A MESSAGE TO THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION

By

R. M. "Dick" Liechty, President
Board of Control

The Indiana High School Athletic Association is recognized nationally as one of the most progressive in the nation. The Association conducts nine sport championships for the member schools composed of public, private, parochial and institutional high schools of the state. In 1970-71 the IHSAA conducted tourneys and meets leading to a state championship in baseball, basketball, cross country, golf, gymnastics, swimming, tennis, track and wrestling. This is evidence that the Association has assumed the initiative for directing a well-balanced athletic program to meet the needs of all the schools and all students participating in athletics.

We are fortunate to have the highest type of leadership possessed by Phil Eskew, Commissioner; Herman Keller, Assistant Commissioner and Ward Brown, Assistant Commissioner. They have not hesitated to take their stand for the enforcement of our rules and to uphold the philosophy and purpose of the IHSAA. They have possessed the courage to champion some difficult causes. The coaches clinics, rules clinics for officials, district meetings for school administrators and the representation of coaches and athletic directors on the IHSAA sports committees have developed a closer relationship, improved communications and instilled a more thorough knowledge of the Association.

Larger and improved sports arenas, tracks and fields are being constructed over the state of Indiana which will offer many more Hoosiers an opportunity to observe the various sports. These new athletic facilities will provide more high school youth the opportunity to develop physically and mentally as they participate in a sport of their choice; also it will help them to develop the personal characteristics needed in our world of today.

The 25 member Athletic Council is constantly attempting to improve the Constitution and By-Laws of the Indiana High School Athletic Association as it becomes evident that the changes will benefit our youth and member schools. Suggestions and recommendations are always welcome from any of the member school principals. Principals' responsibilities are becoming a greater challenge in our complex society and the furnishing of protection against the exploitation of schools or students; or against curtailing existing inter-scholastic programs is a must.

Many high schools are interested in a more extensive athletic program for girls. To date this extra-curricular phase of girls athletics has been handled by the Indiana League of High School Girls' Athletic Association (GAA). Many women have devoted much time and effort to the growth and development of this league and

its activities. Meets and tourneys are becoming a gigantic responsibility for their volunteer help. Initial steps are being taken by the IHSAA to employ a qualified woman to direct this program from the IHSAA office. The program will be structured and channeled to benefit all girls in Indiana who desire to compete in sports against other schools. The IHSAA believes that each student should have an opportunity to participate in the best possible athletic program in order to more fully develop his talents. We hope that each individual will have the opportunity to become all that he or she is capable of becoming.

CONSTITUTION OF INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION

Preamble

We, who administer athletic programs in the schools of Indiana, in recognizing the constant need for an association to plan, supervise, and administer athletic activities in which schools and students thereof participate, do decree and establish this Constitution for the Indiana High School Athletic Association.

Article I — Name

The name of this association shall be the "Indiana High School Athletic Association." (The abbreviation of this name is understood to be "IHSAA.")

Article II — Purpose

The purpose of this Association shall be to encourage and direct wholesome amateur athletics in the schools of Indiana. In keeping with this purpose the Association shall regulate, supervise, and administer interscholastic athletic activities among its member schools. All such activities shall remain an integral factor in the total secondary educational program. This shall be accomplished by cooperating with all agencies vitally concerned with the health and educational welfare of secondary school students; furnishing protection against exploitation of schools or students; determining qualifications of individual contestants, coaches and officials; and providing written communications to establish standards for eligibility, competition and sportsmanship.

Article III — Membership

Section 1.

- All Memberships Are Voluntary. Any high school in the state may become a member of this Association by meeting the requirements, by subscribing to these rules and regulations, and by paying the annual dues of one dollar and fifty cents (\$1.50) to the Commissioner on or before *September 15* of each year. All memberships expire on *September 15* of each year unless the annual dues are paid.
- Any member that is at anytime unable to voluntarily comply with any and all rules and regulations and final decisions of the Indiana High School Athletic Association, its officers or representatives, by virtue of any order or injunction of any court or for any other reason, is automatically suspended from membership for the duration of such disability without any notice or formal action of the Association, its officers or representatives.

- c. If at any time the Association, its officers or representatives are prohibited or restrained from carrying out any rule, regulation, decision or action of or for said Association in relation to any member by order or injunction of any court or action of any intervening authority, such member, in relation to which the Association, its officers or representatives, are so prohibited or restrained is automatically suspended from membership for the duration of such prohibition or restraint without any notice or formal action of the Association, its officers or representatives.
- d. Any suspension from membership under Section 1b or 1c shall continue until such time as the suspended school and the Association, its officers and representatives, are all again free and able to exercise their own free will and volition without restraint or direction from any authority, except as provided under this Constitution and By-Laws, and a written request for reinstatement may be made by the suspended school immediately.

Section 2.

Full Membership in this Association shall be open to all public, private, parochial, and institutional high schools of the state offering and maintaining three or four years of high school work, provided they meet the requirements of the association and also subscribe to its rules and regulations. A school to be eligible for membership in the IHSAA must be accredited by the State Department of Public Instruction.

Section 3.

Preparatory membership may be extended to any school accredited by the State Department of Public Instruction offering and maintaining school work on the ninth and tenth or tenth grade level with the understanding that such preparatory membership shall extend the privilege of participating in single athletic games, contests, tournaments and meets with other preparatory members. Teams from preparatory members composed of ninth and/or tenth grade students may compete against teams composed of ninth and/or tenth grade students from full members and junior members composed of ninth grade students in single games, contests, tournaments and meets without special restrictions as to the number of teams entered, trial runs, or geographical location within the state.

Such schools are not eligible to enter teams in state tournaments or meets. It must be clearly understood that a preparatory membership is a membership in the Indiana High School Athletic Association that requires the principal to subscribe to all of the rules and regulations of the Association. It is further understood preparatory membership is available only to schools that will become eligible for full membership within a two year period. At the end of the two year period the preparatory membership will be reviewed by the Board of Control.

They may receive tickets for the state final championship basketball tournament and other state final meets at the discretion of the Board of Control.

Students may participate on the following bases:

- a. A student must meet the eligibility rules of the Association in all respects.
- b. Students in the ninth and/or tenth grade in a school having preparatory membership may compete against only ninth and/or tenth grade students from other member schools.
- c. Schools having preparatory memberships in the IHSAA may not use students below the ninth grade on their athletic teams in interscholastic games.
- d. Schools having preparatory memberships may not compete with schools who do not hold membership in the IHSAA, if such schools are eligible for membership.
- e. The principal in a school holding membership is responsible to the IHSAA for the conduct of athletics in that school.

Note: Schools holding preparatory memberships are subject to all rules and regulations of the IHSAA with the modifications given above.

Section 4.

Junior membership may be extended to any school accredited by the State Department of Public Instruction offering the ninth grade, but not eligible for full, preparatory or associate membership. Junior membership shall extend the privilege of participating in single athletic games, contests, tournaments and meets with other junior members. Junior membership also shall permit teams from junior members composed of ninth grade students to compete against teams composed of ninth and/or tenth grade students from full, preparatory and associate members in single games, contests, tournaments and meets without special restrictions as to the number of teams entered, trial runs or geographical location within the state. Schools holding junior memberships are not eligible to enter teams in state tournaments or meets. It must be clearly understood that a junior membership is a membership in the Indiana High School Athletic Association that requires the principal to subscribe to all of the rules and regulations of the Association. Junior members may share in the distribution of tickets to the state final championship basketball tournament and other state final championship meets on a limited basis as determined by the Board of Control.

Section 5.

Associate membership may be extended to any high school accredited by the State Department of Public Instruction and operating as a boarding school, with the understanding that:

- a. Associate membership shall extend the privilege of participating in single athletic games and contests and invitational tournaments and meets, but not in any tournaments or meets conducted for the purpose of determining an official state championship in the IHSAA.
- b. Associate members are bound by all rules and regulations of the IHSAA with the exception that a student who changes schools without a corresponding change of residence on the

part of his parents is eligible as to residence immediately, provided there is no undue influence involved in any way.

- c. Associate members are not privileged to share in the distribution of tickets to championship tourneys and meets or in the distribution of surplus funds to member schools.

Q.1 Who is the responsible party in IHSAA athletics?

A. In the execution of its powers and duties, as designated and authorized in the Constitution of the Indiana High School Athletic Association, the Board of Control presumes that the principal of each member school voluntarily taking out a membership in the IHSAA has secured the consent of his superiors, the administrative head or heads of the school system, to take out said membership and that he, the principal, is the administrative head, not only in name but in fact, of the inter-school athletic activities of the school and of the students in the school.

Wherever and whenever in the IHSAA membership the conditions are found to be such that the school principal is not the administrative head in name and in fact of the inter-school athletic activities of the school and of the students in the school, the Board of Control will consider that the member school has broken its agreement with the IHSAA and has in fact removed itself from the membership in the Association.

The IHSAA Board of Control will assess at its discretion, after a careful investigation has been made, the penalties deemed necessary in all cases in which it is found that the member school principal is not the administrative head, in name and in fact, of the inter-school athletic activities of the school and of the students in the school. - Q.4 May students, who are ineligible for the first team, play on teams of lower ranking?
A. No, ineligibility for one team means the same for all teams.

All contestants in the IHSAA must be amateurs.

Section 2.

Professionalism is defined in the IHSAA as accepting remuneration, directly or indirectly, for playing on athletic teams, for officiating in athletic games or for managing athletic teams; or playing, officiating or managing under assumed names. Any member school student who directly or indirectly signs a professional contract loses his amateur standing and immediately becomes ineligible for all interschool high school sports.

A member school student shall be considered as violating his amateur standing if he participates in athletic activities, schools, tryouts, practices and games held or sponsored by professional athletic organizations, clubs, or their representatives during the season

of a sport or between the seasons of a sport. This rule applies to all sports except baseball and golf during the summer vacation.

Section 4.

Member school students must not play under assumed names, nor accept remuneration directly or indirectly for their playing.

Section 5.

Reasonable meals, lodging and transportation may be accepted by a student if such are accepted in service rather than money or in some other material form.

Section 6.

A member school student shall not be considered as violating his amateur standing if he participates, during the summer vacation, in baseball schools and clinics sponsored by professional major and minor league baseball clubs.

Note—Any employee or school official of a member school who acts as an agent or encourages any negotiations between a high school student and representatives of organized baseball prior to the student's graduation, is violating the Agreement between the National Federation and Organized Baseball. Such action on the part of any employee or school official may cause his school to be suspended from the IHSAA for a period of time to be determined by the Board of Control.

Any evidence that a representative of Organized Baseball is attempting to or has signed a student prior to graduation should be reported to the IHSAA at once. This is a violation of the Agreement between the National Federation and Organized Baseball, and the penalty for such action is under the jurisdiction of Organized Baseball.

Section 7.

A member school student, who has violated his amateur standing according to the rules and by-laws of the IHSAA may apply to the Board of Control for reinstatement as an amateur in the association one calendar year after the date he was declared ineligible on account of the violation, provided he has been in school throughout the year.

The application shall be signed by the student and his school principal, and shall certify that one calendar year has elapsed since the student was declared ineligible and that the student has not violated amateur rules during that calendar year.

* * * *

A. Accepting remuneration, directly or indirectly, for playing on athletic teams, officiating in athletic games or managing athletic teams, or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. (See Rule 5)

Q.2 If a student violates his amateur standing in one sport recognized by IHSAA does he become ineligible for all sports?

A. Yes, a professional in one sport is ineligible for all sports.

Q.3 Should a reasonably definite line of demarcation be drawn between professional athletic activities and high school athletic activities?

A. Yes, there seems to be no justifiable reason for a high school student to participate in professional athletics and also in high school athletics.

Q.4 Should amateurism be defined by the IHSAA for its specific purposes or should the definitions of other organizations be accepted in the Association?

A. Amateurism should be defined by the IHSAA for IHSAA purposes. There is no definition of amateurism acceptable to all organizations.

Q.5 Are member school students permitted to play on teams that split the gate receipts among the players including the high school students?

A. No, this would be considered professionalism.

Q.6 Does a student who receives money for his services as a life-guard or as a caddie jeopardize his eligibility status in high school?

A. No, provided he merely receives reasonable and legitimate wages for services actually rendered.

Q.7 May a student, who has violated his amateur standing be reinstated?

A. Yes, a member school student, who has violated his amateur standing according to the rules and regulations of the IHSAA may apply to the Board of Control for reinstatement as an amateur in the Association one calendar year after the date he was declared ineligible on account of the violation, provided he has been in school throughout the year.

The application shall be signed by the student and his school principal and shall certify that one calendar year has elapsed since the student was declared ineligible and that the student has not violated amateur rules during that calendar year.

Q.8 Does a student violate his amateur status when he signs a college enrollment "Letter of Intent"?

RULE 6 — AWARDS, PRIZES, GIFTS, TRIPS

concerned shall mean that the member school principal in each school shall have real control and supervision without pressure of any kind from outside persons or groups of persons.

Section 2.

Only one sweater, jersey, jacket, blanket or similar article may be given in each sport to a high school student for participation in athletics in each high school in which he may be enrolled.

Section 3.

Awards such as a trophy, metal football, metal basketball, metal track shoe or similar article of symbolic value only may be given in addition to the one award permitted in Section 2, provided the cost of the award shall not be more than the cost of the award in Section 2.

Note—The word "symbolic" shall be understood to refer to a symbol, an emblem or a token rather than to an article having intrinsic value. A diamond ring, a gold watch, an automobile or similar awards do not fall under the term "symbolic" even if the award is duly inscribed. An inscription cannot validate such awards in the IHSAA.

Section 4.

Schools belonging to athletic conferences, or participating in tournaments and meets under the rules of the IHSAA, except in the championship series conducted by the IHSAA, may make awards to the winning school or winning participants, provided such awards are made within the bounds of Sections 1, 2 and 3.

Section 5.

Suitable awards may be accepted by schools and/or students from such local organizations as: service clubs, patriotic organizations, civic groups, dads' and mothers' clubs, and the sports department of a newspaper or radio station. No awards should be accepted which, in any way, advertise any firm or individual so far as commercial or business interests are concerned.

Section 6.

The Board of Control shall have the authority to designate, give and control the medals and trophies to be awarded to the schools and to the individuals on state championship teams in any sport with the understanding that these be kept within the bounds of Sections 1, 2 and 3.

Section 7.

Awards, medals, recognitions, gifts, trips and honors shall not be accepted by players or schools from colleges, universities and higher institutions of learning or their alumni. High school athletes should be permitted to complete their high school careers without being molested by outside sources. The acceptance of travel expenses either directly or indirectly from a college as a prospective student-athlete shall be considered a violation of this rule. (See Rule 16, Section 7 regarding college tryouts).

Section 8.

No member school or student shall accept a championship award unless the championship has been determined by the IHSAA or its member schools. No award of any type shall be accepted from any outside organization designating athletes as having "All-State" or "All-America" status.

Section 9.

Athletic equipment is considered as merchandise. Any student who attempts to evade the rule by "purchasing" a merchandise prize for a nominal or token sum will be considered as having forfeited his amateur standing in the IHSAA.

Section 10.

Penalties for violations of the above rule will be determined by the Board of Control after all the evidence and circumstances have been considered.

