MESSAGE TO THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION

By
H. T. McCULLOUGH, President,
Board of Control

The Indiana High School Athletic Association is indeed fortunate to have had earnest, far-seeing and courageous founders more than a half century ago. Those sturdy pioneers viewed their athletic frontiers with fortitude and faith and set out to chart a course and to prepare a way for others to follow. In charting the course of our great organization, those same pioneers drove important stakes from which to survey the unexplored task ahead. Those survey stakes of volunteer membership, democratic administration, integrity, scholarship standards, responsibility of member schools and many others all became firm foundation logs of the first new structure. We are the benefactors of this firm foundation and we are most grateful.

Likewise we are grateful for the many courageous and resourceful schoolmen who have given time and talent through the years to build our great Athletic Association super-structure on the strong foundation set out by its founders. These schoolmen through study, research, careful planning, and excellent administration have made this organization grow in importance and stature. The growth of IHSAA has not been spasmodic and phenomenal but continuous and healthy. Other states have found many features of our organization workable in their states and have adopted them for their own use.

We have every reason to be proud of our glorious past, but this is not the time to pin on our medals and bask in the sunlight of past success. This is the present and there is work to be done. Complacency concerning the past might be the first outward sign of inward decay of the present. The IHSAA is still maintaining its high standards. With increased enrollments, expanded athletic programs and greater athletic participation than ever before, our positions as administrators of high school athletics become more extensive and important. At the present time one of the responsibilities in administration of athletics is in the area of public relations. A well informed student body, a well informed public and cordial athletic relationships with the public press usually indicate that the principal is making good use of the handbook and bulletins sent out by IHSAA.

Current problems of residence and enrollment, age limits, length of seasons, amateur standing and many others will be met, studied and solved in the usual legislative way. The Board of Control, the Athletic Council, Commissioner L. V. Phillips and Assistant Commissioner R. S. Hinshaw stand ready to serve you at all times and solicit your continued cooperation in keeping IHSAA strong and serviceable.

As for the future—no one can foresee or predict—it seems safe to say that new phases of many old problems will be with us for solution. We will need to continue to be alert to new forms of commercialism, professionalism and proselytism. We will need to be vigilant to any actions or forces, which for selfish reasons of personal gain or prestige, might seek to make the membership of our organization no longer volunteer or democratic. The future will need your continued assistance and cooperation to keep IHSAA as steady, workable and progressive as it has been in the past.

HISTORY OF IHSAA

The first attempt to organize the high schools of Indiana in a single Association for the purpose of handling athletic activities was made in a meeting of the Northern Indiana Teachers' Association held at Richmond, in April, 1903. At this time there was a conference of high school Principals, and the conference ended with a body of suggested rules and regulations, called the Richmond Agreement. Due to the fact that there was no central organization having executive power, the Richmond Agreement did little more than point the way toward something better.

Principal J. B. Pearcy, of Anderson, issued a call for a meeting of high school Principals interested in a State Athletic organization for December 5, 1903. At this meeting a provisional constitution was adopted. At a similar meeting on December 29, 1903, a final constitution was adopted and a Board of Control of three members was chosen to administer the affairs of the IHSAA.

The first Board of Control was made up of Principal George W. Benton, Shortridge High School, Indianapolis; Superintendent Lotus D. Coffman, Salem, and Principal J. T. Giles, Marion. These men thought and planned well, and we are enjoying the fruits of their vision.

There were fifteen (15) high schools belonging to the IHSAA, March 1, 1904, and now there are seven hundred sixty-two (762) high schools belonging. The membership has had a gradual growth through the years, and now includes almost all of the high schools in the state. The peak membership of eight hundred twenty (820) was reached in 1942, the year that private, parochial and institutional schools were admitted to the Association.

In the beginning, one member of the Board of Control served as Secretary, but it soon became very evident that this office furnished enough work for a special man. It was also seen that the future of the organization demanded that the office of Secretary be made more permanent than the office of Board Member. Accordingly, at the annual meeting in 1906 the office of Permanent Secretary was established, and Principal J. T. Giles of Marion was chosen by the Principals to be the first Permanent Secretary. Principal Giles resigned on December 26, 1912, and Principal Isaac E. Neff, South Bend, was chosen by the Principals to succeed him. Principal Neff resigned March 15, 1913, and the Board of Control appointed Principal Arthur L. Trester from Alexandria to serve as Permanent Secretary until the next annual meeting in December, 1913. At this meeting, Principal Trester was chosen by the Principals as Permanent Secretary.

The Board of Control consisted of three members, chosen by the Principals in their annual meetings, until the annual meeting of October 27, 1916. At this meeting it was decided to divide the State into five districts for administrative and representative purposes, and that each district should have one representative on the Board of Control, chosen by mail ballot from his own district by the principals of his district.

In September, 1925, by a referendum vote the principals passed a legislative body proposal calling for four members from each of the five (5) IHSAA districts. The five members of the Board of Control, serving ex officio, and the fifteen other members elected by the principals in a mail vote constituted this legislative body. Prior to this plan all legislation was done at the annual meeting or by referendum voting by mail. This Legislative Body of twenty members passed on all proposals submitted by the high school principals. It was the law making body of the Association. The plan was considered a step in advance in state administration and legislation in athletic activities.

