all but four of these schools scored in the Meet. I. H. S. A. A. records were broken in the 220 yards dash, 880 yards run, mile run, pole vault, running high jump, running broad jump and discus throw. A summary of the Meet is given on another page. In as much as the Shortridge and Hammond teams tied for first place, each school was given a cup. The additional cup was presented by the Purdue Athletic Association and is an exact duplicate of the one provided by the Board of Control. A banner was presented to the Manual Training High School relay team and badges to all individual point winners. Presentation of the trophies took place in Fowler Hall in the evening.

The Board of Control desire again to express their appreciation of the royal hospitality of Purdue University in entertaining the Meet. The success of the Meet was in large measure due to the efficient man-

agement of H. G. Leslie, Manager of the Purdue Athletic Association, and his able corps of assistants. Mr. C. O. Du Plessis of Chicago, who acted as referee and starter, is also to be commended for his promptness, fairness and skillful control of the Meet.

It is to be regretted that several schools delayed sending in their entries until after May 10, the date announced for closing them, and so were excluded from the Meet. This date had been announced previously in the Hand Book issued last December, also in a special announcement and on the entry blanks mailed to the principal of each high school in the Association about March 25, so that the Board of Control feels no further responsibility in the matter.

The following accounts of the Meet are taken from the Lafayette papers:

(Lafayette Sunday Times.)

The state high school meet on Stuart field, Purdue university, was the most successful in the history of the State High School Association. There was a very large crowd present to watch the performances of the young athletes. The day was ideal for the sport and the officials in charge kept the youngsters moving in the "sandwiched" events.

The officials were as follows: C. O. Du Plessis, of Chicago, referee and starter; track inspectors, Thompson, Rutledge, Veneman and Withrode; judges at the finish, Verner, Service and Nufer; field judges, Vehslage, Glover, Russell and Dapprich; clerk of the course, Hearn; scorer, Kaylor; time keepers, Golden, Test, Endsley and Coulter; announcer, Free; marshals, Allen and Johnson.

The team competition was quite keen throughout and the race for the cup trophy resulted in a tie between Hammond and Shortridge, each team scoring 17 points. Captain Blair of the Hammond school team was the decided favorite in the sprints and won easily. He is the best high school sprinter that ever appeared on Stuart field. The work of Rudolph in the pole vault was greatly admired. Manual Training high school team lost all chances for winning when their game little hurdler fell near the finish of the hurdle race, losing a place. He had a good lead and would have won the event had he not tripped on the final hurdle and falling to the ground lost out. In the 220 low hurdles, Parciles, of Rensselaer, and Rhode, of Hammond tied for second place, but in the toss up Parciles won.

In the running broad jump the same state of affairs existed between Humphreys, of Linton, and Parciles, of Rensselaer, after splitting the points for their team the two agreed to make one jump to decide the winner of the medal, and this resulted in a victory for Humphreys.

The most exciting event of the afternoon was the mile relay race,

between a Manual Training high school of Indianapolis and Monticello, which was won by the first named in an exciting finish. In view of the fact that Hammond and Shortridge tied for first place it was decided to give a silver cup to each team, the inscription to tell of the tie. The Purdue authorities decided this was the only way out of the difficulty arising from the even break.

The winners of events were awarded gold medals to firsts, silver to seconds and bronze medals to thirds, and a pennant to the victory of the relay race. These were presented last night with appropriate exercises at Fowler Memorial Hall, at which the following program was given:

Organ Voluntary.....Miss Eva L. Linn.
 Address of Welcome.....President W. E. Stone.
 Selection.....Purdue Orchestra
 Awarding of Trophies....George W. Benton, President I. H. S. A.A.
 Address—"College Athletics".....Prof. T. F. Moran.

The visiting athletes were quite enthusiastic in their praise of the cordial reception given them while in the city and for the fair treatment given each.

(Lafayette Sunday Leader.)

The second annual Track and Field Meet of the Indiana High School Athletic Association took place yesterday afternoon, on Stuart Field, at Purdue University. It was the most successful meet in the history of the Association. A large crowd witnessed the sports of the high school athletes. Several records of the Inter-scholastic Association were broken, these being the mile run, the pole vault, the 220 yard dash and discus throw. The most exciting event of the afternoon was the mile relay race, which was won by Manual Training School, of Indianapolis, and the Monticello High School second. The first quarter was won by Lowe, of Monticello; Muckemeyer, M. T. H. S., second Time, :60. The second quarter, McClerg, Monticello, first; Bates, M. T. H. S., second; time 1:55 2-5. Third quarter, Gardiner, Monticello, first; Crawford, M. T. H. S., second; time, 2:52 3-4. Last quarter, Demming, M. T. H. S., first; Tharpe, Monticello, second. Time, 3:49 2-5. The finish was especially exciting in this race. The trophies for the winners of the event were gold medals to firsts; silver medals to seconds; bronze medals to thirds. To the team making the greatest number of points a silver trophy cup was presented, and to the winner of the relay race a pennant.