* * * *

2. Recipients should be selected by committees on which the principal and school authorities hold the balance of power.
3. All prizes and awards should be limited in number and confined to those reasonable in price and having symbolic value only. Cash or merchandise prizes or awards are not permitted. Awards or prizes of any kind which may be construed as advertising for any individual or firm are not permitted.

4. Purposes should be critically studied so that commercial interests, proselyting interests and interests foreign to good school procedure may be eliminated.

5. Principals shall be expected to know and to execute the rules, regulations and policies to the best of their ability according to their wording and spirit since the giving and receiving of awards shall be done by and with the consent and under the supervision of the principal in each member school.

6. No awards should be made by a "secret committee" of any outside organization, without the knowledge and consent of the high school principal as to the recipient.

Q.6 Is it a violation for a student to compete in an athletic event in which prizes such as merchandise, merchandise certificates, bonds, stamps, cash or articles having intrinsic value are given?

* * * *

Q.2 If a student is expelled from school during a semester and does not finish the semester, could he be considered eligible for the next semester?

- Q.2 May member schools participate in meets and tournaments, in Indiana or in other states, in which more than two schools are entered, if one or more of these schools are non-members of their own state high school athletic association?
- A. No.
- Q.3 May schools belonging to the IHSAA take part in track meets or tourney games outside of Indiana?

All games, meets, tournaments and interscholastic athletic activities participated in by the high schools belonging to the IHSAA must be held under the direct supervision, management and auspices of the member high schools concerned, or under the IHSAA. Inter-state basketball tournaments are forbidden by the National Federation to which Indiana belongs.

RULE 11 — CONTRACTS

Game Contracts

Section 1.

The Association's "Official Contract for Games" must be used for all inter-school athletic contests and must be countersigned by the Principals of the schools involved. See contract form for further stipulations.

Contracts with Officials

Section 2.

"Contract For Contest Official" forms must be completed and properly signed for specific dates by the Principal and official involved. See contract form for further stipulations.

* * * *

- Q.1 Does the suspension or termination of membership of either school in the IHSAA render game and/or official contracts null and void?
- A. Yes, See contracts.
- Q.2 May a member school cancel a contract for an official or game without making settlement?
- A. No, contracts are binding and a settlement by mutual consent or according to the stipulations of the contract must be made.
- Q.3 Is there any penalty for the cancellation of a contract by an official?

- A. The IHSAA expects all approved officials to abide by their contracts and will handle on its merits any case of violation by the school or official.
- Q.4 If contracts specify that first teams shall participate, can second teams be used?
- A. No, it is recommended that contracts specify the ranking of the teams.
- Q.5 If game contracts do not clearly specify the ranking of the teams what ranking is understood as binding?
- A. First team ranking.
- Q.6 Who is the proper official to sign contracts for games?
- A. The member school principal always. This authority shall not be delegated. IHSAA contracts (forms A and B) call for the signature of the Principal.
- Q.7 How may member school principals secure blank contracts for games and officials?
- A. By writing to the Commissioner.

RULE 12 — ENROLLMENT AND ATTENDANCE

Section 1.

No student, who has been enrolled as a high school student in any member school, shall be permitted to participate in any inter-school contest as a member of another member school until he has been enrolled in such school for one calendar year, unless the parents of such student actually change their residence to the second school district. In the latter case, the student will be as eligible as he was in the school from which he withdrew (See Q.4 below).

Section 2.

A student enrolled in one high school of a city or school corporation shall not be eligible in another school of the same city or school corporation until he has been enrolled in the other school for one calendar year, unless there are definitely marked school districts and his parents actually change their residence to the new school district.

Section 3.

Students finishing the courses offered in high schools maintaining less than four years of high school work and transferring, are not bound by sections 1 and 2 above. (See Q.6 below)

Section 4.

The fact that a transfer has or has not been issued, or that the student pays or does not pay his tuition, has no bearing except when the omission of a transfer or payment of full tuition is done for the purpose of unduly influencing a student to enroll for athletic reasons.

Section 5.

No student who has transferred from another high school shall be certified for inter-school athletics until the principal has on file an IHSAA Athletic Transfer Blank, signed by the principal of the school from which the student transferred.

Section 6.

A high school student who is regularly enrolled in three or more high school credit courses may, with prior written approval of his high school principal, enroll in or attend an accredited institution of higher learning for credit that is either acceptable for high school graduation or for college credit. The credit may be counted toward high school eligibility (3 semester hours or the equivalent shall be counted as equivalent to one high school credit).

During a vacation period, a high school student with remaining athletic eligibility may enroll in or attend a program in an accredited institution of higher learning that may give him college credit provided he has prior written approval of his high school principal, a copy of which must be placed on file in the office of the IHSAA.

It is clearly understood the approval is for his attendance. The student is responsible for conducting himself in a manner that in no way violates the rules or the spirit of the rules of the IHSAA.

Note: An accredited institution is one that grants credits that count toward a Baccalaureate Degree.

Section 7.

Enrollment eligibility shall be limited to eight semesters with the understanding that a student who enrolls in the ninth grade for the first time at the beginning of semester two may choose either his first or ninth semester for enrollment eligibility. A mid-year student who participates in any sport during his first semester becomes ineligible for all sports during his ninth semester.

Section 8.

Any student who has been enrolled more than fifteen (15) school days between September 1 and December 1 for four previous times, shall be ineligible for all fall sports.

Section 9.

Any student who has been enrolled more than fifteen (15) school days between December 1 and March 1 for four previous times shall be ineligible for all Winter sports except a student who entered high school for the first time during the second semester of a school year and who did not participate in any game during this semester, shall not be ineligible for basketball until he has been enrolled thereafter fifteen (15) or more school days between December 1 and March 1 for four times.

Section 10.

A student who has participated in one or more inter-school athletic contests, and who is forced to withdraw from school for the

semester during the first fifteen (15) school days because of a disability incurred in connection with athletics, shall not be considered as having participated for that semester. The disability shall be certified to by a physician licensed to practice medicine in Indiana.

Section 11.

Any student who has been enrolled more than fifteen (15) school days between March 1 and June 1 for four previous times, shall be ineligible for baseball, track, golf, tennis and other spring sports with the following exception: a student who entered high school for the first time at the beginning of semester two, may be enrolled five times of fifteen or more school days each between March 1 and June 1 and be eligible for spring sports during the last four times provided he did not participate in spring sports during his first semester of enrollment.

Section 12.

A student who withdraws from school for the semester within the first fifteen (15) days of school without having participated in an inter-school athletic contest, shall not be considered as having had an opportunity to participate that semester.

Section 13.

In order to be eligible for athletic competition during any semester, a student must have entered some high school within the first fifteen (15) school days of the semester in which the contest occurs.

Section 14.

Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have been enrolled, then enter the new school in the district in which their parents reside with residence eligibility in each school during enrollment therein.

A student who resides with his parents and attends high school in their residence district may remain as a student with eligibility in athletics in this high school even though his parents move to another school district, provided no undue influence is attached to the case in any way. (This rule is primarily to enable seniors to remain in the school in which they enrolled and remain eligible to compete in athletics when it is impractical for them to move with their parents.)

In every instance when the parents of an underclassman move, or plan to move, the principal must inform the parents of the IHSAA rule and if the athlete remains in the school after the end of the semester in which his parents move from the school district, it shall be the duty of the principal to obtain IHSAA approval before he is certified for athletic eligibility. The principal shall report the circumstances and reasons why he remained in the school district on the form (Form J) prepared for that purpose. This report shall be sent to the IHSAA office and to the principal of the high school in the district to which the parents moved. A student is not eligible during his next semester until his residence eligibility report has been approved by the IHSAA. (Eligibility approval should be requested prior to the semester in which eligibility is desired.)

Section 15.

Change of residence as used in these rules shall mean a bona fide move about which there is no question. If the case is that of a change of residence of parents, the change shall be definite and complete.

Section 16.

Foreign exchange students and students of parents assigned to foreign countries may be considered for residence eligibility by the Board of Control.

* * * *

Q.1 What is a five-year man?

A. Students who have been enrolled in high school for more than fifteen (15) school days between September 1 and December 1, or between December 1 and March 1, or between March 1 and June 1, for four previous times are ineligible respectively, for football, basketball, wrestling and spring athletics, with the following exceptions:

A student who enters high school for the first time at the beginning of semester II of any school year, may be enrolled four times of fifteen (15) or more school days each between December 1 and March 1 following this first semester of his enrollment, and he may be eligible for basketball for these four seasons provided he does not play in any game during his first semester of enrollment. A student, who enters high school for the first time at the beginning of semester II, may be enrolled four times of fifteen (15) or more school days each between March 1 and June 1 following this first semester of enrollment, and he may be eligible in spring athletics for these four semesters, provided he does not participate in spring athletics during his first semester of enrollment. Participation in a sport in a school year counts as participation in that sport for one school year.

Q.2 May a student, who has been in high school four full years, but who has not participated in any athletics, participate in athletics?

A. No, enrollment rather than participation is the determining factor in such cases.

Q.3 Which is the determining factor in eligibility—enrollment or participation?

A. Either one may cause ineligibility. Both are factors and must be considered.

Q.4 If a student changes high schools, when is he eligible?

A. He is just as eligible in the new school as he was in the old school, provided his parents actually, legitimately and correspondingly change their place of residence to the new school district and provided the student changes high schools at that time. Students whose parents change their place of residence during a semester, may complete the semester in the school in which they are enrolled. If the parents do not

actually change their place of residence to the new school district, the students will be eligible after they have been enrolled one calendar year in the new school, provided no undue influence is used by any person to secure them as students or their parents as residents. See "undue influence" rule.

- Q.5 What is considered enrollment in a semester?
A. Attendance for any length of time or enrollment that may be considered attendance for any length of time (See exceptions under Sections 10 and 12 above)
- Q.6 When are students, who finish the work given in one member school, eligible in another school?
A. Students finishing the work in a member school giving less than four years of high school work are just as eligible in a new school as they were in the old school. Students who complete the ninth grade in a junior high school in a school corporation that also maintains a senior high school are not considered eligible if they enroll in a high school outside their regular high school district.
- Q.7 Does the fifteen (15) day enrollment requirement mean school or calendar days?
A. School days.
- Q.8 If a student fails in all subjects for a semester does his enrollment count as a semester?
A. Yes, enrollment is enrollment and always counts as such.
- Q.9 Is a student, who has been out of high school for a semester or more and who has played independent ball during that time eligible when he enters school at the beginning of a semester?
A. Yes, unless he violated his amateur standing in some way by playing on the independent team and provided he is eligible in all other ways.
- Q.10 Are legal guardians considered as parents in the IHSAA?
A. Legal guardians may be considered as parents if the guardianship papers issued by an authorized court are submitted and approved, and if the student has been living with the guardian. The Board of Control reserves the right to check and act on the circumstances of a guardianship at all times.
- Q.11 Are all students, who attend school outside the school district in which their parents live, required to present legal transfers or pay the regular tuition?
A. Check this matter with the Fiscal Officer of the State Department of Public Instruction. The report on aggregate attendance calls for definite information about transfers and tuition cases.
- Q.12 What is considered the first day of school?
A. The first day of school is the first day on which attendance is counted and for which teachers are paid.

Q.13 If a student misses school for a few weeks in order to work is he eligible during this time and when he returns?

A. This is a school problem and must be answered by the consideration whether regular school work to the extent of twenty hours is being maintained or not. Usually students who miss school are not passing in their school work.

Q.14 When is a student, who intends to enter high school, eligible?

A. When he actually enrolls, provided all other requirements have been met.

Q.15 How long may a student be enrolled in a semester then drop out without the semester being counted under the Scholarship Rule?

A. Within the first fifteen (15) school days of the semester, provided he was eligible when he withdrew.

Q.16 If a student is passing in four regular high school subjects when he drops out during a semester, may he be considered eligible under the Scholarship Rule at the beginning of his succeeding semester of enrollment?

A. No, such a student would not meet the requirement of passing in four regular high school subjects throughout the last semester of enrollment (See exception, under Sections 10 and 12 above)

Q.17 Between the first day of practice and the 1st day of school a student

1. Turns in his completed Parent and Physician slip
2. Participates in practice.

3. Then enrolls in a different school without a corresponding change of residence by parents. Is he eligible?

A. No, he is considered as declaring his intent to enroll where he first practiced and is ineligible for one calendar year.

RULE 13 — GRADUATES

Section 1.

Graduates are not eligible. A student is a graduate of a high school when he has completed the work required for graduation by that school and has received his diploma provided the school offers four years of work.

* * * *

Q.1 May a student, who receives his high school diploma, be eligible afterwards?

A. No, the granting and acceptance of a high school diploma makes the student a high school graduate. (See exceptions under Rule 16 Q. 9)

Q.2 Who is a graduate?

A. A graduate is a student who has finished his high school work and has received his high school diploma. Students who have completed sufficient work to receive a diploma, but who continue in school until commencement, must be considered eligible or ineligible according to all other rules of eligibility, such as age, time in school, participation, work carried, etc.

RULE 14 — MARRIAGE

Section 1.

Students who are or have been at any time married are not eligible for participation in interschool athletic competition.

RULE 15 — OFFICIALS

Section 3.

The Board of Control shall drop from the approved list of officials any persons who are visibly unfair and incompetent in their officiating or who do not serve the ideals and policies of the IHSAA. Disbarment letters shall be given to such officials and their names shall be published in the bulletins of the Association. The Board of Control has the authority to refuse approval or reregistration of officials for just cause.

Section 5.

Approved officials in the Indiana High School Athletic Association will be classified into two groups: Registered and Certified.

Section 6.

Women may become approved officials with the Indiana High School Athletic Association.

Section 7.

Section 8.

Approved officials may not play with or against high school students during the school year.

Section 9.

A school using an official who is not approved by the IHSAA shall be suspended for a period not to exceed one calendar year.

Section 10.

The membership year for approved officials is from July 1 to June 30 each year. All membership cards issued prior to July 1 each year are void as of that date. Principals should not use officials whose names do not appear in the printed lists or who cannot show membership cards issued for the current membership year. Be sure to check all officials carefully and require identification in all doubtful cases. Read membership cards carefully to know sports covered, name, validity and signature.

Section 2.

A student, who has played in one or more inter-scholastic games in any season shall be regarded as having engaged in athletics for that season. (See Exception, Rule 12, Section 10)

Section 3.

A student who has participated in an interscholastic contest any one semester when ineligible is ineligible the remainder of that semester and all of his next semester in school.

Section 4.

A member school student who participates for demonstration purposes, or otherwise, in a coaching school or clinic outside the State of Indiana becomes ineligible for inter-school athletics for a period of time as may be decided by the Board of Control. Such participation within the State of Indiana requires advance approval by the Commissioner.

A tryout or demonstration of athletic ability as a prospective student-athlete for a college shall be considered a violation of this rule.

Section 8.

All playing on independent teams should be checked carefully and frequently. Managers of independent teams should be warned of the dangers of using high school boys on teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned. (See Rule 24, Section 5 regarding independent baseball)

* * * *

Q.1 Is an alumni game considered a game?

A. Yes, such must be counted as one of the games permitted on the regular schedule.

Q.2 What is considered an "inter" game or an "inter-scrimmage?"

A. Participation of students in an athletic contest with or against players not belonging to their school constitutes a

game. A "scrimmage" or practice by students with or against teams or players not belonging to their school is considered a game.