On December 13, 1930, the Legislative Body considered and passed without a dissenting vote the provisions for an Athletic Council. The plan in full continued the five IHSAA districts in the state and arranged for five representatives on the Athletic Council from each district by classes determined by enrollments in the high schools, thus making the Athletic Council a body of twenty-five members representing all sizes of high schools and all districts of the state at all times and elected by the high school principals in the membership. A provision was included for the selection of a 5-man Board of Control from the membership of the Athletic Council by the members of the Athletic Council. The Athletic Council took over the duties of the former Legislative Body and is considered the law making body of the Association.

The title "Permanent Secretary," established in 1906, was changed to "Commissioner of High School Athletics" in October, 1929, by the Legislative Body, and the Commissioner was granted the powers and duties belonging to a Commissioner of Athletics. Mr. Trester continued to serve as Commissioner until the date of his death, September 18, 1944. The Board of Control designated Superintendent Morris E. McCarty of Lafayette to serve as Acting Commissioner. In December, 1944, Principal L. V. Phillips of Vincennes was chosen Commissioner to take office January 1, 1945. In 1944, the Board of Control was given authority to employ an Assistant Commissioner. Robert S. Hinshaw, Director of Athletics in Rushville High School, was chosen in November 1945 to take office December 10, 1945 to become the first Assistant Commissioner of Athletics for the IHSAA.

The primary purpose of the organizers of the IHSAA to manage and to foster high school athletics on a high plane has been upheld as an ideal by the Association through the fifty-three years of the life of the IHSAA. New and advanced steps have been taken whenever conditions made them necessary. In the beginning, the Association concerned itself largely with track and football. As time went on it became increasingly evident that the IHSAA should assume the initiative for a well balanced athletic program to meet the needs of all schools and all students desiring to participate in athletics. The Association now sponsors football, baseball, cross country, basketball, swimming, wrestling, golf, tennis, softball and girls' play days. State championships are determined in cross country, swimming, wrestling, basketball, track and golf.

A study of the men who have served on the Board of Control through the years will show clearly that the activities of the IHSAA have been in good hands. The titles and addresses are given as they were when the men were Board of Control members. A complete list of former Board members follows:

PURPOSE OF IHSAA

(Copied from Introduction to first printing of Constitution in 1904)

"The purpose of this organization is the encouragement and direction of athletics in the high schools of the State. No effort has been made to suppress or even to repress the athletic spirit that is everywhere in evidence in our schools. On the contrary, this organization gives recognition to athletics as an essential factor in the activities of the pupil and seeks only to direct these activities into proper and legitimate channels."

CONSTITUTION OF THE INDIANA HIGH SCHOOL ATHLETIC ASSOCIATION

All memberships expire on October 1 of each year unless the annual dues are paid.

Section 4. Associate membership may be extended to any high school accredited by the State Department of Education and operating strictly as a boarding school, with the understanding that:

1. Associate membership shall extend the privilege of participating in single athletic games and contests and invitational tournaments and meets, but not in any tournaments or meets conducted for the purpose of determining an official state championship in the IHSAA.

Borders of the backboard should be marked with a white line three inches in width.
- e. The regulation type of baskets, as described in the official rules, shall be used in all IHSAA tourneys, but other types of baskets may be used in single games by mutual consent prior to the game. Each basket ring and the attaching flange and braces shall be bright orange in color.
- f. The molded type of basketball, tanned in natural leather color, shall be used in all IHSAA tourneys if such balls are available. Other types and other colors may be used in single games by mutual consent prior to the game.
- g. All games other than first-team games shall be played in quarters of six minutes in length.

Rule 3. The National Federation Edition of Track and Field Rules shall govern in Track with the following exceptions:

- a. Rule 2. regarding a Games Committee shall be void.
- b. Scoring:

Four places shall be counted in all meets except the State final meet and the places shall count 5, 3, 2 and 1. In the 1924 Annual Meeting it was voted to score as follows in the State Final Meet: First, 5 points; second, 4 points; third, 3 points;

fourth, 2 points; and fifth, 1 point. Places in the relay races count double for points. In case of a tie in any event, the points shall be divided and the place awarded by lot.

c. Events:

The events in all meets shall be 100 yard dash; 220 yard dash; 440 yard dash; half-mile run; mile run; 120 yard high hurdles; 180 yard low hurdles; running high jump; running broad jump; pole vault; putting 12-lb. shot; mile relay and half-mile relay.

d. Order of Events:

Rule 6. There shall be ten separate days of organized practice under the direct supervision of the high school coaching staff by each player preceding participation in inter-school contests in the following sports: basketball, football, track, cross country, swimming and wrestling. Only one practice may be counted for any one day.

Rule 7. No inter-school basketball games shall be played by students or schools prior to November 1 of each year or after the closing date of the sectional tournaments of the State Basketball Championship Series each year, except by such students and such schools as are participants in the tournaments of The State Basketball Championship Series; and the close of the basketball season for these students and schools shall be not later in any event than the date of the Final Tourney or not later than the elimination of the school in one of these tournaments if earlier than this final tourney date. (The penalty is suspension.)

Students playing independent, league or organized basketball games, before November 1 or after the closing date of the Sectional Basketball Tourney of the State Basketball Championship Series, make themselves ineligible for all inter-scholastic athletics until January 1 of the following year.

Rule 8. The maximum number of games for the regular schedule of any team or any player in basketball shall be eighteen. (The penalty is suspension.)