Inasmuch as Hammond and the Shortridge High School team, of Indianapolis, tied for first place with 17 points each, the Purdue Athle-

tic Association announced at the meeting at Fowler Hall, last night, where the trophies were presented, that they would present two cups instead of one on account of the tie. The meet moved very smoothly, and this was due to the excellent work of the referee and starter, C. O. Du Plessis, of Chicago. The other officers were: Track inspectors, Thompson, Rutledge, Venemann, and Winthrode; judges, at the finish, Verner, Service, Nufer; field judges, Vehslage, Grover, Russell and Dapprich; clerk of the course, Hearn; scorer, Kaylor; timers, Golden, Test, Endsley, Coulter; announcer, Free; Marshals, Allen and Johnson.

In the sprints, Blair, of Hammond, was the bright, particular star of the day, capturing all the events in which he was entered.

In the 220-yard low hurdles, Rhode, of Hammond, and Parcils, of Rensselaer, tied for second place. These contestants split the points for their teams, but for the medals tossed up the coin, which Parcils won.

In the running broad jump, Humphreys, of Linton, and Parcils, of Rensselaer, tied for second place. Both men split the points for their teams, but for the medal decided to jump it off at one jump, which was won by Humphreys, of Linton.

The pole vault was one of the most hotly contested events of the afternoon, and was won by Rudolph, of Crown Point, a protege of Glover, of Purdue University. The height attained was 10 feet, 6 inches.

At 4:30 o'clock, Verner, of Purdue, gave an exhibition mile run that was greatly admired, and at the finish was loudly applauded. His spurt on the finish was very fast. Thomas, Purdue's champion hammer thrower, gave an exhibition on throwing the twelve-pound hammer, and it is needless to remark, threw it out of sight.

(Purdue Exponent.)

One of the most successful events of the year was the Interscholastic Field and Track Meet held on Stuart Field Saturday. Over 130 high school athletes, including the best in the state, took part in the games. Everything went off smoothly, due to good management and fair officials.

The weather was all that could be desired and the athletes responded to the favorable conditions by breaking one state high school record and seven association records. The afternoon furnished some exciting events and close finishes. Probably the hardest race of the day was the mile run which was the best seen here for some time. The finish of Carr, of Fowler, and King, of M. T. H. S. was almost a matter of inches but a game spurt by King won the race and clipped 10 2-5 second from the Association record.

Rudolph, of Crown Point, broke the State record in the pole vault while Yelch, of Washington, DeWeese, McLaughlin and Patton, of Shortridge, Shade, of Montpelier, Dobbins, of Rensselaer, and Belman, of Hammond, did good work. But the real star of the meet was Blair, of Hammond, whose running in the 100 and 220 dashes was a feature. He easily won both these events and if pushed there is no doubt that he could go the dashes in still faster time. Demming, of M. T. H. S. was the best in the 440-yard and second in the 220-yard dash, while in the relay he overcame a lead of twenty yards and won for his school in an easy manner.

Shortridge and Hammond tied for first place with 17 points while Manual pushed them hard with 14½ points. Hammond only had four men entered but they were all sure point winners. The two Indianapolis high schools entered full teams, but had few star men. Patton ran a fine race in the half, taking the lead at the start and keeping it.

The relay race was exciting in the extreme, although Manual and Monticello only took part. The first three Monticello men opened a big gap and it looked to be a crushing defeat for M. T. H. S. until Demming jumped in on the last quarter and by superb running broke the tape.

THE '06 MEET.

The third annual State Meet will be held at Crawfordsville under the auspices of Wabash College, May 19, 1906. Entries will close ten days before the meet. Special entry blanks and a detailed announcement of the meet will be furnished to all members of the Association in due time.

Crawfordsville is centrally and conveniently located and the railroads will undoubtedly offer a satisfactory rate. Entertainment to actual contestants in the meet will be free. These things together with the increasing membership of the Association and the growing interest throughout the state in track and field athletics all give promise of the largest and best meet in the history of the Association.