- Q.3 Is a game between the faculty members and the member school students of a member school considered an intra-mural game or interschool game?
- A. An Intra-mural game.
- Q.4 What constitutes an "intra-mural" contest?
- A. When all participants on both teams are members of your school, e.g., faculty, students, class tourney will-be, has-been, etc.
- Q.5 Is an intra-mural contest interpreted by IHSAA as a practice or a game?
- A. A practice.
- Q.6 When may a student (athlete or non-athlete) participate in an intramural sport without affecting his eligibility?

Section 4.

PROBATION is a more severe type of warning. The school may continue its regular schedule and participate in tournaments only after filing a written report with the Commissioner listing measures to be taken to alleviate the problem.

* * * *

- Q.1 This question is often asked: "What will be the penalty for violation of such and such a rule?"
- A. Penalties in the IHSAA are not assigned in advance, as this democratic organization is built on the idea that the observance of its rules and regulations is more to be desired than the enforcement of them. The IHSAA believes that the essence of proper and willing observance is higher than enforcement and that we should resort to enforcement only when observance fails.

RULE 18 — PROTESTS

Section 1.

When a contestant, official, game or decision is protested, the game shall be played as scheduled and the protest, with evidence, then filed with the Commissioner.

Section 2.

In cases of disputes or protests involving a student, the Principal of the school involved must furnish the Board of Control the following data on the contestant in question: number of years of participation; date and place of birth; average mark in each subject for the preceding semester; average mark in each subject from the beginning of the current semester; etc. Other pertinent information will be requested as needed.

Section 4.

If, after receiving such protests, it is determined that information has purposely been withheld until an "advantageous" time, the Board of Control may, at its discretion, deny the protest.

RULE 19 — REGULATIONS AND INTERPRETATIONS

The Athletic Council may make regulations and the Board of Control may make interpretations (and tournament rules) to promote the aims and interests of this Association.

RULE 20 — SCHOLARSHIP

Section 1.

Each contestant must have and be maintaining for the current semester, a passing grade in each of four or more subjects requiring a minimum of twenty regular high school recitations per week, exclusive of rhetoricals, physical training, military drill and deportment; in his last preceding semester in school, he must also have met the same requirements throughout the entire semester.

Military Science and Tactics may be accepted for scholarship eligibility, provided it is approved by the State Department of Education as a full-time, solid subject; that it may be counted toward graduation from high school; and that it cannot be substituted for required courses in physical education.

Note: Schools having lengthened periods must meet the time equivalency.

Interpretation

The part of Rule 20, Section 1 reading, "... a passing grade in each of four or more subjects requiring a minimum of twenty regular high school recitations per week" is interpreted to mean—"a passing grade in each of four regular high school subjects having a full semester value and for which a full semester credit is given." The combination of *four* subjects, not excluded in this Rule, which total credit value is equal to *two* full semester credits, may be counted toward eligibility for *two* and only *two* of the four regular high school subjects of full semester credit value, provided the *four* combined subjects remain the same subjects throughout the semester in which they are counted.

A regular high school course granting two credits for the semester due to the fact that additional time and study are required to meet academic requirements, may be counted as equivalent to two subjects.

Section 2.

Students enrolled for the first time must comply with the scholarship requirements of the rules, the average standing required for the preceding semester being obtained from the records in the last secondary school attended.

Section 3.

In each of the subjects representing the minimum requirement of work specified in Section 1 above, the following shall govern:

- a. for the current semester the average of the period grades up to the time of certification must be passing;
- b. for the current or school grading period the average of the daily or weekly grades must be passing;
- c. If the average of the period grades at the beginning of any grading period is below passing in any subject, the pupil is ineligible as far as that subject is concerned for the entire grading period.

Note: Each school will establish consistent grading periods within a semester and within the school year. Student scholastic eligibility will be determined at the time when grades or credits have been made a matter of final record in the principal's office but no later than noon of the fifth school day following the end of such determined grading periods. The principal shall certify these specific dates to the IHSAA on his membership card.

Section 4.

Scholastic deficiencies caused by the inability of a student to take or pass four regular subjects in the previous semester may be made up in night school, summer school, or correspondence school and counted toward eligibility provided:

- a. it be done in a regularly approved school or according to procedures approved by the State Department of Public Instruction.

- b. no more than two credits be given for work done during the summer months.
- c. all work be done and the credits be made a matter of final record in principal's office prior to the opening date of the semester in which eligibility is desired. This does not apply to incompletes.
- d. all work and credits be bona fide in every way and certified as such by the high school principal. In all other cases, the record at the end of the semester shall be final. Deficiencies in one semester cannot be made up in a subsequent semester for qualification purposes during that semester.

Section 5.

An incomplete or condition at the end of a grading period or semester counts as a failure until deficiency has been removed, providing such is removed before the end of the following grading period or summer, *whichever comes first*.

Section 6.

Passing work is meant work of such character that credit should be entered on the school records were credit given at the time of certification.

Section 7.

A student who withdraws from school for the semester within the first 15 days shall not be considered ineligible as to scholarship at the beginning of his next semester of enrollment, provided he was eligible when he withdrew.

Section 8.

Any student who carries at least fifteen hours of regular high school work is a high school student, provided such a student has been promoted to high school in the regular way and according to good school procedure.

* * * *

Q.1 May back work be made up and counted toward eligibility?

A. Yes. Back work cannot be made up however, during a grading period or semester for eligibility during that grading period or semester. Special privileges should not be granted to athletes.

Q.2 Is a student, who has made sufficient credits to graduate at the end of semester one, eligible for athletics during semester two?

A. Yes, provided he is eligible in all other respects and does not actually graduate at the end of semester one. Such a student must carry regular work during semester two.

Q.3 May a credit in "Physical Fitness" be counted toward eligibility in athletics?

A. No. See Section 1 above which specifically excludes "physical training" as a subject to count toward eligibility in ath-

letics. The Board of Control has ruled that "Physical Fitness" comes under the term "physical training" as used in this Section.

- Q.4 Does summer school work in a school other than his home school jeopardize the standing of a student?
- A. No, provided the work is accepted by the State Department of Public Instruction and the home school authorities recognize the work of a non-home school for credit. In fact, the IHSAA recommends summer school work of an approved type for students needing credits.
- Q.5 If a student fails to pass in four regular high school subjects during semester two, may he count work done in summer school toward eligibility?
- A. See Section 4 above.
- Q.6 Does the IHSAA have a passing mark for scholarship?
- A. No, the passing marks of the schools are usually honored, but the Board of Control reserves the right to check the validity of grades and credits and to act on their findings.
- Q.7 To determine eligibility, what constitutes the last semester?
- A. The last semester for any student is the last semester in which the student was enrolled in any school for any length of time after the first fifteen (15) school days.
- Q.8 At the end of the second grading period in a semester, is a student eligible if he makes passing grades in four regular high school subjects for this period?
- A. In order to be eligible at the end of any grading period in a semester, a student must have passed in four regular high school subjects for the current grading period and his average grade in each of four regular high school subjects for all of the grading periods in that semester must be passing. A student must MAINTAIN his work in order to be eligible—weekly, by grading periods and by the semester.
- Q.9 Is a "condition" or an "incomplete" considered a "pass" in the IHSAA?
- A. No, the IHSAA considers a "pass" to mean that all work has been done and has been made a matter of final record in the principal's office, at the end of the grading period or semester. See Section 5 above.
- Q.10 Is a student, who carries three regular high school subjects and one or more eighth grade subjects, considered a high school student?
- A. Yes, a student who carries fifteen hours of regular high school work is a high school student, providing such a student has been promoted to high school in the regular way. Such a student would be considered enrolled in high school but would not be eligible because of insufficient subject matter.
- Q.11 Is a student who has been ineligible for a semester on account of scholarship eligible for the night of the last day of the semester?
- A. Yes, provided he has passed in four regular high school subjects and his credits have been made a matter of final

record in the principal's office prior to the contest. See Section 3 Note above.

- Q.12 What constitutes scholarship eligibility?
- A. In order to be eligible for a current semester a student must have passed in four regular high school subjects in his last semester of enrollment in any high school and he must be maintaining a similar amount of work for the current semester. This statement for semesters applies to grading periods of the semester also.
- Q.13 If a student becomes ineligible on account of scholarship at the end of a semester, does this make him ineligible for one whole semester afterwards?
- A. Yes.
- Q.14 If a student becomes ineligible at the end of a grading period in a semester, when can he become eligible?
- A. At the end of the next regular grading period in that semester provided he passes in four regular high school subjects during the grading period and also provided his average in each subject for all grading periods of the semester is passing in a similar amount of work.
- Q.15 If a student becomes ineligible on Friday at the end of a grading period, is he eligible for that night?
- A. No, a student is ineligible whenever he becomes ineligible. See Section 3 Note above.
- Q.16 If a student becomes eligible on Friday at the end of a grading period, is he eligible for that night?
- A. Yes, a student is eligible whenever he becomes eligible. See Section 3 Note above.
- Q.17 When is a student maintaining his work during a semester?
- A. When he is passing in four regular high school subjects during the current week, the current grading period, the last grading period and for all grading periods of the semester according to averages.
- Q.18 If a student fails to pass in four regular high school subjects during the last grading period of a semester but earns credits in four regular high school subjects for the semester, will he be eligible at the beginning of the first grading period of the next semester?
- A. Yes, the books are considered closed at the end of the semester.
- Q.19 If a student passes in four regular high school subjects during the last grading period of a semester but fails to earn credits in four regular high school subjects for the semester, will he be eligible at all for the next semester?
- A. No.

RULE 21 — SEMESTER

One half of a school year constitutes a semester and parts of two semesters or a part of one semester does not make a semester.

RULE 22 — TRANSFERS

Also see Rule 12—Enrollment and Attendance.

Section 1.

No student who has transferred from another high school shall be certified for inter-school athletics until the principal has on file an IHSAA Athletic Transfer Blank signed by the principal of the school from which the student transferred.

Section 2.

If a student transfers from one school of a city or school corporation to another of the same city or same school corporation, he shall be ineligible for participation for one calendar year unless there are definitely marked districts and his parents actually change their residence to the new school district.

Section 3.

If a student transfers from one member school to another member school and his parents actually change their residence to the second school district, he shall be as eligible as he was in the school from which he withdrew.

Section 4.

If a student enters a school other than the public school in his home district in which his parents reside and then transfers to his home school, he must attend for one calendar year to become eligible. Likewise, he would have to attend one calendar year to become eligible if he attended a school not in his home district and transferred to a non public or public school located in his home district.

Section 5.

If a student transfers from one non public school to another non public school in the same district, he shall be ineligible for one calendar year whether parents move or do not move.

Section 6.

Unavoidable Change of Residence. A student who, because of unavoidable circumstances such as the death of the parents or guardian, finds it necessary to change residence from one school district to another in order to have a home, may be declared eligible by the Board of Control, provided the principal of each member school files a statement, with supporting evidence, with the Board of Control as proof that the change was necessary and that no undue influence was attached to the case in any way. If any action of a legal agency is to be submitted as evidence of unavoidable change of residence, such action should be taken prior to the student's enrollment in the new school.

* * * * *

Q.1 If a student transfers from a member school located in one city or school district to a school in another city or school district, how is his eligibility determined?

A. By applying Rule 22 above. Following are some statements which will help to clarify this rule:

- a. Under normal circumstances, a student usually attends high school in the district where his parents reside.
- b. If the parents move to another school district, the student is eligible as follows (a) if he changes schools at the same time parents change residence, (b) if parents change during a semester, the student may change at the end of that semester, but no later and (c) student need not change schools at all, provided no undue influence is used to retain him there. An underclassman who does not transfer is ineligible until a "Residence Eligibility After Parents Move From District" form has been reviewed by the IHSAA.
- c. A student who changes schools without a corresponding change of residence by the parents is ineligible for one calendar year—but if the parents actually change their residence to the new district within the year, the student becomes eligible immediately.
- d. If a student attends a school outside his home school district and subsequently returns to his home school, he is ineligible for one calendar year. This also includes military, private, and religious schools which offer work on the secondary school level.
- e. A student who changes schools because of unavoidable circumstances such as the death of a parent or guardian may be declared eligible by the Board of Control, provided the principal of each school concerned signs a statement that the change was unavoidable, in order that the student have a home. Each case is checked carefully before a decision is made by the Board of Control.
- f. If a student changes schools because of an action by a legal agency taken before the change is made, a copy of such legal action may be filed with the IHSAA in connection with proof that the change of schools was unavoidable.
- g. A student, whose parents are separated or divorced and reside in separate school districts, may choose residence with either parent with residence eligibility. Once his place of residence has been determined, either by order of the court, or mutual agreement of the parents, he cannot change residence to the home of the other parent without losing eligibility for one calendar year.
- h. A student who has been enrolled in Indiana Boys' School may return to his home school with the same residence eligibility as when he left. Credits earned in the state school are considered the same as those earned in any other high school so far as eligibility is concerned.
- i. It is the duty of the principal to check carefully the record of every student who transfers from another school. The principal should also advise the students who contemplate making a change of schools as to the rules of eligibility regarding transfers.

- Q.2 May practices in one school be counted as such in another school where a student changes schools?
- A. Yes, provided definite proof of the practices are on file from the principal of the school in which the practices were held.
- Q.3 When parents contemplate changing their residence soon to another school district, may a student transfer in advance and be eligible for competition?
- A.(1) He may transfer but will be ineligible for competition until parents definitely change their residence to the second school district.
- A.(2) In such cases the Principal shall inform the student and parents that, if for any reason they do not move and student returns to first school, he shall be ineligible for one calendar year.

RULE 23—UNDUE INFLUENCE

Section 1.

The use of undue influence by any person or persons to secure or to retain a student or to secure or to retain one or both of the parents or guardians of a student as residents, may cause the student to be ineligible for high school athletics for a period subject to the determination of the Board of Control and shall jeopardize the standing of the high school in the IHSAA. By action of the Athletic Council and Board of Control, this rule is interpreted to include any undue influence that may be exerted by anyone on a student who has not yet entered the ninth grade, to enroll in a school other than his home school or the one he ordinarily would be expected to attend or any school where he and/or his parents previously had filed a choice of subject matter card or other written evidence of preliminary enrollment or registration.

Section 2.

No member school student shall be eligible to participate in any interschool contest under the rules of the IHSAA, if it shall be shown that he or any member of his family is receiving any remuneration, either directly or indirectly, to influence him or his family to reside in a given school district in order to establish eligibility on the team of said school, and any school permitting such participation shall, upon satisfactory evidence, submitted to the Board of Control, be suspended from membership in the IHSAA for a term of not less than one year. This rule shall not interfere with the right of high school pupils to work during vacation or during out of school hours in order to earn their way through high school. It shall apply to the use of any funds created by gift, or by subscription with the intent of offering them parts of them for the free use of the player or any member of his family as an inducement to get them to change their residence to the district of the said school and to maintain residence therein.

* * * *

- Q.1 Is it the duty of the IHSAA to prove that undue influence has been used?