Rule 9. Teams and players may participate in two basketball tournaments in addition to the tournaments of the State Basketball Championship Series under the following provisions:

- a. The games in one tourney may be in addition to the regular schedule.
- b. The games of the other tourney shall be included within the eighteen game limitation for the season's schedule.

c. Teams or players participating in a tourney which extends into a second week shall not be permitted to enter a second tourney.

d. No tourney shall be scheduled to extend over more than two consecutive weekends.

The penalty for violation of this rule is suspension.

Rule 10. All organized or formal basketball practices by players or teams shall be limited to the period beginning October 1 and ending with the date of the State Final Championship Basketball Tourney each school year.

Rule 11. All basketball tournaments, other than the State Championship Tourney Series, shall be held prior to February 1 of each year.

Rule 11a. No inter-school basketball tourney which involves more than four schools, shall be held without the sanction of the IHSAA, except where all the schools are located in a single county.

Rule 12. "Donkey Basketball," "Skruball" or any similar game in which a basketball and/or basketball goals are used shall be considered a game of basketball. High school students who participate in "Donkey Basketball," "Skruball" or similar games, shall be subject to IHSAA eligibility rules the same as in regular basketball games.

Rule 13. All inter-school football games by players or teams shall be limited to the period beginning with the opening day of school or September 1 if school is not in session and ending November 30 of each calendar year. The penalty to a school for playing football after November 30 of any year shall be suspension, and the penalty for a student so playing shall be ineligibility for all inter-school athletics until the following November 30.

Note: It is assumed that any member school which participates in an inter-school football game under the above rule before the opening day of school does so with the approval of the Board of School Trustees through the Superintendent of Schools.

Rule 14. All organized or formal football practices by players or teams shall be limited to the period beginning August 15 and ending November 30 of each school year.

Rule 15. Football practices shall be held on the regular practice or play field and under the direct supervision of the high school coaching staff.

Rule 16. The maximum number of inter-school games for any player or any team in football shall be ten.

Rule 17. No inter-school contests shall be played prior to the opening of the school year in the fall. (Exception, see Rule 13.)

Rule 18. There shall be no inter-school athletic contests played, or practices held on Sunday.

Rule 19. No games shall be played with high schools of this state not belonging to this Association unless such high school is not eligible for membership in the IHSAA. This rule does not prevent a member of the Association from playing high schools outside of the state nor from playing non-high school teams within the state, pro-

vided all players on the IHSAA teams are eligible in every way and also provided there are no high school students of Indiana on the opposing teams. No athletic contest shall be held with any high school of another state that is not a member in good standing of its State High School Athletic Association, if eligible for membership.

Rule 20. Withdrawal of a high school athletic team from an athletic contest will jeopardize the standing of the school in the IHSAA.

Rule 21. A high school shall not be considered eligible to enter a sectional basketball tourney in the IHSAA in any year unless the team representing the high school has played eight (8) interscholastic games during that season, and before the Official Entry Blank for Tourneys is filed in the IHSAA office.

Rule 22. Participation, directly or indirectly, in the management, supervision, player selection, coaching or promotion of all-star high school teams, high school championship teams or similar teams in contests in any sport, having or not having definite seasons in the IHSAA, unless under the supervision and auspices of the IHSAA by member schools, by their school officials or by their teachers, shall be considered a violation of the spirit and purpose, if not the actual wording of these rules and regulations; and schools violating the spirit, purpose or wording of these rules and regulations as indicated herein shall cause their school to be suspended from the IHSAA for such length of time as the IHSAA Board of Control deems advisable. Approved officials shall be suspended for promoting such contests.

Rule 23. Boys and girls shall not be permitted to participate in inter-school athletic games as mixed teams, nor shall boys' teams and girls' teams participate against each other in inter-school athletic games.

Rule 24. It is recommended that principals, in arranging for games, provide a forfeit of \$10.00 to be exacted should there be a failure on the part of either party to carry out the arrangements made. Should such forfeitures be stipulated and not be paid during the same season, the Board of Control after hearing both sides, shall have authority to suspend the delinquent school from the Association. Notification of such suspension shall be published in the papers with cause therefor.

Rule 25. Pupils may be permitted to play on baseball and softball teams other than teams representing their high school during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA.

a. High school students must not play under assumed names, nor accept remuneration directly or indirectly for their playing.

b. Reasonable meals, lodging and transportation may be accepted by a student if such are accepted in service rather than money or in some other material form. The IHSAA expects all high school students to so conduct themselves at all times that they, their high school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

d. A high school student who participates in a sport during a season on any team other than his high school team, becomes ineligible in that sport for the remainder of that season.

e. High school students, who play on baseball teams other than their high school teams during the school year, must have written permission of their high school Principal on file in the Principal's office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the high school Principal. Note—Permission granted by a Principal to a boy to play baseball on a team other than his high school team during the school year makes the boy ineligible for the high school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the Principal informed about his students.

NOTE: It is not considered a violation of present IHSAA rules for a member school, during the summer vacation period, to sponsor a team composed entirely of its own students in such sports as baseball, softball, tennis, and golf. While an athletic contest conducted under this interpretation would be similar to that of other independent amateur organizations, it is recommended that participating schools, through their principals, mutually agree to abide by IHSAA rules except for such modifications as may be necessary.

f. The IHSAA considers that a high school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the high school Principal in each case.

g. The baseball season is defined as beginning and ending with the school year.