The arrangements for the meet will be similar to those given in the announcement for the second meet given on a previous page, with the following exceptions: Experience has shown that the proceeds of the meet are not sufficient to pay the mileage of the contestants in addition to the necessary expenses of the Association. For this reason the Board of Control makes no promise of a money rebate to the schools entered in the meet, but will use any surplus proceeds to further the interests of the Association and increase its usefulness.

In previous meets no entry fee was charged and as a result many were entered who did not take part in the meet and who had little expectation of doing so when they entered. This worked an injustice on the town entertaining the meet since it gave no basis for estimating the number to be entertained and many received entertainment who were not entitled to it. For this reason a fee of twenty-five cents will hereafter be required from each individual entered—this fee to be returned when the individual appears on the field.

The eligibility records will remain the same as last year, but the order of events has been changed as follows:

TRACK EVENTS.

Frankfort High School Foot Ball Team

CONSTITUTION

OF THE

INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION.

Revised December 29, 1904.

ADMINISTRATION.

Section 1. A Board of Control, composed of three members (principals, vice-principals, or superintendents), shall be elected by the members of the Association as follows: One for one year, one for two years, and one for three years, the Chairman each year to be the one whose term expires at the end of that year. This election is to take place at the annual meeting of the Indiana State Teachers' Association. In case of vacancy, the remaining members of the Board may appoint a person to fill the vacancy until the next annual meeting of the Association.

Section 2. The Board of Control shall have the following powers and duties: (a) It shall have general control over all athletic contests between secondary schools in this Association; (b) it shall have exclusive control of the annual Interscholastic Meet; (c) it shall give interpretations of the rules of the Association; (d) it shall determine forfeitures under Section 11; (e) the Board of Control at the end of any athletic season may, at its discretion, issue a statement of its official opinion as to the relative standing of the teams. No school which has violated the rules of the Association in regard to the qualifications of players shall be awarded special honors in that particular branch of athletics.

Section 3. (a) When charges are made in writing by a member of the Association against another member for violation of the rules of the Association, the Board of Control after giving due notice of place and time for the school so charged to be heard, shall consider such charges, and may suspend the offending school for a period not exceeding one year; (b) the Board of Control shall decide on all protests brought before it with reference to qualifications of contestants in the Interscholastic Meet; (c) when any matter comes before the Board for decision which is of special interest to a school of which a member of the Board is a representative, the remaining members shall appoint another person to act in his place in that matter.

Section 4. Membership in this Association shall be limited to public high schools of the state, and each school shall have one vote. The annual dues shall be \$2.00, payable when the school becomes a member, and thereafter by December 1 of each year.

Section 5. The principal of the school or high school teachers

authorized by him shall be manager or managers of the teams representing the school.

Section 6. No games shall be played without the sanction of the principal.

Section 7. No game shall be played with public high schools of this state not belonging to this Association.

Section 8. Non-playing student officials or assistants shall conform to the same rules as the players.

Section 9. The principal or his authorized representative shall accompany his team to all contests.

Section 10. In football contests held under these rules, the length of each half shall be twenty-five minutes, unless changed by mutual consent.

Section 11. It is recommended that principals, in arranging for games, provide a forfeiture of \$10, to be exacted should there be a failure on the part of either party to carry out the arrangements made. Should such forfeiture be stipulated and not be paid during the same season, the Board of Control, after hearing both sides, shall have authority to expel the delinquent school from the Association. Notification of such expulsion shall be published in the papers, with the cause therefor.

Section 12. No retiring member of the Board of Control, having served three years, shall be eligible for re-election for a period of one year after date of retirement.

RULES.

Rule 1. To represent a school in any interscholastic contest a person must be under twenty-one years of age; must have entered some public high school within the first twenty school days of the term or semester in which the contest occurs, and must be an amateur as defined by the A. A. U. Eighth grade pupils are not eligible.

Rule 2. Each contestant must have and be maintaining for the current term or semester a passing grade in each of three or more studies requiring a minimum of fifteen regular high school recitations per week, exclusive of rhetorical, physical culture, military drill, and deportment; in his last preceding term or semester in school he must also have met the same requirements throughout the entire term.

Pupils enrolled for the first time must comply with all the requirements of the rules, the average standing required for the preceding term or semester being obtained from the records in the last secondary school attended.

Back work may be made up, providing that it be done in accordance

with the regular rules of the school and becomes a matter of final record before the opening of the next term or semester.

