The Next Move

BY E. E. RAMSEY

Any one who has kept in touch with the High School Athletic Association during its history cannot but note the steady and rapid improvement in high school athletics during this period. They have improved in the number of students and schools participating; in the range of athletic activities; in the physical equipment needed for such activities; and best of all in the attitude of school officials and of students toward athletics and especially toward clean athletics. Then the recognition of the true values of athletics is worth mentioning.

Fine as all these points are, however, there is still a step that all our schools need to consider in connection with their athletic programs. The present tendency is in the right direction but it is too slow. The tendency mentioned is to broaden the scope of athletics into physical education so that more and more students participate, in the belief that a well rounded program of athletics and physical education should be the privilege of every pupil in the common and secondary schools. One lesson that the medical examination of the men registered for service in the European war has given us is that we have too large a number of physical incompetents. A partial but very considerable cure for such a condition is such a plan as is given above.

It is not improbable that our athletic programs are too heavy and our physical education program too light. The problem is to be able to put the same amount of equipment, the same energy and enthusiasm, the same good spirit of competition and the same good spirit in competition into a physical program that the Association has been able to build into its athletics. When such a balance is hit upon by the schools, then the crop of boys and girls will show a higher quality of physical fiber that it has shown in the past. The girls as human beings are entitled to the same carefully managed types of nurture—types of course suited to their physical standards—that the boys have.

The two fields of work, athletics and physical education should be so managed that each contributes to the other. The Association can do no better piece of work than to give its support to such a program.

Announcement of I. H. S. A. A. Sectional and Final Basketball Tourneys, 1918

THE SEVENTH ANNUAL

In accordance with the vote of the State Association at the last annual meeting the Board of Control has completed the details for the State Championship Basketball Tourneys and announces the scheme in full.

SECTIONAL TOURNEYS MARCH 8 AND 9

The following bases were used in selecting centers: (1) Location—geographical, and with reference to schools desiring to participate. (2) Railway and interurban facilities. (3) General conditions—attitude of local authorities, floors, entertaining facilities, etc.

Schools have been assigned by Counties with the intention of having about the same number in each Tourney. The following scheme gives the Centers and also the Counties assigned to each Center. The name of your County locates your center. The Board reserves the right to readjust the scheme if unforeseen conditions make it advisable and necessary. The numbers indicate the schools from each county that have expressed their desire to enter at the present time.

Minutes of Meetings of Board of Control

Board of Control Meeting

The Board of Control met in the Claypool Hotel, Indianapolis, at 7:00 o'clock Friday evening, November 8, all members and the Permanent Secretary being present.

The probable dates of the Sectional and Final Tourneys for both Basketball and Track were considered and settled upon provisionally as follows:

Sectional Basketball Tourneys, March 7 and 8.

Final Basketball Tourneys, March 14 and 15.

Sectional Track Meets, May 16 and 17.

Final Track Meets, May 23 and 24.

It was decided at this meeting to pay the Sectional referees \$30.00 for their services and to pay the State Officials \$40.00 for their services in Basketball Tourneys.

It was also agreed to recommend that two foot zones called for by the Basketball rules at each end of the Basketball floors be not used this year.

The matters of professionalism, practice games, time of payment of dues, end of the fiscal years were discussed and certain changes were indicated in the rules. The Permanent Secretary was intructed to go over the rules and draw up statements covering these recommendations so that they might be submitted to the State Association at its next meeting.

The following interpretation was made: A semester is interpreted to mean one-half of a school year.

It was agreed upon by the Board to recommend a penalty be attached to payment of dues after the time specified in the rules and the amount of this penalty was set at \$10.00.

The age limit of students was discussed and the opinion was very general that the time should be cut down to at least the twentieth birthday. Some members of the Board advocated a lower time but the consensus of opinion was on the twentieth birthday and it was agreed to recommend this to the Association.

Board of Control Meeting

The Board met in Bloomington at ten o'clock Saturday morning, Nov. 24, Mr. Denny, Mr. Ramsey, Mr. Johnson and the Permanent Secretary being present.

Mr. Spaulding of Gary came before the meeting to give reasons for the Froebel and Emerson High Schools joining as one school for Football. This whole matter was considered and the following decision was given: Both the Froebel and Emerson High Schools of Gary were suspended until September 1, 1918, for joining as one school during the Football season.

Mr. Groninger of Deer Creek High School was present and gave evidence concerning the Deer Creek-Camden controversy. The correspondence regarding this matter was gone over carefully and the protest filed by Camden was dismissed.