Rule 26. Pupils in schools having modified membership in the IHSAA may participate on the following bases:

a. The pupil must meet the eligibility rules of the Association in all respects.

b. Pupils in the ninth grade in a junior high school having modified membership may not compete on the team of a senior high school.

c. Schools with modified membership may participate in tourneys and meets in accordance with the regulations in Article II, Section 2 of the IHSAA Constitution.

d. Schools having modified memberships may not use grade students, seventh and eighth grade, on their athletic teams in interschool games and contests.

e. Schools with modified membership may not compete with high schools who do not hold membership in the IHSAA.

Rule 27. A ninth grade student who is enrolled in a junior high school without modified membership in the IHSAA, may compete on either the junior high school or the senior high school team, but not on both. Such junior high schools may have teams using pupils of the seventh, eighth and ninth grades, depending on organization of the school. These teams may compete with similar teams from other schools not having modified membership.

DIVISION IV GIRLS' ATHLETICS

Rule 1. Girls' athletics are bound by the rules and regulations of the IHSAA except for participation in Girls' Play Day program.

Rule 2. Rules for girls' contests shall be those published for the National Section on Women's Athletics of the American Association for Health, Physical Education and Recreation.

Rule 3. Inter-school basketball games and tourneys are not recommended for girls.

Rule 4. It is recommended that women coaches and officials be employed for girls' contests and Play Day programs.

Rule 5. Girls' basketball teams may not play in state or national tourneys.

Rule 6. Play Day program for Girls:

a. A Play Day is a meeting of more than two schools where the program consists of games, sports, folk dancing and social entertainment. Participation is on the basis of color or mixed teams chosen by lot and does not represent specific schools.

b. Parents' and physicians' certificates are required for Play Days.

c. Scholarship, out of season participation, age and enrollment requirements are the same as for inter-school competition.

d. Play Days shall be approved by the principals of the schools concerned and certification given for the girls participating in them.

e. Girls who play on color or mixed teams in a Play Day program which may include swimming, archery, tennis, track, volleyball, basketball, softball, etc., do not make themselves ineligible for their own high school teams in these sports in regular inter-school games.

DIVISION V ELIGIBILITY RULES

A. Certification of Eligibility—

Rule 1. The eligibility of all contestants shall be certified to by the Principal of the School in accordance with the rules hereby adopted. Such statements shall be exchanged by the principals, in writing, prior to the beginning of any contest.

Rule 2. In cases of disputes, the Principal must furnish the Board of Control the following data in regard to each contestant: The date and number of semesters of enrollment in high school; the number of years he has been a member of a secondary school athletic

team; date and place of birth; average mark in each subject for the preceding semester in school; average mark in each subject from the beginning of the current term and semester. A school which does not furnish this data shall be denied championship honors, and may be excluded from all games, tourneys and meets.

B. Scholarship—

Rule 1. Each contestant must have and be maintaining for the current semester, a passing grade in each of three or more subjects requiring a minimum of fifteen regular high school recitations per week, exclusive of rhetorical, physical training, military drill and deportment; in his last preceding semester in school he must also have met the same requirements throughout the entire semester.

Military Science and Tactics may be accepted for scholarship eligibility, provided it is approved by the State Department of Education as a full-time, solid subject; that it may be counted toward graduation from high school; and that it cannot be substituted for required courses in physical education.

Interpretation—

The part of Rule 1, Division V, under Scholarship in the IHSAA Rules and By-Laws reading, "—a passing grade in each of three or more subjects requiring a minimum of fifteen regular high school recitations per week" is interpreted to mean—"a passing grade in each of three regular high school subjects having a full semester value and for which a full semester credit is given." The combination of two subjects, not excluded in this Division in the By-Laws, which total credit value is equal to one full semester credit, may be counted toward eligibility for one and only one of the three regular high school subjects of full semester credit value, provided the two combined subjects remain the same subjects throughout the semester in which they are counted.

Students enrolled in a regular high school course granting two credits due to the fact that additional time and study are required to meet academic requirements, may count the grades in this course as equivalent to two subjects.

Rule 2. Students enrolled for the first time must comply with the scholarship requirements of the rules, the average standing required for the preceding semester being obtained from the records in the last secondary school attended.

Rule 3. In each of the subjects representing the minimum requirement of work specified in Rule 1 above, the following shall govern: (a) for the current semester the average of the period grades up to the time of certification must be passing; (b) for the current or school grading period the average of the daily or weekly grades must be passing; (c) if the average of the period grades at the beginning of any grading period is below passing in any subject, the pupil is ineligible as far as that subject is concerned for the entire grading period.

Rule 4. Back work may be made up during the summer and counted toward eligibility provided: (a) it be done in a regularly

approved summer school or according to procedures approved by the State Department of Education (b) no more than two credits be given for work done during the summer months (c) all work be done and the credits be made a matter of final record in the Principal's office prior to the opening date of the semester in which eligibility is desired (d) all work and credits be bona fide in every way and certified as such by the high school Principal. In all other cases, the record at the end of a semester shall be final. Deficiencies in one semester cannot be made up in a subsequent semester for qualification purposes during that semester. An incomplete or condition at the end of a grading period or semester counts as a failure.

Rule 5. Passing work is meant work of such character that credit should be entered on the school records were credit given at the time of certification.

Rule 6. A student who withdraws for the semester within the first 15 days shall not be considered ineligible as to scholarship at the beginning of his next semester of enrollment, provided he was eligible when he withdrew.