Rule 3. The eligibility of all the contestants shall be certified to by the principal of the school in accordance with the rules hereby adopted. Such statement shall be presented in writing within ten days before any contest. In case of disputes the principal must furnish to the Board of Control the following data in regard to each contestant: The date of last enrollment; the number of years he has been a member of a secondary school athletic team; date and place of birth; average mark in each study for the preceding term or semester; average mark in each study from the beginning of the current term or semester. A school which does not furnish this data shall be denied championship honors, and may be excluded from the annual Inter-scholastic Meet.

Rule 4. No person shall take part in athletic contests between secondary schools for more than four years, and no post-graduate pupil shall take part in such contests. Persons graduating from regular three-year courses shall not be deemed post-graduates.

Time spent in athletic sports by pupils while in grades below the high school shall not be counted as part of the four years.

Rule 5. No person shall enter a contest under an assumed name.

Rule 6. The principal shall have power and is advised to exclude any contestant who, because of bad habits or improper conduct, would not represent his school in a becoming manner.

Rule 7. Any member of a high school athletic team, who participates in an athletic contest as a member of any other similar team the same season, shall be ineligible to compete under these rules for the remainder of that season.

Rule 8. These rules may be amended by a majority vote of the members present at the annual meeting.

INTERPRETATIONS OF THE BOARD OF CONTROL.

1. Inasmuch as questions have arisen concerning practice games with high schools not in the Association, the Board of Control feel warranted in calling attention to Sec. 7, which says that "No game shall be played with high schools of the state not belonging to the Association."

2. The football season is defined as beginning with the opening of school and closing with November 30.

3. No student who violates the rules of the Association will be reinstated by the Board.

4. When a member or members of any team are protested, the

game should be played as scheduled and the protest filed with the Board for settlement later.

5. By mutual agreement of both teams, pupils over the age limit may be allowed to enter the contests played under I. H. S. A. A. rules.

6. Pupils under twenty-one at the time of registration in school shall be so regarded until the time of their next registration.

7. Rule 7 shall apply only to games and contests where an admission fee is charged.

NOTES.

SEMI-ANNUAL REPORTS—Principals are requested to send their semi-annual reports to the Secretary, Geo. W. Benton, Indianapolis, Ind., immediately at the close of the present term. This report includes all track and field meets, basket and baseball games. Newspaper clippings of interest are solicited.

HANDBOOKS—Several copies of the Handbook and First Annual Report of the Board of Control are still on hand. Each member of the Association is entitled to ten copies by sending the postage, fourteen cents, to the Secretary. All schools who have not accepted this offer should do so at once. The price of single copies has been reduced to ten cents each, postpaid. The Handbook contains sixty-six pages of historical matter, cuts, records and rules which are of interest to every member of the Association.

CONSTITUTIONS—Additional copies of the constitution will be furnished by the Secretary at the rate of fifty cents per hundred, post paid.

DUES—The annual dues are payable to the Secretary on or before December 1 of each year.

MEMBERSHIP—Any high school in Indiana may become a member of the Association by the payment of two dollars to the Secretary. (See Sec. 4).

GEO. W. BENTON, Secretary, Indianapolis, Ind.
Care Shortridge High School.

ATHLETIC RULES

OF

INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION.

Based on Rules of Intercollegiate Conference Athletic Association.

RULE I.

—Officials—

- Sec. 1. All meetings must be under the direction of
The Board of Control.
One referee.
Two or more inspectors.
Three or more field judges.
Three judges at finish.
Three or more timekeepers.
One starter.
One clerk of the course.
One scorer.
One marshal.

Sec. 2. If deemed necessary, assistants may be provided for the clerk of the course, the scorer, and the marshal, and an official announcer may be appointed.

RULE II.

—The Board of Control—

Shall have jurisdiction of all matters not assigned by these rules to the referee or other game officials.

RULE III.

—The Referee—

Must decide all questions relating to the actual conduct of the meet, whose final settlement is not otherwise covered by these rules, have the power to add or to alter the announced arrangements of heats in any event. A referee has no authority, after heats have been drawn and published in a program, to transfer a contestant from one heat to another.

When in any but the final heat of a race a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional, and shall also have the power to allow the hindered competitor to start in the next round of heats, just as if he had been placed in his trial.

When in a final heat a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to his carelessness or conduct,

and he shall also have the power to order a new race between such of the competitors as he thinks entitled to such a privilege.