Mr. McReynolds of Brazil and Mr. Hilt of Greenfield were present and gave evidence in the Greenfield-Brazil controversy. The Board decided that the game should stand as played and no further action was taken.

The eligibility of a boy by the name of Clark in the Wiley High School was considered but no decision was rendered because of insufficient data. The Permanent Secretary was authorized to secure more data on this matter.

The Wheatfield-Fair Oaks controversy was considered and the case was dropped because of conflicting opinions as given in the correspondence from both schools.

The Winamac-Medaryville controversy was decided as follows: The Medaryville High School is suspended from the I. H. S. A. A. until January 1, 1918, for playing a boy by the name of Comer who is ineligible. Also the game in question was forfeited to Winamac.

The Roanoke-Churubusco controversy was considered and the Roanoke High School was suspended from the I. H. S. A. A. until September 1, 1918, and if this High School chooses to enter at that time or any future time application must be made in person to the Board of Control. Also the game in question was forfeited to Churubusco.

The Catholic High School at Fowler and the Brook School for Boys at Indianapolis were refused membership in the I. H. S. A. A.

The following resolution was passed by the Board: In case the 1917-18 Basketball Rules provide for a two foot playing zone back of each goal the Board of Control orders that no change be made this season.

2. The Board again went on record as being against the holding of any meets, tourneys, etc., under any auspices other those of the High Schools in the I. H. S. A. A. except such meets and tourneys as are sanctioned by the Board of Control. All members of the I. H. S. A. A. are warned to steer clear of contests not sanctioned by the Board.

3. The Board passed the following: "On account of increased enrollment and extra clerical work involved, the State Athletic Board in its meeting at Indianapolis, December 29, voted Supt. A. L. Trester an extra allowance of \$150.00 per year for his services as Permanent Secretary."

4. The case of Alonzo Goldsberry of Wingate was considered and the Permanent Secretary was instructed to secure complete evidence as a basis for a decision.

5. Loyal Liddy of Linn Grove was disqualified from playing on any High School Basketball team in the I. H. S. A. A. for this season because he played on an independent team against the orders of the school authorities.

6. The Keystone-Liberty Center controversy was settled by suspending the latter school from the I. H. S. A. A. until September 1, 1918, for failure to control the crowd after a game between these two schools.

7. The playing of several practice games among the High Schools of Delaware County was considered and dropped as it could not be shown that any rules were violated.

8. The Napoleon-Holton controversy was dismissed as it was not shown that Holton had violated any of the rules of the I. H. S. A. A.

9. The Fairmount-Hagerstown controversy was settled by requesting Hagerstown to arrange a game with Fairmount, thus satisfying their contract for a game cancelled on account of the cold weather and scarcity of coal.

10. The suspension of the Gary schools was reconsidered and the time of suspension was placed at February 15.

11. The Mooresville-Brownsburg controversy was settled by the promise on the part of Brownsburg to refrain from profane and abusive language and also to arrange for a good clean game at Brownsburg, Friday evening, January 4. The Permanent Secretary was ordered to send a disinterested official to Brownsburg for this game. The contest played at Mooresville Friday evening, November 16, was declared "no game."

12. Representatives from both Garfield and Wiley High Schools gave much evidence that athletic relations between these two schools is a detriment rather than a benefit. The Board voted, therefore, to request Supt. Waits of Terre Haute schools to declare all athletic contests off between these two schools to be resumed at his discretion.

13. The Milltown-Marengo controversy was settled by ordering Marengo to pay the \$10.00 forfeit money called for in a contract on or before January 15. The penalty for non-payment is suspension until paid.

14. The Jackson Township High School at West Point was suspended until June 1 for playing an ineligible man, Earl Marks.

15. The Napoleon-Waldron controversy was settled by forfeiting the game to Waldron and removing all blame from Waldron for refusing to pay the expenses of Napoleon.

16. The Crawfordsville-New Market controversy was settled by ordering New Market to pay Crawfordsville \$10.00 forfeit money on or before January 10. The penalty for non-payment is suspension until paid.

RULE II.

The Board of Control.

The Board of Control shall have jurisdiction of all matters not assigned by these rules to the referee or other game officials.

RULE III.

The Referee.

The referee must decide all questions relating to the actual conduct of the Meet, whose final settlement is not otherwise covered by these rules, and shall have the power to add to or alter the announced arrangements of heats in any event. A referee has no authority, after heats have been drawn and published in a program, to transfer a contestant from one heat to another.