- A. No, the member school principal has agreed to conduct his athletic activities according to the rules and regulations of the IHSAA. Where there is a question, it is the duty of the high school principal to meet the question. He cannot certify that his students are eligible unless he knows that they are eligible.
- Q.2 Why should a school be penalized because some person outside of school uses undue influence?
- A. Usually a school is not penalized unless it is involved or uses the student in question in athletics. In the second place, the results are the same whether some person in school or some person outside of school uses undue influence: An athlete that has been retained or secured through the use of undue influence and the school that uses such an athlete on teams in inter-school athletic competition profits by the use of undue influence.
- Q.3 What constitutes the use of undue influence in the IHSAA?
- A. An all-inclusive answer for all time and under all conditions cannot be given, but the use of any of the following inducements may come under the rule:
1. Offer or acceptance of money or other valuable consideration.
 2. Reduction or remission of regular tuition.
 3. Waiving the requirement of legal transfers according to law.
 4. Offer or acceptance of board, room or clothing.
 5. Offer or acceptance of remuneration for work in excess of amount regularly paid for such service.
 6. Free transportation.
 7. Transportation by coach, principal, teacher or school official.
 8. Offer of acceptance of school privileges or considerations not granted to other students.
 9. Making home with coach, principal, teacher or school official.
 10. Free rent or reduced rent for parents.
 11. Offer or payment of moving expenses of parents.
 12. Any inducement to get parents or students to change residence for athletic reasons.

RULE 24 — BASEBALL

Note: See Rule 9 which applies to all sports.

Section 1.

The National Alliance Edition of Baseball Rules shall govern in baseball.

Section 2.

The baseball season is defined as beginning and ending with the school year. (*Exceptions—See Rule 24, Sections 5 and 7*)

Section 3.

There shall be ten separate days of organized practice in baseball under the direct supervision of the high school coaching staff by each player preceding participation in interschool contests. Only one practice may be counted for any one day.

Section 4.

A pitcher may not pitch in more than ten innings in any three consecutive calendar days. This period begins when he officially enters the game as a pitcher.

Section 5.

Independent Summer Baseball

a. High school students may play on independent baseball teams during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA provided they do not play under assumed names and also provided they do not accept remuneration, directly or indirectly for their playing, and providing their school is not still competing for conference awards.

b. Reasonable meals, lodging and transportation may be accepted by the students if such are accepted in service rather than in money or in some other material form. The IHSAA expects all high school students to so conduct themselves at all times that they, their high school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

d. High school students, who play on baseball teams other than their high school teams during the school year, make themselves ineligible for baseball in high school in that school year.

e. High school students, who play on baseball teams other than their high school teams during the school year, must have written permission of their high school principal on file in the principal's office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the high school principal. See Note at end of next sub-section.

f. The IHSAA considers that a member school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the high school principal in each case.

Note 1: Permission granted by a principal to a boy to play baseball on a team other than his school team during the school year makes the boy ineligible for the school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the principal informed about his students.

Note 2: It is not considered a violation of present IHSAA rules for a member school, during the summer vacation period, to sponsor

a team composed entirely of its own students in such sports as baseball, softball, tennis and golf. While an athletic contest conducted under this interpretation would be similar to that of other independent amateur organizations, it is recommended that participating schools, through their principals, mutually agree to abide by IHSAA rules except for modifications as may be necessary.

Section 6.

A member school student shall not be considered as violating his amateur standing if he participates, during the summer vacation, in baseball schools and clinics sponsored by professional major and minor league baseball clubs.

Note—Any employee or school official of a member school who acts as an agent or encourages any negotiations between a high school student and representatives of Organized Baseball prior to the student's graduation, is violating the Agreement between the National Federation and Organized Baseball. Such action on the part of any employee or school official may cause his school to be suspended from the IHSAA for a period of time to be determined by the Board of Control.

Any evidence that a representative of Organized Baseball is attempting to or has signed a student prior to graduation should be reported to the IHSAA at once. This is a violation of the Agreement between the National Federation and Organized Baseball, and the penalty for such action is under the jurisdiction of Organized Baseball.

Section 7.

High School students playing on their high school baseball team during the summer while their team is still competing for conference awards make themselves ineligible by participating on any other baseball team during that time.

* * * *

Q.1 Does a high school student violate the rules of the IHSAA by playing independent baseball during the summer?

A. High School students may play independent baseball during the summer months when school is not in session without jeopardizing their standing in high school, provided they do not accept remuneration, directly or indirectly, and also provided they do not play under assumed names. Reasonable meals, lodging and transportation may be accepted by such players if accepted in service and not in any other way. All such playing should be checked by principals. (See Rule 24, Section 5).

(Note: This answer applies to other summer sports, not having definite seasons, provided other rules and regulations of the IHSAA are observed.)

Q.2 Is a student, who plays on an independent baseball team during semester one, ineligible for high school baseball during semester two?

- A. Yes, such a student is ineligible for baseball for semester one and two as baseball is a school year sport.
- Q.3 If a student plays on an independent team in baseball or softball during the school year, does he make himself ineligible for baseball in high school?
- A. No, he makes himself ineligible only in the sport in which he participates on an independent team, provided he does not violate his amateur standing in some way.

RULE 25 — BASKETBALL

Note: See Rule 9 which applies to all sports.

Section 1.

The Official Rules of the National Basketball Committee of the United States and Canada shall govern basketball.

Section 2.

All games other than first-team games shall be played in quarters of six minutes in length.

Section 3.

The maximum number of games for the regular schedule of any team in basketball shall be eighteen. (The penalty is suspension.)

- a. A player may participate in a maximum of seventy-two quarters of interschool basketball, and one invitational tourney during any one season. No player may participate in more than four quarters in any one session. If a player participates in two invitational tourneys, the quarters played in one tourney, shall be included in the seventy-two quarters permitted during the season.
- b. A record of the quarters played in basketball by individual players shall be kept on file in the principal's office at all times for his information in certifying eligibility of players.

Section 4.

"Donkey Basketball," "Skruball," "Skateball" or any similar game in which a basketball and/or basketball goals are used shall be considered a game of basketball. High school students who participate in "Donkey Basketball," "Skruball," "Skateball" or similar games, shall be subject to IHSA eligibility rules as in regular basketball games.

Section 5.

No inter-school basketball games shall be played by students or schools prior to November 1 of each year or after the closing date of the sectional tourneys of the State Basketball Championship Series each year, except by such students and such schools as are participants in the tourneys of the State Basketball Championship series; and the close of the basketball season for these students and schools

shall be not later in any event than the date of the Final Tourney or not later than the elimination of the school in one of these tourneys if earlier than this final tourney date. The penalty is suspension.

Students playing independent, league, recreation or organized basketball games, before November 1 or after the closing date of the Sectional Basketball Tourney of the State Basketball Championship series, make themselves ineligible for all interscholastic athletics until the closing date of the State Basketball Championship Tourney of the following year. A prospective student-athlete who engages in a practice, scrimmage, tryout or otherwise demonstrates his athletic ability either on or off the campus for a college shall be considered in violation of this rule.

Section 6.

All organized or formal basketball practices by players or teams shall be limited to the period beginning October 1 and ending with the date of the State Final Championship Basketball Tourney each school year.

Section 7.

There shall be ten separate days of organized practice in basketball under the direct supervision of the high school coaching staff by each player preceding participation in inter-school contests. Only one practice may be counted for any one day.

Section 8.

All basketball tourneys, other than the State Championship Tourney series, shall be held prior to February of each year. (*Exception—See b below*)

- a. No inter-school basketball tourney which involves more than four schools, shall be held without the sanction of the IHSA, except where all the schools are located in a single county.
- b. *Basketball tournaments for ninth grade and tournaments composed entirely of associate member teams* shall be completed prior to the week of the sectional basketball tournament each year. Players who compete in the ninth grade tournament played after January 31, will not be eligible to compete in the State Championship Tourney Series.

Section 9.

Teams and players may participate in two basketball tourneys in addition to the tourneys of the State Basketball Championship Series under the following provisions:

- a. The games in one tourney may be in addition to the regular schedule.
- b. The games of the other tourney shall be included within the eighteen game limitation for the season's schedule.
- c. Teams or players participating in a tourney which extends into a second week shall not be permitted to enter a second tourney.
- d. No tourney shall be scheduled to extend over more than two consecutive weekends.

The penalty for violation of this section is suspension.

Section 10.

A high school shall not be considered eligible to enter a sectional basketball tourney in the IHSAA in any year unless the team representing the high school has played eight (8) or more interscholastic games during that season before the Official Entry Blank for Tourneys is filed in the IHSAA office.

Note: The following apply to the IHSAA tourney games:

- a. Semi-state and State Final Tourney games will be played on floors 50 x 84 feet. Sectional and regional tourney games may be played on the floors of the same dimensions where conditions permit.
- b. Playing floors shall be marked with a four foot end line wherever deemed practical.
- c. The backboards shall be rectangles, six feet horizontally and four feet vertically in all IHSAA tourneys, but fan shaped boards as described in the official rules may be used in single games by mutual consent prior to the game.
- d. If the backboard is transparent, it shall be marked as follows: A rectangle shall be centered behind the ring and marked by a two-inch white line. The rectangle shall have outside dimensions of twenty-four inches horizontally and eighteen inches vertically. For the rectangular backboard, the top edge of the baseline shall be level with the ring. Borders of the backboard should be marked with a white line three inches in width.
- e. The regulation type of baskets, as described in the official rules, shall be used in all IHSAA tourneys, but other types of baskets may be used in single games by mutual consent prior to the game. Each basket ring and the attaching flange and braces shall be bright orange in color.
- f. The molded type of basketball, tanned in natural or orange leather color shall be used in all IHSAA tourneys. Other types and other colors may be used in single games by mutual consent prior to the game.

* * * *

Q.1 When may students practice basketball within the school?

A. Organized or formal practices in basketball by players or teams may be held within the school from the period beginning October 1 and ending on the date of the State Final Championship Basketball Tourney each school year.

A. Yes, each school team can and should be considered a representative team of the high school and, as such, be governed by all of the IHSAA rules and privileges.

Q.7 Has the IHSAA established the size of a regulation basketball floor?

A. No, but the IHSAA uses 50' x 84' in the Semi-State, and State Final, and recommends all floors to be marked with the four foot end-line.

Q.8 Is there a limit to the number of players a coach may use in a basketball game?

A. No; except in games and tourneys sponsored and managed by the IHSAA Board of Control.

Q.9 What is considered a game of basketball?

A. Yes, but players are limited to only four quarters in any one session.

Q.18 If a "practice" game of basketball is played is it to be counted as one of the eighteen games on the regular schedule?

Section 1.

The National Alliance Edition of Track and Field Rules shall govern Cross Country with the following exception:

- a. A member of an Indiana high school cross country team may not run in more than one meet per day in interscholastic competition.

Section 2.

There shall be ten separate days of organized practice in cross country under the direct supervision of the high school coaching staff by each player preceding participation in inter-school contests. Only one practice may be counted for any one day.

INDIANA LEAGUE OF HIGH SCHOOL GIRLS' ATHLETIC ASSOCIATIONS

— Purpose —

Many girls in high school are interested in a more extensive program of physical education than can be provided in the regular physical education classes. This desire for a more extensive physical education program has led many high schools to organize some type of girls' athletic association. In 1931 the Indiana League of High School Girls' Athletic Associations was formed, with the purpose of stimulating the co-curricular phase of the high school girls' physical education program. Membership in the League is open to any high school in the State of Indiana. The League has the endorsement of the Indiana High School Athletic Association and the Division of Health and Physical Education of the Indiana State Board of Health.

The State League offers much to both physical education teachers and students. It provides opportunities for sponsors and students to exchange ideas, share problems, receive encouragement, and engage in a variety of learning activities. The enthusiasm generated through the enjoyment of learning and doing things with people of like interests is one of the main reasons the League is steadily growing.

— Activities —

Each organization carries on its own program of varied activities for which points are given. The purpose of awarding points is to encourage regularity of attendance and to furnish a uniform basis for awards, if a school desires to use awards. The Sponsor's Handbook explains the suggested point system.

The State League sponsors activities on both a state and a district basis. Each spring the League, with the co-operation of a state college or university physical education department as host, sponsors a Wall Plaque Winners' playday. Attending this playday is perhaps as great an honor as winning the wall plaque, for here outstanding girls from all over Indiana come together for a day of fun and sport. Each fall the League sponsors a State Leadership Camp—training girls and inspiring both girls and sponsors to be better leaders in their organizations, schools and communities. District activities include dance days, playdays, basketball clinics, and week-end camps—usually two or three such activities each year.

"Sportingly Yours," published six times yearly, contains news of other G.A.A. groups, ideas, new materials, bulletin board materials, and professional articles. Both sponsors and students find it interesting and helpful. "Sportingly Yours," the official organ of the Indiana League, is edited by a high school G. A. A. and is published by the Indiana State Board of Health.

PART IV NATIONAL FEDERATION OF STATE HIGH SCHOOL ASSOCIATIONS

Indiana was admitted in 1924. The National Federation was organized in 1920 and now consists of 50 member state high school associations. Canadian provinces of Manitoba, New Brunswick, Nova Scotia, Ontario, Prince Edward Island and Saskatchewan are affiliated.

These state associations have united to secure the benefits of co-operative action which eliminates unnecessary duplication of work and which increases efficiency through the pooling and coordinating of efforts of all who are engaged in high school athletic activities.

The legislative body is the National Council made up of one representative from each member state association. Such representative must be an officer or a member of his state board of control. The executive body is the Executive Committee of seven state board of control members from the seven territorial sections as outlined in the constitution. Their election is by the National Council at the annual meeting.

The growth in size and influence of the state high school associations and their National Federation insures some degree of teamwork on the part of 20,100 high schools and this teamwork has enabled them to formulate policies and plans for improving high school athletic conditions and to make these plans function. The National Federation probably represents the largest closely knit organized body of athletes in the world. The opportunities for contributing to the welfare of the high school athletic program are unlimited.

The Federation was organized primarily to secure proper adherence to the eligibility rules of the various state associations in interstate contests and meets. As the prestige of the national organization grew, a program for the sanctioning of interstate meets was developed. This later led to definite action relative to national and sectional athletic events. At the present time, no national athletic meet or tournament is sanctioned. Meets or tournaments, which involve the schools of more than one state, are sanctioned in accordance with definite limitations in connection with the distance to be traveled, the type of sponsor, the amount of school time involved, and extent to which such events interfere with smaller meets

which insure participation by greater numbers of those who need the training. The scope of the National Federation work has broadened so that all high school athletic and many non-athletic groups profit through an exchange of experiences and a pooling of interests.

The activities of the National Federation are based on the belief strong state and national high school athletic organizations are necessary to protect the athletic interests of the high schools, to promote an ever increasing growth of a type of interscholastic athletics which is educational in both objective and method and which can be justified as an integral part of the high school curriculum, and to protect high school boys from exploitation for purposes having no educational implications. To accomplish these things, it is necessary for high school men to exercise teamwork on a nationwide scale.

HISTORY OF IHSAA

The first attempt to organize the high schools of Indiana in a single Association for the purpose of handling athletic activities was made in a meeting of the Northern Indiana Teachers' Association held at Richmond in April, 1903. At this time there was a conference of high school principals, and the conference ended with a body of suggested rules and regulations, called the Richmond Agreement. Due to the fact that there was no central organization having executive power, the Richmond Agreement did little more than point the way toward something better.