If, during any athletic contest under the rules of the I. H. S. A. A., a competitor shall conduct himself in a manner unbecoming a gentleman or offensive to the officials, spectators, or competitors, the referee shall have the power to disqualify him from further competition at the meet; and, if he thinks the offense worthy of additional punishment, must promptly make a detailed statement of the facts to the Board of Control.

Power to change the order of events as laid down in the official program is reserved to the Board of Control, which shall, through its chairman, exercise this authority, unless it sees fit to expressly delegate this power to the referee.

The referee shall not have authority to disqualify any competitor for violation of the eligibility rules of the I. H. S. A. A. All protests as to eligibility made on the field must be referred to the Board of Control, and the protested competitor must be allowed to compete until disqualified by the arbitrator of the I. H. S. A. A.

RULE IV.

---The Inspectors.---

It shall be the duty of an inspector to stand at such point as the referee may designate, to watch the competition closely, and, in case of a claim of foul, to report to the referee what he saw of the incident.

Such inspectors are merely assistants to the referee, to whom they must report, and have no power to make any decision.

RULE V

---The Judges at the Finish---

Must determine the order of finishing of contestants and must arrange among themselves as to noting the winner, second, third, fourth, etc., as the case may require, and there must always be two judges whose duty must be to choose the winner.

Their decision in this respect must be without appeal, and, in case of a disagreement, a majority must govern.

RULE VI.

---The Field Judges---

Must make an accurate measurement and keep a tally of all trials of competitors in the high and broad jumps, the pole vaults and the weight competitions.

They must act as judges in these events, and their decisions must likewise be without appeal. In cases of disagreement, a majority must govern. There must be at least three judges for every event.

RULE VII

—The Timekeepers—

Must be three in number and must individually time all events where time record is called for. At the conclusion of each heat, each timekeeper must present his watch to the referee for inspection, and he must decide the official time. Should two or three watches mark the same time and the third disagree, the time marked by said two watches must be accepted. Should all three disagree, the time marked by the intermediate watch must be accepted.

The flash of the pistol must denote the actual time of starting.

If, for any reason, only two watches are held on an event, and they fail to agree, the longer time of the two must be accepted.

Note—For record, however, three watches must be held on an event.

RULE VIII.

—The Starter—

Must have sole jurisdiction over the competitors after the clerk of the course has properly placed them in their positions for the start.

The method of starting must be by pistol report, except that in time handicap races the word "go" must be used.

An actual start must not be affected until the pistol has been purposely discharged after the competitors have been warned to get ready.

In case the pistol was not purposely discharged, the competitors shall be called back by the starter by pistol fire. (*Note*—The starter must have at least two good cartridges in his pistol before starting a heat).

When any part of the person of a competitor touches the ground in front of his mark before the signal is given, it must be considered a false start.

Penalties for false starting must be inflicted by the starter, as follows:

In all races to and including 125 yards, the competitor must be put back one yard for the first and another yard for the second attempt; in races over 125 yards and including 300 yards, two yards for the first and two more for the second attempt; in races over 300 yards and including 600 yards, 3 yards for the first and three more for the 2nd attempt; in races over 600 yards and including 1,000 yards, four yards for the first and four more for the second attempt; in races over 1,000 yards and including one mile, five yards for the first and five more for the second attempt; in all races over one mile, ten yards for the first and ten more for the second attempt

In all cases, the third false start must prevent his competing in that event.

The starter must rule out of that event any competitor who attempts to advance himself from his mark, as prescribed in the official program, after he has given the warning to "get ready."

RULE IX.

—The Clerk of the Course—

Must be provided with the names and the numbers of all entered competitors, and he must notify them to appear at the starting line before the start in each event in which they are entered.

RULE X.

—The Scorer—

Must record the order in which each competitor finishes his event together with the time furnished by the referee.

He must keep a tally of the laps made by each competitor in races covering more than one lap, and must announce, by means of a bell or otherwise, when the leading man enters the last lap.

He must draw up a list of the actual competitors in each event, which shall be filed with the papers of the Association and shall be the official record of competing entrants, and shall be final evidence in the enforcement of Rule III, of the rules of eligibility.

He must control his assistants and assign to them such of his duties as he may deem proper.

RULE XI.

—The Marshal—

Must have full police charge of the enclosure and must prevent any but officials and actual competitors from entering or remaining therein.

He must control his assistants and assign to them their duties.

RULE XII.