When in any but the final heat of a race a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to culpable carelessness, and shall also have power to allow the hindered competitor to start in the next round of heats, just as if he had been placed in his trial.

When in a final heat a claim of foul or interference is made, he shall have the power to disqualify the competitor who was at fault, if he considers the foul intentional or due to his carelessness or conduct, and he shall also have the power to order a new race between such of the competitors as he thinks entitled to such a privilege.

If during the athletic contest under the rules of the I. H. S. A. A. a competitor shall conduct himself in a manner unbecoming a gentleman or offensive to the officials, spectators or competitors, the referee shall have the power to disqualify him from further competition at the Meet; and if he thinks the offense worthy of additional punishment, must promptly make a detailed statement of the facts to the Board of Control.

Power to change the order of events as laid down in the official program is reserved to the Board of Control, which shall, through its chairman, exercise this authority, unless it sees fit to expressly delegate this power to the referee.

The referee shall not have authority to disqualify any competitor for violation of the eligibility rule of the I. H. S. A. A. All protests as to eligibility made on the field must be referred to the Board of Control, and the protested competitor must be allowed to compete until disqualified by the arbitrator of the I. H. S. A. A.

RULE IV

The Inspectors.

It shall be the duty of the inspector to stand at such point as the referee may designate, to watch the competition closely, and, in case of claim of foul, to report to the referee what he saw of the incident. Such inspectors are merely assistants to the referee, to whom they must report, and have no power to make any decision.

RULE V.

The Judges of the Finish.

The judges of the finish must determine the order of finishing of contestants, and must arrange among themselves as to noting the winner, second, third and fourth, etc., as the case may require, and there must always be two judges, whose duty must be to choose the winner.

Their decision in this respect must be without appeal, and in case of a disagreement a majority must govern.

RULE VI.

The Field Judges.

The field judges must make an accurate measurement and keep a tally of all trials of competitors in the high and broad jumps, the pole vaults, the weight competitions and the discus throws.

They must act as judges in these events, and their decisions must likewise be without appeal. In case of disagreement, a majority must govern. There must be at least three judges for every event.

RULE VII.

The Timekeepers.

The timekeepers must be three in number, and must individually time all events where time record is called for. At the conclusion of each heat, each timekeeper must present his watch to the referee for inspection, and he must decide the official time. Should two of the three watches mark the same time and the third disagree, the time marked by said two watches must be accepted. Should all three disagree, the time marked by the intermediate watch must be accepted.

The flash of the pistol must denote the actual time of starting.

If, for any reason, only two watches are held on any event, and they fail to agree, the longer time of the two must be accepted.

RULE VIII.

The Starter.

The starter must have sole jurisdiction over the competitors after the clerk of the course has properly placed them in their position for the start.

The method of starting must be by pistol report, except that in time handicap races the word "go" must be used.

An actual start is not effected until the pistol has been purposely discharged after the competitors have been warned to get ready.

In case the pistol was not purposely discharged, the competitors shall be called back by the starter by pistol fire.

Note—The starter must have at least two good cartridges in his pistol before starting a heat.

When any part of the person of a competitor touches the ground in front of his mark before the signal is given, it must be considered a false start.

Penalties for false starting must be inflicted by the starter, as follows: In all races to and including 125 yards, the competitor must be put back one yard for the first and another yard for the second attempt; in races over 125 yards and including 300 yards, two yards for the first and two more for the second attempt; in races over 300 yards and including 600 yards, three yards for the first and three more for the second attempt; in races over 600 yards and including 1,000 yards, four yards for the first and four more for the sec-

ond attempt; in races over 1,000 yards and including one mile, five yards for the first and five more for the second attempt; in all races over one mile, ten yards for the first attempt and ten more for the second attempt.

In all cases, the third false start must prevent his competing in that event.

The starter must rule out of that event any competitor who attempts to advance himself from his mark, as perscribed in the official program, after he has been given the warning to "get ready."

RULE IX.

Clerk of the Course.

The clerk of the course must be provided with the names and the numbers of all entered competitors, and he must notify them to appear at the starting line before the start in each event in which they are entered.

RULE X.

The Scorer.

The scorer must record the order in which each competitor finishes his event, together with the time furnished by the referee.

He must keep a tally of the laps made by each competitor in races covering more than one lap, and must announce, by means of a bell or otherwise, when the leading man enters the last lap.

He must draw up a list of the actual competitors in each event, which shall be filed with the papers of the Association, and shall be the official record of competing entrants, and shall be final evidence in the enforcement of Rule III, of the rules of eligibility.