Rule 7. Any student who carries at least fifteen hours of regular high school work is a high school student, provided such a student has been promoted to high school in the regular way and according to good school procedure.

C. Enrollment—

Rule 1. No student, who has been enrolled as a high school student in any high school, shall be permitted to participate in any inter-high school contest as a member of another high school until he has been enrolled in such high school for one calendar year, unless the parents of such student actually change their residence to the second school district. In the latter case, the student will be as eligible as he was in the school from which he withdrew.

Rule 2. A student enrolled in one high school of a city or school corporation shall not be eligible in another high school of the same city or school corporation until he has been enrolled in the other high school for one calendar year, unless there are definitely marked school districts and his parents actually change their residence to the new school district.

Rule 3. Students finishing the courses offered in high schools maintaining less than four years of high school work and transferring, are not bound by this section. (See Enrollment Q. and A. No. 6.)

Rule 4. The fact that a transfer has or has not been issued, or that the student pays or does not pay his tuition, has no bearing except when the omission of a transfer or payment of full tuition is done for the purpose of unduly influencing a student to enroll for athletic reasons. (See Undue Influence rule.)

Rule 5. No student who has transferred from another high school shall be certified for inter-school athletics until the principal has on

file an IHSAA Athletic Transfer Blank, signed by the principal of the school from which the student transferred.

Rule 6. No person, who has been enrolled as a student in an institution of college standing, and has done work which may be counted toward a degree in that institution, shall be eligible as a member of any athletic team under IHSAA rules in any contest with any other team, either within or without the State of Indiana.

Rule 7. Enrollment eligibility shall be limited to eight semesters with the understanding that a student who enrolls in the ninth grade for the first time at the beginning of semester two may choose either his first or ninth semester for enrollment eligibility. A mid-year student who participates in any sport during his first semester becomes ineligible for all sports during his ninth semester. Note: Not retroactive for midyear students enrolled prior to the 1956-57 school year.

Rule 8. Any student who has been enrolled more than fifteen (15) school days between September 1 and December 1 for four times, shall be ineligible for football.

Rule 9. Any student who has been enrolled more than fifteen (15) school days between December 1 and March 1 for four times shall be ineligible for basketball, except a student who entered high school for the first time during the second semester of a school year and who did not participate in any game during this semester, shall not be ineligible for basketball until he has been enrolled thereafter fifteen (15) or more days between December 1 and March 1 for four times.

Rule 10. A student who has participated in one or more inter-school athletic contests, and who is forced to withdraw for the semester during the first fifteen (15) school days because of a disability incurred in connection with athletics, shall not be considered as having participated for that semester. The disability shall be certified to by a physician licensed to practice medicine in Indiana.

Rule 11. Any student who has been enrolled more than fifteen (15) school days between March 1 and June 1 for four times, shall be ineligible for baseball, track, golf, tennis and other spring sports, except a student who entered high school for the first time during the second semester of a school year and who did not participate in any game or meet during this second semester shall not be ineligible for baseball, track, golf, tennis and other spring sports until he has been enrolled thereafter more than fifteen (15) or more days between March 1 and June 1 for four times.

Rule 12. A student who withdraws for the semester within the first fifteen (15) days of school without having participated in an inter-school athletic contest, shall not be considered as having had an opportunity to participate that semester.

Rule 13. In order to be eligible for athletic competition during any semester, a student must have entered some high school within the first fifteen (15) school days of the semester in which the contest occurs.

Rule 14. Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have been enrolled, then enter the new school in the district in which their parents reside with eligibility in each school during enrollment therein.

A student who resides with his parents and attends high school in their residence district may remain as a student with eligibility in athletics in this high school even though his parents move to another school district, provided no undue influence is attached to the case in any way. (This rule is primarily to enable seniors to remain in the school in which they enrolled and remain eligible to compete in athletics when it is impractical for them to move with their parents.)

In every instance when the parents of an underclassman move, the principal must inform the parents of the IHSAA rule and if the athlete remains in the school after his parents move from the school district, it shall be the duty of the principal to check before he is certified for athletic eligibility. The principal shall report the circumstances and reasons why he remained in the school district on the form prepared for that purpose. This report shall be sent to the IHSAA Office and to the principal of the high school in the district to which the parents moved. A student is not eligible under this rule until his residence eligibility report has been reviewed by the IHSAA.

Rule 15. A student who, because of unavoidable circumstances such as the death of the parents or guardian, finds it necessary to change residence from one high school district to another in order to have a home, may be declared eligible by the Board of Control, provided the principal of each high school files a statement, with supporting evidence, with the Board of Control as proof that the change was necessary and that no undue influence was attached to the case in any way. If any action of a legal agency is to be submitted as evidence of unavoidable change of residence such action should be taken prior to the student's enrollment in the new school.

Rule 16. Change of residence as used in these rules shall mean a bona fide move about which there is no question. If the case is that of a change of residence of parents, the change shall be definite and complete.

D. Participation—

Rule 1. Any student of a high school who participates in an athletic contest as a member of any other similar team the same season, shall be ineligible to compete under these rules for the remainder of that season.

Rule 2. A student, who has played in one or more inter-scholastic games in any season shall be regarded as having engaged in athletics for that season. (See Exception, Rule 10, under "Enrollment.")