Principal J. B. Percy, of Anderson, issued a call for a meeting of high school principals interested in a State Athletic organization for December 5, 1903. At this meeting a provisional constitution was adopted. At a similar meeting on December 29, 1903, a final constitution was adopted and a Board of Control of three members was chosen to administer the affairs of the IHSAA.

The first Board of Control was made up of Principal George W. Benton, Shortridge High School, Indianapolis; Superintendent Lotus D. Coffman, Salem, and Principal J. T. Giles, Marion. These men thought and planned well, and we are enjoying the fruits of their vision.

There were fifteen (15) high schools belonging to the IHSAA, March 1, 1904. The membership had a gradual growth through the years, and now includes almost all of the high schools in the state. The peak membership of eight hundred twenty (820) was reached in 1942, the year that private, parochial and institutional schools were admitted to the Association.

In the beginning, one member of the Board of Control served as Secretary, but it soon became very evident that this office furnished enough work for a special man. It was also seen that the future of the organization demanded that the office of Secretary be made more permanent than the office of Board Member. Accordingly, at the annual meeting in 1906 the office of Permanent Secretary was established, and Principal J. T. Giles of Marion was chosen by the Principals to be the first Permanent Secretary. Principal Giles resigned on December 26, 1912, and Principal Isaac E. Neff, South Bend, was chosen by the principals to succeed him. Principal Neff resigned March 15, 1913, and the Board of Control appointed Principal Arthur L. Trester from Alexandria to serve as Permanent Secretary until the next annual meeting in December, 1913. At this meeting, Principal Trester was chosen by the principals as Permanent Secretary.

The Board of Control consisted of three members, chosen by the principals in their annual meetings, until the annual meeting of October 27, 1916. At this meeting it was decided to divide the State into five districts for administrative and representative purposes, and that each district should have one representative on the Board of Control, chosen by mail ballot from his own district by the principals of his district.

In September, 1925, by a referendum vote the principals passed a legislative body proposal calling for four members from each of the five (5) IHSAA districts. The five members of the Board of

Control, serving ex officio, and the fifteen other members elected by the principals in a mail vote constituted this legislative body. Prior to this plan all legislation was done at the annual meeting or by referendum voting by mail. This Legislative Body of twenty members passed on all proposals submitted by the high school principals. It was the law making body of the Association. The plan was considered a step in advance in state administration and legislation in athletic activities.

On December 13, 1930, the Legislative Body considered and passed without a dissenting vote the provisions for an Athletic Council. The plan in full continued the five IHSAA districts in the state and arranged for five representatives on the Athletic Council from each district by classes determined by enrollments in the high schools, thus making the Athletic Council a body of twenty-five members representing all sizes of high schools and all districts of the state at all times and elected by the high school principals in the membership. A provision was included for the selection of a 5-man Board of Control from the membership of the Athletic Council by the members of the Athletic Council. The Athletic Council took over the duties of the former Legislative Body and is considered the law making body of the Association.

The title "Permanent Secretary," established in 1906, was changed to "Commissioner of High School Athletics" in October, 1929, by the Legislative Body, and the Commissioner was granted the powers and duties belonging to a Commissioner of Athletics. Mr. Trester continued to serve as commissioner until the date of his death, September 18, 1944, the Board of Control designated Superintendent Morris E. McCarty of Lafayette to serve as Acting Commissioner. In December, 1944, Principal L. V. Phillips of Vincennes was chosen Commissioner to take office January 1, 1945. In 1944, the Board of Control was given authority to employ an Assistant Commissioner. Robert S. Hinshaw, Director of Athletics in Rushville High School, was chosen in November 1945 to take office December 10, 1945 to become the first Assistant Commissioner of Athletics for the IHSAA. In July, 1961, Herman F. Keller of Evansville Bosse High School became the second Assistant Commissioner of Athletics after the death of Mr. Hinshaw. On the retirement of L. V. Phillips, July 31, 1962, the Board of Control selected Phil N. Eskew, Superintendent, Huntington Public Schools, as the third Commissioner of Athletics. The Board conferred the title of "Honorary Commissioner" on L. V. Phillips. On August 1, 1969 Ward E. Brown, Principal of Crawfordsville High School, was selected as Assistant Commissioner to work with Mr. Eskew and Mr. Keller.

The primary purpose of the organizers of the IHSAA to manage and to foster high school athletics on a high plane has been upheld as an ideal by the Association through the life of the IHSAA. New and advanced steps have been taken whenever conditions made them necessary. In the beginning, the Association concerned itself largely with track and football. As time went on it became increasingly evident that the IHSAA should assume the initiative for a well balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The Association now sponsors football, baseball, cross country, basketball, swimming,

wrestling, golf, tennis, gymnastics, track and field, and girls' play days. State championships are determined in tennis, cross country, swimming, wrestling, basketball, track, golf, gymnastics and baseball.

A study of the men who have served on the Board of Control through the years will show clearly that the activities of the IHSAA have been in good hands. The titles and addresses are given as they were when the men were Board of Control members. A complete list of former Board members follows:

DECISION

Mark Mullinix may be considered eligible as to residence at Brazil High School.

CAMBRIDGE CITY LINCOLN HIGH SCHOOL—RONALD ALLEN BLAIR

This student lived in Orlando, Florida, with his grandparents and attended school there during the 1969-70 school year. On February 19, 1971, the Allen Superior Court ordered Phillip Barkley reinstated in Carroll High School.

Mr. John Grantham and Dr. Robert Cowan appeared before the Board to discuss the Wildcat Baseball Program in Fort Wayne. They had requested to meet with the Board to keep it informed regarding the wildcat program.

SOUTH NEWTON HIGH SCHOOL—RANDALL HOUP

At the previous meeting the Board had ruled this student ineligible for a violation of Rule 12, Section 14. Principal Louis Smith asked to appear before the Board to discuss the part of the rule which makes the boy ineligible for his next semester in school because it was an administrative error which permitted Randall to participate while ineligible.

DECISION

After discussing this fully the Board felt that it did not have the power to set aside Rule 16, Section 3; therefore could not change the decision.

This student lived in Niles, Michigan, and attended Wawasee Prep School the first semester of the 1970-71 school year. SOCCER

John Chadwick, President of the Northern Indiana Soccer Conference, and Maury Strycker, Principal of Argos High School, presented a letter asking that the IHSAA recognize Soccer as an official sport and set up a state tournament. It also requested permission for associate members to participate in state tournament, as well as non-member schools until such a time as enough full members sponsored soccer to make a state tournament possible.

DECISION

Because only two regular members participate in soccer, the Board felt there would not be sufficient interest to consider it as an IHSAA sponsored sport or hold a state tournament.

Since associate members and non-members may not participate in a state tournament it would be necessary for the Athletic Council to amend the Constitution to comply with this request.

The policies for coverage on athletic officials and catastrophe insurance on students, coaches, etc. are the same as last year and were also approved.

The Board approved issuing 3 balls for meet play to the participants in the state tournament.

FUTURE DATES

Due to the Uniform Holiday Law the Five Hundred Mile Race will be on May 27, in 1972 and on May 26 in 1973. To avoid conflicts, the Board felt it necessary to change the dates of baseball, golf and track meets. The following dates have been established:

BUDGET AND FINANCES

Careful consideration was given to a budget recommended by the Commissioner for 1971-72. The Board gave approval to a few expenditures in excess of the 1970-71 estimated expenditures. The Commissioner presented a statement of receipts and expenditures over the past twelve months together with an itemized statement of government securities owned by the IHSAA at present. It is under-

stood that an independent audit will be made by Ernst and Ernst, Accountants, soon after July 1. Results of this audit will be presented to members of the Board of Control at the first meeting after the completion of the audit and will be published in the 1971 Handbook.

A detailed report was presented on the registration of officials in the various sports. The report showed that for 1970-71 year the IHSAA has licensed a total of 4132 officials and has received a total of \$46,140.75 from officials payment of fees.

REGULAR DISTRIBUTION OF SURPLUS FUNDS

After giving careful consideration to the amount of funds on hand, estimated expenditures during the coming year, and the need for adequate reserve in the IHSAA Treasury, the Board set \$150.00 as the maximum amount of surplus funds to be paid any member school in the regular distribution, October 1, 1971. Because there was a special distribution in 1970, all the money to be distributed was earned during the current year. It is unfortunate this distribution could not be larger, but because of legal expense from law suits it was necessary to give only a maximum of \$150.00.

It was decided to make the distribution according to the following plan:

1. One hundred twelve dollars and fifty cents (\$112.50) for participation in the 1971 sectional basketball tourney.
2. Thirty-seven dollars and fifty cents (\$37.50) for membership in the IHSAA during the membership year, 1970-71.
3. Any school sharing the special distribution must be a member in good standing and existing as a high school at the time of the distribution.
4. No school shall receive credit for a year's membership unless it was a member of the IHSAA on January 1, 1971.
5. A combination or consolidation of two or more high schools shall count as one school only in this distribution. The check for one share shall be sent to the principal of the new or resulting school.

This distribution is in addition to the premium for the catastrophe insurance for all schools which the IHSAA is paying this year.

GIRLS' ATHLETIC SUPERVISOR

Due to the increased interest in girls' interscholastic athletics, the Board of Control voted to take the necessary action to employ a lady in the IHSAA Office as Girls' Athletics Supervisor. Her general duties would be to establish, direct and supervise a definite girls' interscholastic athletic program.

The Girls' Athletics Committee, of which Mr. James Dold is chairman, was requested to submit recommendations to the Board of control of guidelines to be established for such a program under the sponsorship of IHSAA.

IHSAA CONSTITUTION

IHSAA ATHLETIC COUNCIL MEETING

Indianapolis, Indiana, June 24, 1971

PRESENT: President Fred F. Park, James W. Dold, Myron C. Knauff, James L. Early, Robert E. Day, Max L. Mitchell, Richard V. Reed, John F. Hammel, Maurice N. Davis, Elbert L. Fike, Kenneth D. Miller, Don E. White, William Curry, R. M. "Dick" Liechty, Clifford Swim, John Bastin, Ray C. Amrhein, Orvis Gene Burdsall, William Breck, Lester J. Page, Knofel E. Fortner, (p.m. only) Don Sakel, Leo O'Neill, Commissioner Phil N. Eskew and Assistant Commissioners Herman F. Keller and Ward E. Brown. Amzie Miller Jr., Emerson Mutterspaugh and Robert L. Myers, Council Members-elect, attended as guests.

ABSENT: Cecil R. Erwin, Lowell E. McGlothlin and Knofel E. Fortner (a.m. only)

Minutes of the previous meeting were approved as written without reading as the members of the Council had received copies prior to the meeting.

VOTING

It was decided to vote by voice or show of hands and that twelve votes be required to pass a motion, except for an amendment to the Constitution which required seventeen affirmative votes.

PROPOSALS

- A. To amend Rule 20, Section 1, to read as follows:

"Each contestant must have and be maintaining for the current semester, a passing grade in each of two or more subjects requiring a minimum of twenty regular high school recitations per week, exclusive of rhetorical, physical training, military drill and deportment; in his last preceding semester in school he must have met the same requirements in three or more subjects throughout the entire semester.

Military Science and Tactics may be accepted for scholarship eligibility provided it is approved by the State Department of Education as a full-time, solid subject; that it may be counted toward graduation from high school; and that it cannot be substituted for required courses in physical education.

Note: Schools having lengthened periods must meet the time equivalency.

Note: A student must be enrolled in a minimum of four solid subjects during his entire enrollment period.

Interpretation

The part of Rule 20, Section 1 reading, "... a passing grade in each of two or three subjects requiring a minimum of twenty regular high school recitations per week" is interpreted to mean—"a passing grade in each of two (for 6 week period grades) or three (for final grade of course, semester or year, when credit is recorded) regular high school subjects having a full semester value and for which a full semester credit is given." The combination of two subjects, not excluded in this Rule, which total credit value is equal to one full semester credit, may be counted toward eligibility for one and only one of the two or three regular high school subjects of full semester credit value, provided the two combined subjects remain the same subjects throughout the Semester in which they are counted. Note: Questions and answers to be reworded to correspond with this section.

(Submitted by Principal Howard L. Crouse, South Bend Riley H. S.)

This proposal was defeated by a 21 to 0 vote.

- B. To amend Part III (Girl's Athletics) by deleting Sections 3 and 5

(Submitted by Principal Roger Voreis, Yorktown High School)

Part III Section 3 was deleted by a vote of 21 to 0. Part III Section 5 was not deleted as the Council voted to make no change in this section at this time. The vote was 21 to 0 for no change.

It was moved by Myron Knauff and seconded by Robert Day that the GAA Committee continue to study all rules pertaining to girls' athletics and report their recommendations at the following Council Meeting. This motion passed by a unanimous vote.

- C. To amend Rule 16, Section 1, to permit Tennis players to play in independent winter tournaments and maintain their high school tennis eligibility.

(Submitted by Karl V. Hertz, Brebeuf High School)

This proposal was defeated by a 21 to 0 vote.

- D. To amend Rule 4, Section 1, by deleting entire rule and substituting the following:

"Students whose nineteenth birthday occur before August 15 shall be ineligible for further interscholastic competition. Those whose 19th birthday occur on or after August 15, are considered eligible until the end of the member school's sport season . . ."

This proposal passed unanimously.

IHSAA CONSTITUTION

The president appointed the following committee to review the IHSAA Constitution: Maurice Davis, Chairman; William Curry and Dick Liechty. This committee is to report to the Council at the fall meeting.

FOOTBALL GAME LIMITATIONS

The principals of the Indianapolis city schools had suggested that an eleventh game in football be permitted in order that a championship may be determined. Permission for such a game would be given by the Board of Control. This suggestion was voted on and defeated by unanimous vote.

HOME TEAM UNIFORMS

High school athletic directors had suggested that the home team in all contests wear colored uniforms. No action was taken on this suggestion.

JUNIOR HIGH SCHOOL PROGRAM

Junior high schools are asking for some guidelines in conducting 7th & 8th grade athletic programs. Such items are: entries and limitations in track and cross country, age, weight classes in wrestling, etc.

The Council voted to refer this matter to the Board of Control for detailed recommendations.

FOOTBALL PRACTICE

Some high school football coaches are proposing to bring all high school players into the school on round-the-clock basis from the beginning of football practice until the school opens. No action was taken by the Council on this matter.

FOOTBALL QUARTER LIMITATION

A discussion was held on four quarter limitation in football as it applies to kick and punt teams. Since there are no specific recommendations regarding this, no further action was taken.

LENGTH OF BASKETBALL QUARTER FOR "B" TEAMS

No action was taken on changing the length of quarters for "B" teams.

SCHOLASTIC ELIGIBILITY

Bill Curry moved that Rule 20, Section 1, second paragraph "Interpretation" be amended to read as follows:

"... the combination of four subjects not excluded in this Rule, which total credit value is equal to two full semester credits, may be counted toward eligibility for two and only two of the four regular high school subjects of full semester credit value, provided the four combined subjects remain the same subjects throughout the semester in which they are counted."

This motion was seconded by Elbert Fike and passed by a 17 to 0 vote. Four abstaining.

TEACHERS STRIKE COMMITTEE

Chairman James Early reported on the committee meeting and said specific proposals would be presented at the next Council Meeting.