He must control his assistants and assign to them such of his duties as he may deem proper.

RULE XI.

The Marshal.

The marshal must have police charge of the enclosure, and must prevent any but officers and actual competitors from entering or remaining therein. He must control his assistants and assign to them their duties.

RULE XII.

The Official Announcer.

The official announcer must receive from the scorer and field judges the result of each event, and announce the same by voice or by means of a bulletin board.

RULE XIII.

Competitors.

Competitors must report to the Clerk of the Course immediately upon their arrival at the place of meeting, and must be provided by that official with their proper numbers, which must be worn conspicuously by the competitors when competing, and without which they must not be allowed to start.

Each competitor must inform himself of the time of starting, and must be promptly at the starting point of each competition in which he is entered, and there report to the Clerk of the Course.

Under no condition shall attendants be allowed to accompany competitors at the start or during any competition.

RULE XIV.

Track Measurement.

All distances run or walked must be measured upon a line eighteen inches outward from the inner edge of the track, except that in races on straightaway tracks the distance must be measured in a direct line from the starting mark to the finishing line.

RULE XV.

The Course.

Each competitor must keep in his respective position from start to finish in all races on straightaway tracks, and in all races on tracks with one or more turns, he must not cross to the inner edge of the track, except when he is at least six feet in advance of his nearest competitor. After turning the last corner into the straight in any race, each competitor must run a straight course to the finish line, and must not cross to either the outside or inside from such straight course in front of his opponents.

In all races of the I. H. S. A. A. up to and including 220 yards, each competitor must have a separate course marked out and measured, whether races are run straightaway or with turns.

The referee must disqualify from that event any competitor who willfully pushes against, impedes, crosses the course of, or in any way interferes with another competitor.

The referee must disqualify from further participation in the Meet any contestant competing to lose, to coach, or in any way impede the chances of another competitor, either in a trial or a final contest.

RULE XVI.

The Finish.

The finish of the course must be represented by a line between two finishing posts, drawn across and at right angles to the sides of the track, and four feet above which line must be stretched a tape, attached at either end to the finishing posts. A finish must be counted when any part of the winners body, except his hands or arms, touches the tape at the finishing line. The tape must be considered the finishing line for the winners, but their order of finishing across the track line must determine the position of the other competitors.

RULE XVII.

Hurdles.

In the 120 yards hurdle race, ten hurdles must be used, each hurdle to be three feet six inches high. They must be placed ten yards apart, with the first hurdle fifteen yards distant from the starting point, and the last hurdle fifteen yards before the finishing line.

In the 220 yards hurdle race ten hurdles must be used, each hurdle to be two feet six inches high. They must be placed twenty yards apart, with the first hurdle twenty yards distant from the starting mark, and the last hurdle twenty yards before the finishing line.

In making a record it must be necessary for the competitor to jump every hurdle in its proper position.

In all hurdle races of the I. H. S. A. up to and including 220 yards, each competitor must have separate hurdles and a separate course marked out and measured, whether races are run straightaway or with turns.

A competitor knocking down three or more hurdles, or any portion of three or more hurdles, in any race shall be disqualified.

RULE XVIII.

Jumping.

Section 1. A fair jump must be one that is made without the assistance of weights, diving, somersaults, or handsprings of any kind.

In scratch events competitors must jump in order as placed on program.

Sec. 2. The running high jump.—The field judges must decide the height at which the jump shall commence, and must regulate the succeeding elevations.

Each competitor must be allowed three trial jumps at each height, and if on the third trial he shall fail, he must be declared out of the competition.

Competitors must jump in order, as provided in Section 1; then those failing, if any, must have their second trial jump in a like order, after which those who have failed twice must make their third trial jump.

The jump must be made over a bar resting on pins projecting not more than three inches from the uprights, and when this bar is removed from its place by the competitor when trying, it must be counted as a trial jump.

Running under the bar in making an attempt to jump must be counted as a "balk," and three successive "balks," must be counted as a trial jump.

The distance of the run before the jump must be unlimited. A competitor may decline to jump at any height in his turn, and by so doing forfeits his rights to again jump at the height declined.

Sec. 4. The running broad jump.—When jumped on earth, a joist five inches wide must be sunk flush with it. The outer edges of this joist must be called the scratch line, and the measurement of all jumps must be made

from it, at right angles, to the nearest break in the ground made by any part of the person of the competitor.

In front of the scratch line the ground must be removed to the depth of three and the width of twelve inches outward.