Rule 3. A student who has participated in an inter-scholastic contest any one semester when ineligible is ineligible the remainder of that semester and all of his next semester in school.

Rule 4. A high school student who participates for demonstration purposes, or otherwise, in a coaching school or clinic outside the State of Indiana becomes ineligible for inter-school athletics for a period of time as may be decided by the Board of Control.

E. Parents and Physicians' Certificates—

Rule 1. Previous to a student's first practice for any inter-scholastic athletic contest, he shall have on file in the Principal's office for each school year, a Parent and Physician's certificate of Physical fitness, giving the written consent of the father, mother or guardian for such athletic participation. The physical examination shall be made prior to the student's first practice for any inter-scholastic athletic contest by a physician licensed to practice medicine in Indiana.

Rule 2. Previous to the student's first inter-school participation, the Principal shall certify to the IHSAA that the certificates required herein are on file in his office.

Rule 3. A student properly certified to participate in inter-scholastic athletic activities, who is absent from school or who is physically unable to practice for five consecutive days due to illness or injury, must present to his Principal a statement from a physician licensed to practice medicine in Indiana that he is again physically fit to participate in inter-scholastic athletics.

F. Undue Influence Rule—

Rule 1. The use of undue influence by any person or persons to secure or to retain a student or to secure or to retain one or both of the parents or guardians of a student as residents, may cause the student to be ineligible for high school athletics for a period subject to the determination of the Board of Control and shall jeopardize the standing of the high school in the IHSAA. By action of the Athletic Council and Board of Control this rule is interpreted to include any undue influence that may be exerted by anyone on a student who has not yet entered the ninth grade, to enroll in a high school other than his home high school or the one he ordinarily would be expected to attend or any school where he and/or his parents previously had filed a choice of subject matter card or other written evidence of preliminary enrollment or registration.

G. Post Graduates—

Rule 1. Post graduates are not eligible but students graduating from regular courses of less than four years in length shall not be deemed post graduates.

Rule 2. A student is a post graduate of a high school when he has completed the work required for graduation by that school and has received his diploma provided the school offers four years of work.

Rule 3. Students meeting requirements for graduation in three and one-half years in a high school with a regular four-year course shall be eligible to participate in school athletics the last half of the

fourth year, provided they meet all other eligibility rules of the IHSAA.

H. Age—

Rule 1. Students shall be ineligible for any athletic competition upon reaching twenty years of age.

I. Amateurism—

Rule 1. All contestants in the IHSAA must be amateurs.

Rule 2. Professionalism is defined in the IHSAA as accepting remuneration, directly or indirectly, for playing on athletic teams, for officiating in athletic games or for managing athletic teams; or playing, officiating or managing under assumed names. Reasonable meals, lodging and transportation may be accepted, if accepted in service and not in any other way. Any high school student who directly or indirectly signs a professional contract loses his amateur standing and immediately becomes ineligible for all high school sports.

Rule 3. A high school student shall be considered as violating his amateur standing if he participates in athletic activities, schools, try-outs, practices and games held or sponsored by professional athletic organizations, clubs, or their representatives during the season of a sport or between the seasons of a sport. This rule applies to all sports except baseball during the summer vacation. (See Rule 4 following.)

Rule 4. A high school student shall not be considered as violating his amateur standing if he participates, during the summer vacation, in baseball schools and clinics sponsored by professional major and minor league baseball clubs.

Note—Any employee or school official of a member school who acts as an agent or encourages any negotiations between a high school student and representatives of Organized Baseball prior to the student's graduation, is violating the Agreement between the National Federation and Organized Baseball. Such action on the part of any employee or school official may cause his school to be suspended from the IHSAA for a period of time to be determined by the Board of Control.

Any evidence that a representative of Organized Baseball is attempting to or has signed a student prior to graduation should be reported to the IHSAA at once. This is a violation of the Agreement between the National Federation and Organized Baseball, and the penalty for such action is under the jurisdiction of Organized Baseball.

Rule 5. High school students may participate in independent golf tourneys and meets during the summer vacation period without violating their amateur standing, provided they do not accept cash or merchandise prizes or the equivalent thereof. Medals or trophies may be accepted.

Rule 6. No high school student shall be eligible to participate in any inter-school contest under the rules of the IHSAA, if it shall be shown that he or any member of his family is receiving any remuneration, either directly or indirectly, to influence him or his family to reside in a given school district in order to establish eligibility on the team of said school, and any school permitting such participation shall, upon satisfactory evidence, submitted to the Board of Control, be suspended by them from membership in the IHSAA for a term of not less than one year. This rule shall not interfere with the right of high school pupils to work during vacation or during out of school hours in order to earn their way through high school. It shall apply to the use of any funds created by gift or by subscription with the intent of offering them or parts of them for the free use of the player or any member of his family as an inducement to get them to change their residence to the district of the said school and to maintain residence therein.

Rule 7. Reinstatement of Amateur: A high school student, who has violated his amateur standing according to the rules and by-laws of the IHSAA may apply to the Board of Control for reinstatement as an amateur in the association one calendar year after the date he was declared ineligible on account of the violation, provided he has been in school throughout the year.

The application shall be signed by the student and his high school Principal, and shall certify that one calendar year has elapsed since the student was declared ineligible and that the student has not violated amateur rules during that calendar year.

J. Conduct—

Rule 1. Any student, whose conduct or character is such, in the judgment of the Board of Control or his high school Principal, as to reflect discredit upon his high school or upon the IHSAA, is not eligible.