BASKETBALL COMMITTEE

A report was given by Chairman Orvis Burdsall. Motion submitted by Myron Knauff and seconded by Don Sakel not to change Rule 25, Sections 5 & 6.

Special permission was requested by Superintendent Dan Schafer to permit football participation by underclassmen from all the schools in their school corporation on a combined team.

This request was denied by a vote of 21 to 0.

ADMINISTRATIVE ERRORS

Penalizing students due to administrative errors was discussed by the Commissioner. The Commissioner was directed to recommend modifications of existing rules at the next meeting.

COMMENDATION

The Council Members commended the Commissioner and Assistant Commissioners for the organization and handling of the State Baseball Tournament.

The Council also commended the Commissioner and Assistant Commissioners for upholding the traditions of the IHSAA.

The Council adjourned to meet again in Indianapolis, November 3, 1971, at 3:30 p.m.

Phil N. Eskew, Commissioner

Tennis

The fourth annual state tennis championships were determined at Pike High School on October 17, 1970.

Dave Brents and Steve Behrman of Pike High School successfully defended their IHSA state tennis doubles title while classy Charles Ellis of New Albany won the singles crown at Pike.

Peru's Tigers didn't come up with a doubles or singles winner, but advanced entries to the state in each event. When it's doubles team—Randy Stehlik and Brent Touloukian—won its morning round the Tigers were assured the team title with 13 points. Pike was second with 12 and New Albany third with 8.

Brents and Behrman evened their only loss this year when they whipped Stehlik and Touloukian in the finals, 6-8, 9-7, 6-2. The Tigers' duo had swept past 20 foes before finally slipping and had tripped the Pike team in early season in the Lafayette Jeff Invitational.

Ellis, only a junior, hasn't been beaten in the last two years and really cut loose, stunning Paul Thomas of Indianapolis Howe, 6-3, 6-4, in the morning round and then charging back to stop Bob Schrader of Crown Point, 6-4, 6-2. Thomas finished the event with a 21-2 record this year and 38-6 in prep action.

Morning round results—Singles: Ellis defeated Thomas 6-3, 6-4; Neal Black, Peru, defeated Schrader, 6-4, 8-6. Doubles: Behrman-Brents defeated Bruce Lawrence-Toom Vandenoever, Jeffersonville, 6-0, 3-6, 6-3; Stehlik-Touloukian defeated Steve Chadwell—Mike Cochran Lafayette Jeff, 6-2, 6-1.

Team Scores—Peru 13, Pike 12, New Albany 8, Jeffersonville and Lafayette Jefferson 7, Crown Point 6, Howe 5.

Cross Country

Unbeaten Southport's Cardinals won their first state team championship in the 25th Annual State Cross Country Championship Meet run at South Grove Golf Course. Excellent team balance—14th, 16th, 20th, 22nd, and 27th places provided the victory.

The largest crowd in history witnessed the meet run under ideal conditions. The course was changed from previous years and provided much better spectator facilities. The system of obtaining final results was also streamlined and provided the official final results very shortly after the last man crossed the finish line.

West Noble's Phil Wysong swept to the individual championship. He was clocked in the excellent time of 9:29.4 seconds. Tom Alwine of Bloomington High was second with a time of 9:33.5. In third place was Robin Shipman of Bedford in 9:39.9. Dan Bir of Lafayette Central Catholic was fourth in 9:40.0 and in fifth place Steve Leatherman of West Lafayette in 9:44.0.

Sixteen complete teams and thirteen individuals participated in the State Meet. Three hundred and sixty teams participated in the sixteen sectional meets. This was an increase of fourteen over 1969.

The regional champion at Bloomington was Bloomington High. Fort Wayne Snider won at Fort Wayne. Hobart emerged as the winner at LaPorte and at Richmond, Southport won.

Final team standings were as follows:

1. Southport (Indpls.) 99	9. Indpls. Technical 189
2. Northwestern	10. Richmond 202

CROSS COUNTRY SECTIONAL MEETS

The Board of Control set up sixteen sectional cross country meets to be held Friday, October 16, 1970 after 4:00 P.M. These meets are conducted as an elimination series in order to select teams and individuals for the regional meets.

Sixteen sectional centers have been chosen over the state. The following bases were used in selecting these centers: schools competing in cross country in 1969, travel distance, number of teams in that area, and a willingness on the part of high schools to make their facilities available for the promotion of these meets. **THE BOARD MAY FIND IT NECESSARY TO ALTER THIS PLAN IF A GREATER NUMBER OF SCHOOLS ENTER THAN IS ANTICIPATED.**

Schools have been assigned by counties and the accompanying plan gives the Center Principals and the counties assigned to each center.

Official entry lists are necessary and accompany this bulletin to the principal.

MANAGEMENT—The management of these meets rest solely with the Board of Control. Responsibility for local arrangements has been delegated to the center principals. All meet officials will be selected by the center principals except the referee-starter, who will be assigned by the Board of Control.

The meet must be held Friday afternoon, October 16, after 4 p.m. unless previous arrangements have been made by the center principal. The center principal shall notify all participating schools and the IHSAA office by Tuesday, October 13, as to the time and place of holding the meet. The center principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner. Team positions at the start are to be drawn by lot.

OPEN CONTEST—These meets are open to all members of the IHSAA except to schools holding junior, preparatory or associate memberships. A school may certify twelve students, with no more than six participating as a team for the championship. Schools that do not enter a team may enter one or more students to compete for the individual awards.

NOTE: Each year some schools file entry blanks, then fail to participate in the meet. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for any reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the sectional center principal immediately.

ENTERTAINMENT—The center principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

EXPENSES—There will be no entry fee. Traveling expenses, meals and lodging are to be paid by the competing schools.

ELIGIBILITY—The eligibility of each player shall be certified to by the principal of his school. The official entry list must be used, and all data given. Entries positively will close **Wednesday, October 7**. The entry lists must be in the hands of the Commissioner and the center principal, complete in every detail, by 4 p.m. on that date.

Twelve students may be certified for the meet, with six or fewer participating on the date of the meet.

LENGTH OF COURSE—The course must be approximately two miles in length. If possible, it should be laid out on rolling terrain.

SCORING—All competitors who complete the race shall be ranked and tallied in accordance with their placement at the finish. Individuals are ranked and tallied in the placement column, but their position is dropped and not recorded in the team scoring column. The team score shall be determined by totaling the points scored by the first five finishing contestants on each team. The team which scores the lowest number of points will be the winner. In the event of a tie, the tie is to be broken by adding the position of the sixth place man on each team. The team with the lower score will then be awarded the proper place.

In case one of the teams involved in the tie has only five participating members, the team with six participating members, will be awarded the higher ranking position. (Example: In case of a tie for third place, the five-man team will be automatically awarded fourth place.)

RULES—Each contestant shall wear numbers on both the front and back of his shirt. The rules of cross country running as found on pages 36 and 40 in the 1970 National Alliance Edition of the Track and Field Rules shall govern—with IHSAA exceptions, the length of course and limit of contestants. Shoes which have rubber or leather soles must be worn by all contestants during the entire event.

PRIZES—Suitable ribbons will be presented by the IHSAA to the members of the teams qualifying for the regional meet, provided they finish the race. The first five individual winners will receive ribbons. The IHSAA will award a trophy to the winning school.

QUALIFICATIONS FOR REGIONAL MEETS—The first four teams* to finish in each sectional shall be eligible to advance to the regional meets. The first five individuals to finish shall be eligible for the regional meet regardless of their team position.

*A school must have five or more boys finishing the race to be considered a team competing in that sectional.

Basketball

East Chicago Washington High School won the sixty-first annual State High School Basketball Tournament. The Senators became the third straight undefeated team to capture the state title as they won their twenty-ninth game without a loss. It was only the fifth time in history that an undefeated team has won the state championship.

In the championship game, the East Chicago Washington Senators built up a substantial lead on the Blue Blazers from Elkhart, however, the Blazers fought back with a tremendous drive in the later stages of the game to come within two points of the Senators. A basket by Stoddard and five straight points by Trgovich sealed the verdict for the Senators. The Senators led 21 to 12 at the end of the first quarter, 32 to 22 at the half and 54 to 48 at the end of the third quarter. With 5:32 remaining, the Senators' lead was cut to 56-54, however, this was the closest the Blazers could get. After a Senator rally, the final score was 70-60 in favor of the Champion East Chicago Washington Senators.

The first afternoon game was a real thriller. Elkhart's Blue Blazers outlasted the New Castle Trojans in an unprecedented triple overtime game by a score of 65-60. New Castle led 15-14 at the first quarter. The score was tied 27-27 at half-time. New Castle again led 44-41 at the third quarter mark. At the end of the fourth quarter the score was tied 56-56. At the end of the first overtime, the score was 58-58. The second overtime ended 60-60. In the third overtime, Babcock's five points iced the game 65-60 for the Blazers.

The second afternoon game was also a thriller from the start. Floyd Central Highlanders started out fast and thrilled the capacity crowd with some fine marksmanship. They led 21-19 at the first stop, however, East Chicago Washington forged into a 49-41 lead at half-time. The Senators led 77-64 at the end of the third quarter but Floyd Central hit nine of its first eleven shots and with 3:33 to play had narrowed the lead to 90-83. The Senators then slowly pulled away for a 102-88 victory. Trgovich of East Chicago Washington scored 40 points which equalled the all-time high mark held by Bonham of Muncie Central and Dave Shepherd of Carmel.

The Board of Control selected Jerry Lamberson of the New Castle Trojans as the recipient of the coveted Arthur L. Trester Award for Mental Attitude.

The total number of participating teams in the sectional tournaments was 436.

ANNOUNCEMENT OF STATE BASKETBALL TOURNEY SERIES

THE SIXTY-FIRST ANNUAL

—These rules are reprinted from the 1971 January Bulletin.

The Board of Control has completed the details for the State Championship Basketball Tournaments and announces the plan in full; with the understanding that the Board of Control reserves the right to readjust the plan and arrangements for any and all tournaments if conditions arise making changes advisable or cancellations necessary.

GENERAL INFORMATION CONCERNING SECTIONAL, REGIONAL, SEMI-STATE AND STATE TOURNEYS

1. **TYPE OF BALL**—The molded type basketball approved orange or natural tan has been legalized for the State Championship Series. See pages 18 and 20 for Semi-State and State balls.

2. **PRIZES**—No prizes of any kind are to be awarded to any school or individual from any source, other than the IHSAA. The IHSAA will present a trophy to each sectional winner.

3. **RADIO AND TELEVISION SERVICE**—Radio Stations in Indiana may broadcast IHSAA tournaments provided the requirements in the "IHSAA Rules and Regulations Governing Broadcasting" are observed. Station managers and Center Principals will have copies of these rules and regulations. **Television stations** may be permitted to telecast only the final game of Sectional and Regional Tournaments as well as all games of Semi-state and State Tournaments. Advanced written approval must be obtained from the center principal. Restrictions are: 1. Stations may telecast in their home area only. 2. Delayed telecasts will not be permitted. 3. A guarantee must be posted to cover costs of unsold seats for the sessions telecast.

4. **PICTURES**—Flashlight pictures of the players shall not be taken during the progress of the games, except where photographers use speed light cameras. **This ruling is meant to protect the vision of the players.** Photographers desiring to take pictures shall make previous arrangements with the management of the tournament. The number of photographers and their locations shall be determined by the Center School management. **Filming of tournament games will not be permitted.**

5. **SOUVENIR PROGRAMS**—Souvenir programs other than those provided by the IHSAA shall not be distributed or sold at any tournament, and no solicitation of advertisements shall be made. Neither the Board of Control nor the Commissioner's Office will approve the distribution of such material at any tournament. Any one claiming to have such approval should be reported to the IHSAA office immediately. All principals should notify their business men now.

6. **SUGGESTIONS**—Sectional Center Principals and participating principals should work with each other prior to the tournament, during the tournament and after the tournament. A conference of all principals, several days prior to the tournament, would result in an agreement on all points such as meals, transportation, rest rooms, seating, tickets, reports, etc. Agreements reached prior to tournaments prevent difficulties during and after tournaments. Make and keep copies of all agreements.

7. **MANAGEMENT**—The exclusive control of all these tournaments rests solely with the Board of Control according to the IHSAA Constitution. Local arrangements have been delegated to the Center Principals. Officials for each tournament will be selected and assigned by the Board of Control, and every effort will be made to choose only fair, disinterested and competent men. All schedules and assignment of officials will be made and distributed by the Board. All schedules will be drawn by lot by the Board of Control, and no changes will be made in them. Representatives of the press will be invited.

8. **TIME SCHEDULE**—All sectional tournaments will be held on the prevailing time of the community in which the center is located. Game times will be 7:00 & 8:30 PM for two-game sessions, 7:30 PM for single game sessions other than the championship game session which will be held at 8:00 PM.

9. **OFFICIALS**—The assignment of game officials and their decisions will be considered final. Schools enter the tournaments with this understanding. Give this information to your students and fans now.

Official scorer(s) shall be dressed in a manner that will distinguish them from others who may be seated at the scorers and timers table. Black and white striped shirts or jackets are strongly recommended.

10. **PRIVILEGES**—Twelve competing players, coaches, principal and student manager for each team (16 in all) shall be admitted free to all games.

11. **OVERTIME GAMES**—The same rule applies in tournaments as used during the regular season games.

12. **WARM UP PERIOD**—There shall be fifteen minutes allowed between games for warm up practice. During a session, this period shall start with the ending of the previous game. The first two teams playing in a session shall also be limited to the fifteen minute warm-up period. This fifteen minute period shall be exclusive of announcements and opening ceremonies.

13. **CHEER LEADERS**—Only the cheer leaders from the two participating schools may be used in connection with any one game. They shall use only that portion of the floor which is immediately in front of their fans and shall remain outside the boundary lines at all times while the game is in progress.

14. RESTRICTIONS—Please inform your students and others about the following tourney restrictions:

By ruling of the Board of Control:

- a. Balloons, banners, posters, etc., that are objectionable in the wording or which obstruct the view of others, are not allowed.
- b. Cow-bells, and other such noise instruments are not allowed.
- c. The use of bands at IHSAA tourneys is not sanctioned.
- d. No live animal mascots are permitted.
- e. "Line-up" lanes of fans shall not be permitted on the playing floor at any time.

It shall be the responsibility of each high school principal to see that his fans (adult & student) abide by the above restrictions.

NOTE: Card sections as part of the cheering block are permitted.

15. HOME TEAM—The first named team in each game throughout the entire tournament is always designated as the "Home Team." It shall wear white uniforms and have a choice of bench (exception—host team shall have choice of home bench).

The second named team in each game shall have choice of basket and wear colored uniforms. In the event the **Host Team** is the second named team it shall wear colored uniforms but have choice of bench only.

SECTIONAL TOURNEYS

February 22-27

The following bases were used in selecting sectional, regional and semi-state centers:

(1) Invitations filed by the principals. (2) Locations considered but not necessarily the determining factor. (3) Transportation facilities. (4) General conditions—attitude of local authorities, floors, seating capacities and entertaining facilities. (5) Rotation. (6) Success and satisfactory management of previous tourneys. (7) Adjustment because of reorganization and consolidation.