—The Official Announcer—

Must receive from the scorer and field judges the result of each event, and announce the same by voice or by means of a bulletin board.

RULE XIII.

—Competitors—

Must report to the clerk of the course immediately upon their arrival at the place of meeting, and must be provided by that official with their proper numbers, which must be worn conspicuously by the competitors when competing, and without which they must not be allowed to start.

Each competitor must inform himself of the time of starting, and must be promptly at the starting point of each competition in which he is entered, and there report to the clerk of the course.

Under no conditions shall attendants be allowed to accompany competitors at the start or during any competition.

RULE XIV.

Track Measurement.—

All distances run or walked must be measured upon a line eighteen inches outward from the inner edge of the track, except that in races on straightaway tracks the distance must be measured in a direct line from the starting mark to the finishing line.

RULE XV.

—The Course.—

Each competitor must keep in his respective position from start to finish in all races on straightaway tracks, and in all races on tracks with one or more turns he must not cross to the inner edge of the track, except when he is at least six feet in advance of his nearest competitor. After turning the last corner into the straight in any race, each competitor must run a straight course to the finish line, and must not cross to either the outside or inside from such straight course.

In all races of the I. H. S. A. A. up to and including 220 yards, each competitor must have a separate course marked out and measured, whether races are run straightaway or with turns.

The referee must disqualify from that event any competitor who willfully pushes against, impedes, crosses the course of, or in any way interferes with another competitor.

The referee must disqualify from further participation in the meet any contestant competing to lose, to coach, or to in any way impede the chances of another competitor, either in a trial or final contest.

RULE XVI.

—The Finish—

Of the course must be represented by a line between two finishing posts, drawn across and at right angles to the sides of the track, and three feet above which line must be placed a tape attached at either end to the finishing posts. A finish must be counted when any part of the winner's body, except his hands or arms, touches the tape at the finish line. The tape must be considered the finishing line for the winner, but their order of finishing across the track line must determine the positions of the other competitors.

RULE XVII.

—Hurdles.—

In the 120 yards hurdle race, ten hurdles must be used, each hurdle to be three feet six inches high. They must be placed ten yards apart,

with the first hurdle fifteen yards distant from the starting point, and the last hurdle fifteen yards before the finishing line.

In the 220 yards hurdle race, ten hurdles must be used, each hurdle to be two feet six inches high. They must be placed twenty yards apart, with the first hurdle twenty yards distant from the starting mark, and the last hurdle twenty yards before the finishing line.

In making a record, it must be necessary for the competitor to jump every hurdle in its proper position.

In all hurdle races of the I. H. S. A. A. up to and including 220 yards, each competitor must have a separate course and hurdles marked out and measured, whether races are run straightaway or with turns.

RULE XVIII.

—Jumping.—

Sec. 1. A fair jump must be one that is made without the assistance of weights, diving, somersaults, or handsprings of any kind.

In scratch events competitors must jump in order as placed on the program.

Sec. 2. The running high jump. The field judges must decide the height at which the jump shall commence and must regulate the succeeding elevations.

Each competitor must be allowed three trial jumps at each height, and if on the third trial he shall fail, he must be declared out of the competition.

Competitors must jump in order, as provided in Sec. 1; then, those failing, if any, must have their second trial jump in a like order, after which those having failed twice must make their third trial jump.

The jump must be made over a bar resting on pins projecting not more than three inches from the uprights, and when this bar is removed from its place by the competitor when trying, it must be counted as a trial jump.

Running under the bar in making an attempt to jump must be counted as a "balk," and three successive "balks" must be counted as a trial jump.

The distance of the run before the jump must be unlimited. A competitor may decline to jump at any height in his turn, and by so doing forfeits his right to again jump at the height declined.

Sec. 4. The running broad jump. When jumped on earth, a joist five inches wide must be sunk flush with it. The outer edge of this joist must be called the scratch line, and the measurement of all jumps must be made from it, at right angles, to the nearest break in the ground made by any part of the person of the competitor.

In front of the scratch line the ground must be removed to the depth of three and the width of twelve inches outward.

A foul jump must be one where the competitor, in jumping off the scratch line, makes a mark on the ground immediately in front of it, or runs over the line without jumping, and must count as a trial jump without results.

Each competitor must have three trial jumps, and the best three must each have three more trial jumps.

The competition must be decided by the best of all the trial jumps of the competitors.

The distance of the run before the scratch line must be unlimited.