K. Married Students—

Rule 1. Married students shall not be eligible for participation in inter-school athletic competition.

Rule 2. Students who have been divorced or whose marriages have been annulled are bound by the above rule.

L. Ineligibility.

Rule 1. In cases in which an ineligible student has been used, the high school Principal shall be held responsible and take action as set out in the succeeding rules.

Rule 2. Inform the IHSAA office definitely by giving the name of the student, the cause of ineligibility, the list and scores of contests in which the pupil participated when ineligible, how the error was made and other particulars about the case.

Rule 3. Send definite and explanatory letters to the opponent Principals of contests in which the student participated when in-

eligible, forfeiting points, games and honors won, and requesting these Principals to notify the IHSAA office as soon as they receive these letters.

Rule 4. Consider and so declare the student not only ineligible for all athletics for the current semester, but also for all of his next semester following. Note—The IHSAA reserves the right to request additional information and to make final decisions after a careful investigation has been made.

DIVISION VI PRIZES AND AWARDS

Rule 1. The giving and receiving of awards and medals shall: (a) be kept within reasonable bounds; (b) have symbolic value only, and (c) be done by and with the consent and under the supervision of the high school principals concerned.

Note—The giving and receiving of awards by and with the consent and under the supervision of the high school principals concerned shall mean that the high school principal in each school shall have real control and supervision without pressure of any kind from outside persons or groups of persons.

Rule 2. Only one sweater, jersey, jacket, blanket or similar article may be given in each sport to a high school student for participation in athletics in high school.

Rule 3. Awards such as a trophy, metal football, metal basketball, metal track shoe or similar article of symbolic value only may be given in addition to the one award permitted in Rule 2, provided the cost of the award shall not be more than the cost of the award in Rule 2.

Note—The word "symbolic" shall be understood to refer to a symbol, an emblem, or a token rather than to an article having intrinsic value. A diamond ring, a gold watch, an automobile or similar awards do not fall under the term "symbolic" even if the award is duly inscribed. An inscription cannot validate such awards in the IHSAA.

Rule 4. Schools belonging to athletic conferences, or participating in tournaments and meets under the rules of the IHSAA, except in the championship series conducted by the IHSAA, may make awards to the winning school or winning participants, provided such awards are made within the bounds of Rules 1, 2 and 3.

Rule 5. Suitable awards may be given by such organizations as: service clubs, patriotic organizations, civic groups, Dads' and Mothers' clubs, and the sports department of a newspaper or radio station. No awards should be accepted which, in any way, advertise any firm or individual so far as commercial or business interests are concerned.

Rule 6. The Board of Control shall have the authority to designate, give and control the medals and trophies to be awarded to the

schools and to the individuals on state championship teams in any sport, with the understanding that these be kept within the bounds of Rules 1, 2 and 3.

Rule 7. Awards, medals, recognitions, gifts, trips and honors shall not be accepted by players or schools from colleges, universities and higher institutions of learning or their alumni. High school athletes should be permitted to complete their high school careers without being molested by outside sources.

Rule 8. Athletic equipment is considered as merchandise. Any student who attempts to evade the rule by "purchasing" a merchandise prize for a nominal or token sum will be considered as having forfeited his amateur standing in the IHSAA.

Rule 9. Penalties for violations of the above rule should be determined by the Board of Control after all the evidence and circumstances have been considered.

QUESTIONS AND ANSWERS REGARDING THE RULES, REGULATIONS, INTERPRETATIONS AND STANDARDS OF THE IHSAA

In order that the rules and regulations of the IHSAA may be as clear as possible, it has been thought advisable to print for general distribution these questions and answers. The correspondence of the IHSAA has been gone over carefully and has furnished these questions and answers almost entirely. The questions are real ones, as they have been asked by high school principals, coaches, superintendents, teachers, school board members and others who are in control or manage athletics in their respective schools and communities. The answers have been given according to the rules of the Association and the interpretations of the several Boards of Control. It is hoped that these statements will clarify our rules and regulations, as well as establish working ideals and policies for the IHSAA.

BASEBALL AND SOFTBALL

The following statements have been authorized by the Board of Control:

a. High school students may play on independent baseball teams during the summer when school is not in session without jeopardizing their standing or the standing of their school in the IHSAA provided they do not play under assumed names and also provided they do not accept remuneration, directly or indirectly, for their playing. (For information concerning the participation of high school students in schools and clinics sponsored by Organized Baseball, see Division V, Rule 4 under "Amateurism.")

b. Reasonable meals, lodging and transportation may be accepted by the students if such are accepted in service rather than in money

51

or in some other material form. The IHSAA expects all high school students to so conduct themselves at all times that they, their high school and the State Association will be honored.

c. All such playing should be checked carefully and frequently. The requirements should be extended to all students. Managers of independent teams should be warned of the dangers of using high school boys on baseball teams. A professional in one sport is a professional in all sports as far as eligibility in the IHSAA is concerned.

d. High school students, who play on baseball teams other than their high school teams during the school year, make themselves ineligible for baseball in high school in that school year.

e. High school students, who play on baseball teams other than their high school teams during the school year, must have written permission of their high school Principal on file in the Principal's office prior to the participation. The responsibility of securing and filing this written permission rests with the student, the manager of the non-high school team and finally with the high school Principal. See Note.

f. The IHSAA considers that a high school is entitled to the high school students in baseball during the school year and that participation in baseball elsewhere should not take place except by the written permission of the high school Principal in each case. See Note.