A foul jump must be one where the competitor, in jumping off the scratch line, makes a mark on the ground immediately in front of it, or runs over the line without jumping, and must count as a trial jump without results.

Each Competitor must have three trial jumps, and the best three must have three more trial jumps.

The competition must be decided by the best of all the jumps of the competitors.

The distance of the run before the scratch line must be unlimited.

Sec. 5. The pole vault.- A pole must be furnished by the managing committee, but contestants may use their own private poles if they so desire, and no contestant shall be allowed to use any of these private poles except by the consent of their owners. The poles must be unlimited as to size and weight, but must have no assisting devices, except that they may be wrapped or covered with any substance (to obtain a firmer grip,) and may have one prong at the end.

No competitor shall, during the vault, raise the hand which was uppermost when he left the ground to a higher point of the pole, nor shall he raise the hand which was undermost when he left the ground to any point on the pole above the other hand.

The rules governing the running high jump must also govern the pole vault for height, except when the man leaves the ground in an attempt it shall be counted a trial.

RULE XIX.

Putting the Shot.

The shot must be a solid sphere, made of metal, and must weight twelve pounds.

It must be put with one hand, and in making the attempt it must be above, and not behind, the shoulder.

The competitor must stand in a circle seven feet in diameter. The circumference of the circle must be divided into halves by a line drawn through the center of the circle. On four feet of the front half of the circumference a board four inches high must be placed, the edge of which must be equally distant from the intersection of the line with the circumference, and at which the competitor must stand when the shot leaves his hand.

A fair put shall be one where no part of the person of the competitor touches in front of the circle, or on the board, in making the attempt.

A put must be counted as a foul if the competitor steps outside the circle on the board. A competitor must leave the circle by the rear half. Leaving by the front half must be declared a foul.

The measurement of all puts must be made from the nearest mark by the shot to a point on the circumference of the circle on a line with the object mark and the center of the circle.

Foul puts and letting go the shot in making an attempt must be counted as trial puts without results.

A board similar to the one in front may be used at the back of the circle.

The order of competing and the number of trials shall be the same as for the running broad jump. Shots must be furnished by the managing committee. Any contestant may use his own private shot, if correct in weight and shape; in which case the other contestants must be allowed to use it if they wish.

RULE XXI.

Ties.

In case of a tie in any event, the points shall be divided and the place awarded by lot.

RULE XXII.

Relay Racing.

1. A line must be drawn twenty feet in front of each starting line. Between these two lines each runner must touch the succeeding runner. Failure to do this disqualifies the team in that event. The judges must see that all touches are properly made.

2. The same rule with reference to fouls, coaching or impeding a runner in any way, apply to relay racing as to other events.

3. No member of a relay team can run back of the line, nor can one man run two relays in any team.

4. The positions of the team must be drawn for

A school which does not furnish this data shall be denied championship honors, and may be excluded from the Annual Inter-scholastic meet.

Sec. 10. The principal has power and is advised to exclude any contestant who, because of bad habits or improper conduct, would not represent his school in a becoming manner.

Sec. 11. It is recommended that principals, in arranging for games, provide a forfeit of \$10, to be exacted should there be a failure on the part of either party to carry out the arrangements made. maintaining such gymnasiums. No student, however, will be permitted to play on any other team than that representing the organization controlling the gymnasium, and no student will be allowed to play in the teams of the latter without the knowledge and consent of his principal.

Rule 10. Each contestant must have and be maintaining for the current semester, a passing grade in each of three or more studies requiring a minimum of fifteen regular high school recitations per week, exclusive of rhetorical, physical culture, military drill and deportment; in his last preceding semester in school he must also have met the same requirements throughout the entire term.

Pupils enrolled for the first time must comply with the requirements of the rules, the average standing required for the preceding semester being obtained from the records in the last secondary school attended.

Back work may be made up, providing that it is done in accordance with the regular rules of the school and becomes a matter of final record before the next semester.

INTERPRETATION—In each of the studies representing the minimum requirement of work specified above: (a) For the current semester the average of the monthly grades up to the time of certification must be passing; (b) for the current or school month the average of the daily or weekly grades must be passing; (c) if the average of the monthly grades at the beginning of any month is below passing in any study, the pupil is ineligible as far as that study is concerned for the entire month.

Further, such student shall not be eligible until the physician's certificate has been filed with the Permanent Secretary of the Association. Said certificate shall be good from September 1 to December 1, only.

Rule 14. On and after January 1, 1911, no pupil shall be eligible to play football without the written consent of his father, mother or guardian. Said written consent shall be attested by the Principal or Faculty Manager,