Many schools have been assigned by counties but there are a number of exceptions which are clearly indicated. Some changes were made to equalize the number of participating teams resulting in better balanced schedules or the use of less school time. The plan arranged is to have no less than 6 teams and no more than 8 teams in each tourney, and the assignment of all schools is given in the list which follows. The number of schools that probably will enter the tourneys is indicated. No doubt these numbers will be very nearly correct for this year. Correct information will not be available until the entry blanks have been received and accepted by the Board of Control. The numbers are tentative. The winners will constitute the teams in the Regional Tourneys according to assignment. Entry blanks are necessary. An entry blank is enclosed with the Principal's copy of this bulletin.

MANAGEMENT—Four officials will be assigned to all tourneys. Two officials will work each game, alternating as referee and umpire. Each official is obligated to be present for the pre-game meeting as well as ready for work throughout the tourney.

TOURNEY REQUIREMENTS—A high school shall not be considered eligible for entering an IHSAA sectional basketball tourney in any year unless the team known as the first team and representing the high school has played eight (8) interscholastic games during that season before filing an entry blank. Schools holding associate, junior or preparatory membership are not eligible to enter.

ENTERTAINMENT—Twelve men may be certified and in uniform. The Center Principals have contracted with the Board of Control to entertain sixteen men (which must include coaches, principal and student manager) from each competing school according to the following plan:

1. **Transportation**—All schools are entitled to one-round trip mileage allowance each day the tourney is in session.
2. **Meals**—All schools are entitled to one meal for each day the tourney is in session.
3. Due to the variations of time schedules of "One-Site Two-Bracket" tourneys, the time schedules, entertainment schedules and admission prices will be set up by the IHSAA and sent to all Center Principals concerned. It will be the obligation of the Center Principal to send copies to all schools in his sectional area. The time schedules of all tourneys will be published as usual at the time of the drawings.
4. **No lodging shall be paid.**

Fairness by all parties must prevail in this matter of entertainment. Money spent for entertainment decreases the amount to be divided among the schools.

EXPENSES—An entrance fee of one dollar (\$1.00) for each team must accompany the entry blank. The Center Schools have contracted to make settlement out of the receipts of the tourneys according to the following plan and in the following order:

1. All legitimate expenses, such as meals, officials, etc., except for transportation, shall be paid from the gross receipts.
2. The Center High School shall receive two hundred dollars (\$200).
3. The transportation shall be paid. (The Board of Control has decided on four (4) cents per mile per man (limited to 16 men) for the round trip. Mileage should be considered as the most direct distance between the school building of the participating school and the gymnasium in which the tourney is held.)

4. The Center High School shall receive one hundred dollars (\$100).

5. The IHSAA shall receive one percent (1%) of the fourth balance.

6. (a) One-half of the fifth balance shall be divided equally among the participating schools, the Center School sharing.

(b) One-half of the fifth balance shall be divided among the participating schools on an enrollment basis.

7. The Board of Control shall pass on all reports by the Center School and all reports by the participating schools.

8. The Center School shall furnish a complete financial report to the IHSAA and to each participating school by Thursday, March 4.

ELIGIBILITY—The eligibility of each player must be certified to by the principal of the school sending the team. The Official Entry List must be used and all data given. Entries will close Wednesday, February 10, 1971, at 4:00 P.M. The entry lists must be in the hands of the Commissioner and the Center Principal COMPLETE IN EVERY DETAIL BY 4:00 P.M. ON THAT DATE. Do not mail entry blanks before February 1. All students must be eligible when they participate as well as when they are certified. It is advisable to mail the entry blanks early, as changes can be made by telephone, telegram or letter any time up to 4:00 p.m. Wednesday, February 10. Registered or certified letters are not recommended, as they are a slow form of delivery. Regular or special delivery mailing is the most satisfactory. A notification from this office will acknowledge receipt and correctness of your entry. The Board of Control has ruled that late entry blanks will not be accepted.

ADMISSION—The admission fees in all tourneys shall be as indicated below and the tickets shall be printed with the following information on them:

Session ticket (all regular tourney)\$1.50

ONE-SITE TOURNEYS:

Season ticket:

- a. Three-session tourney\$3.00
- b. Four-session tourney\$4.00

Tickets shall not be sold for more nor less than the prices listed. Season tickets only shall be sold prior to the opening session of the tourney. Any remaining tickets may be sold as session tickets.

ONE-SITE TWO-BRACKET TOURNEYS:

Due to the variation in the number of sessions, season ticket prices shall be established by the Board of Control through the IHSAA office and the center Principal.

No more tickets shall be sold than the seating capacity of the gymnasium will justify. Standing room shall not be sold or used. All requirements of the State and City Fire Marshals shall be met in all tourneys.

RESERVED SEATS—The Board strongly recommends that all seats be reserved.

DISTRIBUTION OF TICKETS—The following plan for the division of sectional tourney tickets was adopted by the Board of Control:

1. Deduct from the total number of tickets available, sixteen tickets for each competing school, press and complimentary tickets. Each Athletic Council Member and each Ex-Board member shall be granted two tickets to the sectional in his area upon request by Wednesday, February 17.
2. Ten percent of the remaining tickets shall be divided equally among the competing schools. (Every school regardless of enrollment, has a certain "must" list; such as assistant coaches, trainers, student managers, cheerleaders, etc. This allotment is intended primarily for this use.)
3. The remaining ninety percent shall be divided among the competing schools on the basis of enrollment of each participating school in grades 9 through 12 as certified to the State Department of Public Instruction, September 15, 1970, or the third day of school if the opening day is later than September 15.

No tickets shall be distributed by the Center Principal until his tourney schedule has been released. Season tickets must be ready for distribution by Thursday, February 18. The IHSAA will furnish Center Principals with enrollments of all high schools participating in their tourneys. Season tickets unsold shall be returned by 8:00 a.m. on the day the tourney begins, except that in "one-site two-bracket" tourneys, they shall be returned by 1:00 p.m. the day before the tourney if the tourney begins with a day time session; and by 8:00 a.m. on the day of the tourney if the tourney begins with an evening session. The Center Principal is under no obligation to accept the return of tickets after these hours, unless previous arrangements have been made with him.

WARNINGS—Entries close at 4:00 p.m. Wednesday, February 10, and cannot be changed or accepted afterward. An entrance fee of one dollar (\$1.00) must accompany IHSAA copy of entry list. Send only the IHSAA copy of entry list and check to IHSAA, 812 Circle Tower, Indianapolis. Send "Tournament Copy" of entry list to Center Principal. Get all data right the first time and on time, but do not mail blanks before February 1. Late or incomplete entry blanks cannot be accepted.

REGIONAL TOURNEYS—MARCH 6

STATE TOURNEY HINKLE FIELDHOUSE, INDIANAPOLIS

MARCH 20

ENTRANTS—The four (4) winning teams of the semi-state tourneys shall constitute the participants in the State Tourney. The schedule will be drawn by lot by the Board of Control according to sectional tourney plan.

ENTRIES—One entry fee covers all tourneys. Twelve men may be certified, and in uniform and eligible to compete in any one game. These teams may or may not be made up of the same men that participated in the other tourneys. The semi-state entry list will suffice for the State Tourney and will be used as made, unless you instruct the IHSAA office otherwise on Monday, March 15. If you desire to make any substitutions in your entry list, telephone the IHSAA office, giving complete data on Monday, March 15.

ENTERTAINMENT—Sixteen men will be entertained on each team from each school. Each school having a team playing in the tourney will receive the following: \$500.00 for meals and lodging and \$500.00 for bonus, 16 season tickets and cost for transportation to and from Indianapolis. Four cents per mile per man for the round trip for sixteen men will constitute the basis for figuring transportation. The mileage shall be considered the most direct and reasonable distance from the high school of the participating school to the field house in Indianapolis.

ADMISSION—The admission fee will be as indicated and the tickets will be printed with the following information on them.

1. Session Ticket:\$3.00
2. Season Ticket:\$4.50

AWARDS—The winning school will be awarded a trophy, and each member of its team an individual award. A trophy will be given to the runnerup team and individual awards to its team members. Medallions will be awarded to each team member of the other two teams.

The Arthur L. Trester Award for Mental Attitude will be presented to the athlete who, in the opinion of the Board of Control, shall qualify for this award.

CONDUCT OF PERSONS DURING STATE TOURNEY—The IHSAA endeavors to secure proper conduct of all persons attending the tourney, while in hotels and elsewhere, and instructs principals, superintendents, coaches, teachers, parents and communities that the receipt of tickets by their high school principal places the direct and immediate responsibility on him for the conduct of the persons attending the tourney.

TYPE OF BALL—MacGregor X10L

OFFICIALS—See Page 4.

RADIO SERVICE—See Page 3.

SOUVENIR PROGRAMS—See Page 3.

PICTURES—See Page 3. (Note: Local official school photographers cannot be admitted to the State Tournament.)

TIME OF GAMES—12:30, 2:00, and 8:15 p.m. (E.S.T.)

Management—The Board of Control has designated Phil N. Eskew, Commissioner, as Manager with Herman F. Keller and Ward E. Brown, Assistant Commissioners, as Assistant Managers of this tourney. Their telephone number is 637-1519. Fred R. Gorman, Indianapolis, will assist with the arrangements for the tourney at the field house.

Press and Radio reservations will be made directly to the IHSAA office. Requests should be filed not earlier than February 18, and not later than Thursday, March 11. An identification plan will be used for press representatives, who must be properly certified by their managers at the time requests are made. School newspapers, and school radio stations are not included.

Tickets—All tickets will be handled by the IHSAA Office according to the following plan:

1. Season tickets only will be sold prior to Saturday, March 20. In recent years all tickets were sold prior to this date. If the capacity of the Fieldhouse is not sold in season tickets, session tickets will be sold on the day of the tourney. The seating capacity is estimated at approximately 14,943.

2. Each high school principal having a team entered in an IHSAA Sectional Basketball Tourney for 1971, may order tickets to 3.4 percent of his high school enrollment not exceeding 1000 students. The Board of Control has established two to six tickets according to enrollment as the number that may be ordered by each junior and preparatory member school principal. Principals whose high school enrollments exceed 1000 may order 3.4 percent of the enrollment to 1000 and one (1) additional ticket for each 500 students, or fraction thereof, over 1000 enrollment. The enrollment shall be for grades 9 through 12 as submitted to the Inspection Office of the State Department of Public Instruction, September 15, 1970. A fraction of one-half or more may count for a ticket and no school shall be limited to less than four tickets. Post graduates shall not be counted. Principals should carefully observe the limitations as outlined. If there are questions, ask them now. All enrollments will be checked with the report herein mentioned. Be sure you are right. A chart giving the enrollments with ticket allotments will be printed on the reverse side of the ticket order blank.

3. Tickets will be sold by mail order only. Telephone, telegraph and personal call orders will not be honored. A ticket order blank is enclosed with this bulletin. It is official and you should use it according to instructions.

4. Ticket orders must be specific as to number of tickets and a check for the correct amount payable to the IHSAA must accompany each order. Tickets purchased cannot be returned. Please do not send cash. The limitations below must be observed as given:

(a) Orders for tickets having official postmarks on the envelopes from and including Thursday, February 18, to and including Friday, February 26, will be accepted if received not later than Saturday, February 27. Ticket orders mailed prior to February 19 will be returned for proper mailing. The IHSAA reserves the right to check the mailing of all ticket orders and to act on the findings.

5. Principals are obligated to distribute these tickets properly to persons in their own school districts before distributing any tickets elsewhere. Each principal will be required to keep on file the full names and addresses of all ticket purchasers for the information of the Board of Control, should such be desired for checking purposes. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of their schools.

6. All tickets remaining unsold after the high school principals have ordered, according to the privilege of their enrollment quotas, will be distributed pro rata among the principals of the 64 sectional tourney winning schools if ordered by them. Principals should state on their order blank, ordering their quota of tickets according to enrollment, whether or not they would accept and pay for any tickets that may be distributed to them if they are sectional tourney winners. No tickets, other than those remaining after the enrollment quota orders are honored, are offered in this paragraph. There may be only a few or no tickets so remaining. None is guaranteed. Tickets purchased cannot be returned.

7. In order that all may know how ticket orders are filled, the following statements are made:

a. Ticket orders from principals are due any time from February 18 to February 26, inclusive. Postmark will determine mailing date.

b. Upon receipt of ticket orders in the IHSAA office, they are checked. All correct orders are arranged alphabetically according to the name of the school, numbered and filled. **ORDERS WILL BE FILLED IN REVERSE ALPHABETICAL ORDER.**

c. Incorrect orders are returned with instructions.

d. The method of filling ticket orders is entirely by lot and the plan automatically assigns the seats. The location of seats of any particular school depends upon date of receipt of order, number of orders received in same mail, number of tickets covered by the orders received in the same mail, alphabetical order of the school name among the orders received, accuracy of ticket order, station reached in the drawings determined by the orders received, etc.

MISCELLANEOUS

1. All seats will be reserved and tickets sold to principals as outlined above.

2. Blocks of seats, when sold, will be arranged from front to back rather than round the playing floor; about twenty percent of the number in each block being assigned to the front of the block.

3. No pass-out tickets will be issued. Holders of tickets may leave the Fieldhouse when they choose in any session, but they cannot re-enter until the next session. The Fieldhouse will be cleared between sessions.

4. All tickets will be printed in coupon form, carrying the statement that coupons will not be good if detached. The IHSAA tickets will be printed in a way that will make duplication very difficult, but a warning is given against bogus tickets.

5. Ticket holders will be seated prior to the opening game in each session, between halves and between games only. All persons must remain seated in their own seats during the games. All games will be started on scheduled time and will be played in quarters of 8 minutes each.

6. Rest Rooms will be found on each floor at each end of the Fieldhouse.

7. Tickets will indicate the Gate, Ramp, Section, Row and Number. As you approach the Fieldhouse look for the Gate Number above the door corresponding to the one on your ticket.

8. Two blocks of seats in the middle on the west side of the playing floor and two blocks in the middle of the east side of the playing floor, having 1000 seats to the block, will be reserved until Monday, March 15, for the four schools whose teams are in the tourney. Twelve blocks of seats, immediately around the playing floor with 25 seats to the block, will be reserved for the other twelve schools participating in the semi-state tourneys. The high school principals,

whose teams are represented, should contact the IHSAA office by Monday, March 15, about these tickets for they will be sold to other eligible schools. These blocks will be assigned by lot by the Board of Control.

9. First Aid Rooms are located in the east end of the field house. Look for the sign. A tourney physician and a nurse will be available during the tourney.

10. Principals are asked to instruct all ticket holders to refrain from smoking in the Fieldhouse. This precaution is taken for the benefit of the players and the safety of the spectators.

THE ARTHUR L. TRESTER AWARD

The Gimbel Medal for Mental Attitude was given each year by Mr. Jake Gimbel, now deceased, until the 1943 State Basketball Tourney. In 1944 it was known as the IHSAA Medal for Mental Attitude. In 1945 the Board officially named the award "The Arthur L. Trester Award for Mental Attitude."

The IHSAA Board of Control used the following data card this year to assist them in selecting the winner of The Arthur L. Trester Award for Mental Attitude.

The Principals and Coaches of the four schools filed with the IHSAA these cards for their players before the tourney was held. The Board of Control did not see the cards until Saturday afternoon

after the second game of the Final Tourney when they had observed the playing of all of the teams. In the meeting to select a winner of the mental attitude award the data cards were studied carefully and were given careful consideration along with the opinions of the Board of Control members as a result of their observation of the playing of the boys in the afternoon. Several boys received very favorable consideration.