Sec. 5. The pole vault. Pole must be furnished by the managing committee, but contestants may use their own private poles if they so desire, and no contestant shall be allowed to use any of these private poles, except by the consent of their owners. The poles must be unlimited as to size and weight, but must have no assisting devices, except that they may be wrapped or covered with any substances (to obtain a firmer grasp), and must have but one prong at the end.

No competitor shall, during his vault, raise the hand which was uppermost when he left the ground to a higher point of the pole, nor shall he raise the hand which was undermost when he left the ground to any point on the pole above the other hand.

The rules governing the running high jump must also govern the pole vault for height, except that when the man leaves the ground in an attempt, it shall be counted a trial.

RULE XIX.

—Putting the Shot.—

The shot must be a solid sphere, made of metal and must weigh 12 pounds.

It must be put with one hand and, in making the attempt, it must be above, and not behind, the shoulder.

The competitor must stand in a circle seven feet in diameter. The circumference of the circle must be divided into two halves by a line drawn through it. On four feet of the front half of the circumference a board four inches high must be placed, the edge of which must be equally distant from the intersection of the line with the circumference and at which the competitor must stand when the shot leaves his hand.

A fair put shall be one where no part of the person of the competitor touches in front of the circle, or on the board, in making the attempt.

A put must be counted as foul if the competitor steps over the front half of the circle or on the board. A competitor must leave the

circle by the rear half. Leaving by the front half must be declared a foul.

The measurement of all puts must be made from the nearest mark by the shot to a point on the circumference of the circle, on a line with the object mark and the center of the circle.

Foul puts and letting go the shot in making an attempt must be counted as trial put without result.

A board similar to the one in front may be used at the back of the circle.

The order of competing and number of trials shall be the same as for the running broad jump. Shots must be furnished by the managing committee. Any contestant may use his private shot, if correct in weight and shape; in which case the other contestants must also be allowed to use it, if they wish.

RULE XX.

—Throwing the Hammer.—

The head and handle may be of any size, shape, and material, provided that the length of the complete implement must not be more than four feet and its weight not less than 12 pounds.

All throws shall be made from a circle seven feet in diameter, and this circle shall be considered as divided into two halves by a line drawn through its center at right angles to the direction of the throw.

A fair throw must be one where no part of the person of the competitor shall touch outside or on the circle in making the attempt.

Foul throws and letting go of the hammer in an attempt must count as trial throws.

The measurement of all throws must be made from the nearest mark made by the head of the hammer to a point on the circumference of the circle, on a line with the object mark and the center of the circle.

The order of competing and number of trials must be the same as for the running broad jump. Hammers must be furnished by the managing committee. Any contestant may use his private hammer, if correct in weight and length, and no contestant shall be allowed to use these private hammers except by consent of the owner.

RULE XXI.

—Throwing the Discus.—

The discus shall be made of smooth, hardwood body, without finger holes, weighted in center with lead discs and capped with polished brass discs, with steel ring on the outside. The weight of the discus shall be four and one-half ($4\frac{1}{2}$) pounds; outside diameter, eight (8) inches; thickness in center, two (2) inches.

All throws shall be made from a seven (7) foot circle, with four-foot circle and similar in all respects to the circle for putting the shot. In making his throws, a competitor may assume any position he chooses. Foul throws and letting go of the discus in attempts a count as trials without result. A fair throw shall be one in which no part of the person of the competitor touches the ground outside the front half of the circle, and the competitor leaves the circle by its rear half. A throw shall be foul if any part of the person touches the ground outside the front half of the circle before the throw is measured.

A discus shall be furnished by the managing committee. Any contestant may use his private discus, if correct in weight and shape; in which case the other contestants must also be allowed to use it, if they wish.

The measurement of each throw shall be made from the nearest mark made by the fall of the discus to the circumference of the circle, on a line from a mark made by the discus to the center of the circle.

LEBANON SUSPENDED.

On Friday evening, December 8, the Board of Control met in Indianapolis to consider charges that had been preferred against the Lebanon High School. In accordance with Section 3 of the constitution and on the evidence submitted, the Board unanimously voted to suspend the Lebanon High School from the Association for one year. The written charges and Mr. Walker's reply are given below:

Westfield, Indiana, December 5, 1905.

To the BOARD OF CONTROL,

State High School Athletic Ass'n, Indianapolis, Indiana.

Gentlemen—I take this means to inform you of a violation of the rules of the State High School Athletic Association.