Contrary to the opinions often expressed this medal has not been given as a consolation prize through the years. It is true that few boys on the winning teams have received the award but it is not true that the IHSAA has ever had a policy of giving the medal as a consolation prize. Such a policy would remove the value of the award and would make the winners feel that they had not won anything. The winners of the award have legitimately won the award and have the right to be proud of it. It will be interesting to follow these boys down through the years. Schools should take an interest in these boys, as the IHSAA desires to be proud of them always.

Management—The management of these meets rests solely with the Board of Control. Local arrangements have been delegated to the Center Principals. All meet officials will be selected by the Center Principal, except the Referee-Starter, and he will be assigned by the Board of Control. He will be in complete charge of the meet and shall

assume the duties of a Referee and Starter as a representative of the IHSA.

The meet must be held Friday afternoon, Friday evening, Saturday afternoon or Saturday evening. The Center Principal shall notify all schools participating in his sectional, and the IHSA office by Tuesday, May 4, as to the time and place of holding the meet. The Center Principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner.

Admission Fee—Admission fee to all meets shall be not less than fifty cents (50¢) or more than one dollar (\$1.00).

Open Contest—These meets are open to all members of the Association, except to schools holding preparatory, junior or associate memberships.

Entertainment—The Center Principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

Expenses—There will be no entry fee. Traveling expenses must be paid by the competing schools.

Privileges—All actual contestants in uniform, one student manager, one coach, one assistant coach and principal for each team are admitted free to the meet.

Entrance Requirements—The minimum standards of performance which contestants must achieve to be eligible to enter sectional track and field meets shall have been equalled or bettered in actual competition in regularly scheduled interschool meets during the present outdoor track season. These performance standards may be established by competent timing of the first three, four or five places in interschool outdoor meets.

Standards of Performance for 1970

100 Yd. Dash	:10.5	High Hurdles	:16.3
220 Yd. Dash	:24.0	Mile Relay	3:40
440 Yd. Dash	:54.0	880 Relay	1:38
880 Yd. Dash	2:08	Pole Vault	11'6"
Mile Run	4:48	Shot Put	45'0"
Two Mile Run	10:45	Long Jump	19'6"
Low Hurdles	:22.0	High Jump	5'9"

Eligibility—The eligibility of each participant who equalled or bettered the standards of performance in actual competition must be certified to by the principal of the school sending the team. The best performance for each contestant must be indicated for each event or events in the regular IHSA entry blank. Unless the best performance is indicated in the proper space the contestant will not be considered entered in that event. Entries positively will close Wednesday, April 28, at 4:00 P.M. This means entry lists must be

in the hands of the Commissioner and the Center Principal, complete in every detail, on this date. See warnings below.

Official Rules—The current National Alliance Edition of the Track and Field Guide as published by the National Federation is official in the IHSA. A few modifications have been made by the IHSA and they are given in the present Bulletin. In both relays "off the curve" method of exchange shall be used. Both relays may be run in lanes the first 220 yards with a staggered start if lanes have been marked. When the half mile relay is run with the first 220 yards marked in lanes the the first and second runners will exchange in their own lane.

Scoring—Winning first place in any event in the sectional meet counts five points; second place, three points; third place, two points; and fourth place, one point. Points in the relays will be counted in determining the winning team, the points for each place in each relay to be double the points in each place in other events. In case of a tie in a track event, the points shall be divided equally and the prizes awarded by lot. Ties in the high jump and pole vault shall be decided by awarding the position, with its points, to the contestant with the lowest number of trials for the tied height. If the tie still is not broken, the fewest total misses in the entire competition is the determining factor. Existing ties at this state shall be decided by the method outlined in Rule 5, Section 2, I (a, b, c, d, and e), pages 21 and 22, of the 1971 Track Rules Book. No misses shall be charged to a competitor for a passed height. In case of a tie in the shot put or long jump, position and points are awarded according to Rule 5, Section 2, II (a and b) "determined by distance," page 22 of the 1971 Track Rules Book.

In case two or more contestants tie for fourth place the above method shall be applied to this place for determining the contestant who advances to the Regional and wins the ribbon. This means that ties for the last qualifying position for the Regional must be broken by applying Rule 5-2-I to insure that no meet will send more qualifiers to the Regional than they are permitted. Be sure the contestants are notified of any ties immediately after the event so they will be available for any runoff for the qualifying position. Points are not affected.

Limitations—No contestant may be certified in more than 3 events (including relay) and no contestant may be certified for both relays.

A contestant may be certified in the 880 yard run, mile run and/or two mile run but may participate in only one.

It is recommended, especially in the 440 yard dash, that this race be run in heats, no more than 12 contestants in a heat. Referring to the best performance, the 12 contestants having the fastest times shall be placed in the first heat, the next 12 fastest in the second heat, etc. Four places shall be timed in each heat. It is suggested that there be three watches on each of the four winners.

Note—Each year some schools file entry blanks, then fail to participate in the tournament for some unknown reason. The management makes all arrangements for these teams, and of course the arrangements are upset by the non-appearance of the entrants. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for some reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA Office and the Sectional Center Principal immediately.

Prizes—The IHSAA, will award a trophy to the winning team in each sectional. In case of a tie an additional hole or holes shall be played until a winner is determined.

Suitable ribbons will be provided by the IHSAA, for the members of the three teams qualifying for the Regional meet and the three low Medalists.

Teams—Each school may enter six (6) players and the team must consist of four (4) of these six. The four players must be designated prior to the beginning of the tournament. A number less than four from a school cannot participate. Players should be listed on the entry blank according to team position.

Ties—In all cases of ties, either low-medalists or teams, an additional hole or holes shall be played until the tie is broken. These play-offs will be used to determine the trophy winner as well as determining the low-medalists or teams who will advance to the Regional Meet. Only 3 teams and 3 individuals are to advance to the Regional meet.

Baseball

The LaPorte High School Slicers, who won the first Indiana High School Baseball Tournament Series in 1967, are now the first team to win the championship twice. Four hundred thirty schools, a new record, participated in the sixty-four sectional tournaments. This represented better than 98% of the entire membership.

For the first time the State Tournament was held at Columbian Park in Lafayette. Columbus and Clarksville made their initial appearances in the final four.

LaPorte defeated the Columbus Bulldogs 2-1 in the first game. LaPorte's Tom King struck out twelve batters and walked one to run his season record to 17-1. LaPorte scored solo runs in the first and sixth innings while the Bulldogs scored their lone run in the bottom of the sixth. After a shaky start, Clint Moran of Columbus pitched a fine game.

The Lafayette Bronchos defeated the Clarksville Generals 5-2. The two teams were tied 2-2 at the end of the second inning but the Bronchos scored two more runs in the third for a 4-2 lead. In the seventh inning, the Bronchos scored one more run. In the bottom of the seventh, the Generals made a serious and desperate effort to score some runs. With the first two batters on base by way of walks and the third batter with a 3-1 count, reliever Rick Ponto masterfully struck out the side and saved the game for Lafayette.

In the final game, LaPorte ended Lafayette's 31 game winning streak by beating the Bronchos 4-1. In the second inning, LaPorte scored a run on a tremendous home run over the right field fence by catcher Mark Yates. The Slicers scored another run in the third and two more insurance runs in the fifth inning. Lafayette's only run came in the fifth inning. The championship left LaPorte with a 33-4 record, while Lafayette ended with a 41-3 record.

The Board of Control unanimously selected Mark Yates of LaPorte as the recipient of the fifth annual L. V. Phillips Award. The recipient of this award must excel in scholarship, mental attitude, school citizenship, as well as athletic ability in baseball.

STATE BASEBALL TOURNAMENT SERIES

—Reprinted from May, 1971 Bulletin
THE FIFTH ANNUAL

The Board of Control has completed the details for the State Championship Baseball Tournament and announces the plan in full; with the understanding that the Board of Control reserves the right

to readjust the plan and arrangements for any and all tournaments if conditions arise making changes advisable or cancellations necessary.

The following bases were used in selecting sectional, regional and semi-state centers: (1) Location—geographical with reference to schools desiring to participate; (2) Transportation accommodations; (3) General conditions—attitude of local authorities, fields, entertaining facilities, etc.; (4) Invitation.

GENERAL INFORMATION

1. **BALL**—The Board of Control has selected the Spalding #1 ball as the official ball for the 1971 tournament series. Practice balls must be furnished by competing schools.

2. **LENGTH OF GAME**—All Tournament games are scheduled for seven innings, unless shortened by weather conditions or the game ends in a tie, in which case the game will continue until one team is the winner.

A game shall also end when, if after five innings, a team is 10 or more runs behind and has completed its turn at bat. (Exception—the final state championship game).

3. **OFFICIAL RULES**—The Baseball Rules 1971 National Alliance Edition, will be the Official Rules in all games and tournaments, except as modified by the IHSAA.

4. **SCHOOLS ELIGIBLE**—All schools having full membership in the IHSAA are eligible to enter teams in the tournament series. Each eligible school may enter a team in the tournament series even though its second semester may end before or during the tournaments.

However, only those students who are eligible at the close of school may be used on the tournament team. Seniors who may have graduated at the close of the second semester may participate in the tournament provided they meet all other eligibility requirements.

5. **SINGLE ELIMINATION**—All phases of the IHSAA Tournament are based on the single elimination plan.

6. **MEN IN UNIFORM**—In each of the tournaments, no school shall have more than eighteen players, the team coach (or coaches) and two managers (one of whom must be the bat boy). The eighteen players shall be the ones certified for the tournament. Trainers not in uniform may be permitted on the bench.

The only representatives of a school allowed on the bench are the players, coaches, managers, and a trainer.

7. **COACHER'S BOXES**—The Coacher's Boxes may be occupied by two coaches, one coach and one member of the team or two members of the team and all must be in uniform.

8. **PITCHING REGULATION**—A pitcher may not pitch in more than ten (10) innings in any three consecutive calendar days. This period begins when he officially enters the games as a pitcher.

9. **DECISIONS OF UMPIRES FINAL**—The decisions of the umpires are final and protests arising from the decisions of the umpires or any inadvertent misinterpretation of the rules will not be considered by the IHSA.

10. **HEAD PROTECTOR REQUIRED**—Each batter and runner in all IHSA games and tournaments are required to wear a head protector. "LINERTYPE" HEAD PROTECTORS WILL NOT BE PERMITTED.

11. **PRE-GAME PRACTICE**—Each team will be allowed 15 minutes practice before each game to be used as the coach sees fit. Prior to the championship game, 20 minutes will be allotted each team for batting practice and 10 minutes for fielding, weather permitting.

12. **HOME TEAM**—The first named team in each game throughout the entire tournament is always designated as the "Home Team." It shall have a choice of dugout except when participating against the host team.

13. **CONDUCT OF COACHES AND PLAYERS:**

- A. No coach, player or other person officially connected with the team shall be permitted to smoke on the bench or playing field either during practice or while a game is in progress.
- B. No coach or other school official shall, during the progress of a game, be allowed on the field of play except by permission of the game officials.
- C. Except for those coaches or eligible players who may be serving as coaches at first or third base and players legally in the "next batter" boxes, all other coaches, managers, substitutes and players awaiting their turn at bat shall remain on the players' bench. Umpires will be instructed to enforce this rule to the limit.
- D. The captain and the head coach shall be the official spokesmen and the sole representatives of their team in all communications with the officials.
- E. Abusive remarks to game officials by coaches or players shall be regarded as unsportsmanlike conduct. The offender or offenders shall be disqualified and removed from the bench and playing field.

14. **INTERRUPTED GAMES**—Interrupted tourney games shall start at the point of interruption until it is an official game in accordance with Rule 4, Section 2, Article 4 (a) & (b) of the Official Rules.

Example: At the end of the second inning, game is interrupted by rain. When play is resumed either on that day or a following day the same line-ups shall be used and the game will proceed from the

point of interruption. Runs, count on batter, baserunners, etc. shall be the same when the game is resumed.

If 5 full innings or more have been played at the time of interruption, it is a regulation game.

15. **COACHES CONFERENCES**—Each team may be granted not more than three charged conferences during a game, without penalty, to permit a coach or his representative to confer with a defensive player or players. **PENALTY**—For any charged conference in excess of three, the pitcher must be removed as pitcher for the duration of the game.

Each team when on offense may be granted not more than one charged conference per inning to permit the coach or any of that team's personnel to confer with base runners and/or the batter. The umpire shall deny any subsequent offensive team requests for charged conferences.

Time granted for an obviously incapacitated player shall not constitute a charged time out.

16. **FIELD MARKINGS**—The playing field shall be marked in accordance with Rule 1, Section 2, Article 1. The foul lines should be extended a minimum of 250 feet from home base.

17. **UMPIRES**—Three umpires will be assigned by the IHSA to all sectional and regional tournaments. Four umpires will be assigned to all semi-state and state tournaments.

18. **PLAYING SCHEDULES**—All pairings for all tournaments will be made by a chance drawing by the Board of Control on May 14, 1971. Games will be played according to the way they are drawn on the schedule.

Weather permitting, a minimum of one and one-half hours is strongly recommended between the end of the second semi-final game and the beginning of the championship game.

19. The re-entry Rule 3-1-3 will NOT be used in any of the State Sponsored Baseball Tournaments. A Withdrawn Player shall not re-enter the game.

SECTIONAL TOURNAMENTS

May 24-29, 1971

Many schools have been assigned by counties but there are a number of exceptions. Some changes were made to equalize the number of participating teams resulting in better balanced schedules or the use of less school time. The plan is to have no fewer than 6 teams and no more than 8 teams in each tournament, and the tentative assignment of all schools is given in the list which follows. The winners will constitute the teams in the Regional Tournaments according to assignment. **ENTRY LISTS ARE NECESSARY. AN ENTRY BLANK IS ENCLOSED.**

AUDITED STATEMENT OF CASH RECEIPTS AND DISBURSEMENTS AND OTHER FINANCIAL INFORMATION

THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION
INDIANAPOLIS, INDIANA

ERNST & ERNST

One Indiana Square, Suite 3400
Indianapolis, Indiana 46204

Board of Control
The Indiana High School
Athletic Association
Indianapolis, Indiana

We have examined the statement of cash receipts and disbursements and the schedule of meeting expenses of the High School Athletic Association for the year ended June 30, 1971, and the schedule of securities owned at June 30, 1971. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances. We previously made a similar examination for the preceding year.

We reconciled the balance of cash on deposit at June 30, 1971, with the amount reported directly to us by the American Fletcher National Bank and Trust Company, Indianapolis, Indiana. Our examination included reconciliation of recorded cash receipts for the year with deposits as evidenced by bank statements on file. Canceled checks returned by the bank were compared with the record of cash disbursements and the cash disbursements were supported on a test basis by examination of invoices, expense reports, and other data. Securities owned by the Association at June 30, 1971, were inspected.

In our opinion, the accompanying statement of cash receipts and disbursements, and schedules of meeting expenses and securities owned present fairly the recorded cash transactions of the Indiana High School Athletic Association for the year ended June 30, 1971, and the securities owned by the Association at June 30, 1971.