Westfield High School met Lebanon High School at Lebanon, Saturday, Nov. 25, 1905, in a game of football. The team representing W. H. S. was accompanied by two members of the faculty and were regularly certified. On arrival in Lebanon word was received that there would be an effort made to strengthen the local team by running in outside men. Tomlinson a local sprinter was named as one of the possible men.

I assured my boys that there would be no danger as the team would not dare to violate the rules of the Association. However, I went to see the principal of the High School, Mr. E. G. Walker, who assured me that all would be as it should be. He said that he did not even know Tomlinson. He had sent the certificate out to the field by the Captain. Fearing that there might be an effort to play men under assumed names, I asked Mr. Walker to be present in order to prevent any such thing. He said that he would be out on the grounds in a short time and that there would be other members of the faculty present. He did not appear on the field.

After a few minutes of play Lebanon scored a touchdown on a fumble after a spectacular run. This run called forth so much praise from the side lines that it was soon learned that the man who made it was none other than Tomlinson.

In the absence of the Principal we demanded of the Captain that Tomlinson be removed and offered to start the game over again with regular men and thus settle the matter among ourselves.

He refused to start the game anew, but agreed to take out Tomlinson saying that he was the only ineligible man in the team. We protested having the score made by an outsider counted; but we continued the game.

At the end of the first half we found out while in conversation with one of the teachers of the schools and from one of the high school teachers, Mr. McClintock, that there were two other boys on the team who were not in high school (Miller and Burns).

We then demanded of the Captain that the men be removed. This he refused to do on the ground that he did not have men to take their place. As to the rules of the State Board of Control they said they did not care as it was the last game of the season anyway.

We continued the game according to interpretation No. 4, page 5 in the Hand Book. The final score was 12 to 5, in favor of Lebanon.

It was so plain that there was no effort made to deny it after the disclosure. I enclose a statement from Mr. McClintock showing that the men played. Of course I did not call for anything else from him. I enclose a copy of the letter that I sent to Mr. Walker from which I have received no answer.

It seems but right that the game be forfeited to us and that Lebanon suffer the most severe punishment possible *i. e.*, suspension for one year.

I am very respectfully,
W. A. JESSUP.

MR. J. T. GILES, Marion, Indiana.

In answer to the charge of Mr. Jessup, of Westfield, I wish to make the following statement:

1. I have found out that there were players representing Lebanon in the game of November 25, who were not members of the Lebanon High School. Whether or not they played under assumed names I do not know.

2. These players were playing without my consent. I should have removed them or stopped the game had I been present.

3. I expected to be present but was unavoidably detained until 3:20. I presumed the game had been finished by that time and did not go out.

4. As I expected to attend, I had given no one authority to act in my stead. Mr. McClintock, a teacher in the L. H. S. was present, but not having been told to act, and being ignorant of the rules, refused to do so.

5. It is to the best of my knowledge and belief, the first attempt on the part of our students (I have been here four years) to act unfairly. It is, further, my belief that they did so because (a) Mr. Jessup refused to give them the line up or names of the players of his school when our team played there. This is in direct violation of Rule 3. (b) After

the game he wrote a brief statement on a card saying that the players of the Westfield High School were eligible to play. Now this statement did not say that the players who played in that game were Westfield players, neither did it give their names. The players from Lebanon were repeatedly told that Westfield was playing men who were not eligible to play. As the names were not given, I could not make definite inquiries. Indeed I did not care to do so.

I therefore ask that Westfield be suspended or expelled from the Association.

In view of the fact that I have not had time to investigate in regard to the players from Westfield, and that I cannot possibly attend the meeting on the above date, I ask that the meeting be held at the time of the holiday meeting.

E. G. WALKER, Principal.

Lebanon, December 6.

MR. GILES:

I have made as plain a statement of the case as I know how to make. I may say frankly that there will be no football, good or bad, played here next year, unless it is modified decidedly. Therefore it is absolutely immaterial to me what action the Board takes, except in so far as discredit comes to me and the school.

I beg to call your attention to the fact that almost every school violates the first statement in Rule 3, and that a large number violate Section 7, notably Shortridge and Manual.

I regret that I cannot be present on the date given. This is the sixth and I have other arrangements made. Surely Mr. Jessup and the Board can wait until Christmas meeting.

E. G. WALKER.

P. S.—I may add that inasmuch as we have not paid our dues by December 1, you have no jurisdiction in the matter.

REPORT OF TREASURER FOR YEAR 1904.

1904	DISBURSEMENTS.	Amt.