Note: Permission granted by a Principal to a boy to play baseball on a team other than his high school team during the school year makes the boy ineligible for the high school team in baseball. No permit can be issued to violate any of the rules of the IHSAA. The purpose of the permit is to keep the Principal informed about his students.

BASKETBALL PLAYING

A. No, the game limitation requirement holds for teams as well as players.

* * * *

A. No, the wording of the rule and the spirit of the rule are clear and binding.

* * * *

13.

Q. Are vocational, agricultural and similar teams and players bound by the rules and regulations of the IHSAA?

2.

Q. Who is a "paid" coach?

A. Any person who receives, directly or indirectly, remuneration of any kind—money, traveling expenses, gifts, etc., from outside sources—in return for services rendered in instructing or coaching any high school athletic team. See number one above.

54

3.

Q. Are "paid" coaches permitted in the IHSAA?

A. No, any remuneration received by a coach must come from the school trustee or the school board from school money and not from other sources.

CONTRACTS

* * * *

3.

Q. If contracts specify that first teams shall participate, can second teams be used?

A. No, it is recommended that contracts specify the ranking of the teams.

* * * *

4.

Q. If game contracts do not clearly specify the ranking of the teams what ranking is understood as binding?

A. First team ranking.

* * * *

5.

Q. How may high school Principals secure blank contracts for games and officials?

A. By writing to the Commissioner.

ENROLLMENT

(See Undue Influence Rule. It Takes Precedence.)

1.

Q. What is a five-year man?

A. Students who have been enrolled in high school for more than fifteen (15) school days between September 1 and December 1, or

55

between December 1 and March 1 or between March 1 and June 1 for four times are ineligible respectively, for football, basketball and spring athletics, with the following exceptions:

A student who enters high school for the first time at the beginning of semester II of any school year, may be enrolled four times of fifteen (15) or more school days each between December 1 and March 1 following this first semester of his enrollment, and he may be eligible for basketball for these four seasons provided he does not play in any game during his first semester of enrollment. A student, who enters high school for the first time at the beginning of semester II, may be enrolled four times of fifteen (15) or more school days each between March 1 and June 1 following this first semester of enrollment, and he may be eligible in spring athletics for these four semesters, provided he does not participate in spring athletics during his first semester of enrollment. Participation in a sport in a school year counts as participation in that sport for one school year.

* * * *

2.

Q. May a student, who has been in high school four full years, but who has not participated in any athletics, participate in athletics?

A. No, enrollment rather than participation is the determining factor in such cases.

* * * *

3.

Q. Which is the determining factor in eligibility—enrollment or participation?

A. Either one may cause ineligibility. Both are factors and must be considered.

* * * *

4.

Q. If a student changes high schools, when is he eligible?

A. He is just as eligible in the new school as he was in the old school, provided his parents actually, legitimately and correspondingly change their place of residence to the new school district and provided the student changes high schools at that time. Students, whose parents change their place of residence during a semester, may complete the semester in the school in which they have enrolled. If the parents do not actually change their place of residence to the new school district, the students will be eligible after they have been enrolled one calendar year in the new school, provided no undue influence is used by any person to secure them as students or their parents as residents. See "undue influence" rule.

56

5.

Q. What is considered enrollment in a semester?

A. Attendance for any length of time or enrollment that may be considered attendance for any length of time. (See exceptions under "Enrollment" Division V.)

* * * *

6.

Q. When are students, who finish the work given in one high school, eligible in another high school?

A. Students finishing the work in a high school giving less than four years of high school work are just as eligible in a new high school as they were in the old high school. Students who complete the ninth grade in a junior high school in a school corporation that also maintains a senior high school are not considered eligible if they enroll in a high school outside that school corporation.

* * * *

7.

Q. What is a semester?

A. One-half of a school year constitutes a semester in the IHSAA and parts of two semesters or a part of one semester does not make a semester.

* * * *

8.

Q. Does the fifteen (15) day enrollment requirement mean school or calendar days?

A. School days.

* * * *

9.

Q. If a student fails in all subjects for a semester does this enrollment count as a semester?

A. Yes, enrollment is enrollment and always counts as such.

* * * *

10.

Q. Is a student, who has been out of high school for a semester or more and who has played independent ball during that time, eligible when he enters school at the beginning of a semester?

A. Yes, unless he violated his amateur standing in some way by playing on the independent team and provided he is eligible in all other ways.

* * * *

11.

Q. Are legal guardians considered as parents in the IHSAA?

57

A. Legal guardians may be considered as parents if the guardianship papers issued by an authorized Court are submitted and approved, and if the student has been living with the guardian. The Board of Control reserves the right to check and act on the circumstances of a guardianship at all times.

* * * *

12.

Q. If a student transfers from a high school located in one city or school district to a high school in another city or school district, how is his eligibility determined?

A. By applying the requirements of the change of high school rule in the IHSAA Constitution and By-Laws.

Following are some statements which will help to clarify the "Change of Residence Rule":

1. Under normal circumstances, a student is expected to attend high school in the district where his parents reside.

2. If the parents move to another school district, the student is eligible as follows: (a) if he changes schools at the same time parents change residence, (b) if parents change during a semester, the student may change at the end of that semester but no later and (c) student need not change schools at all, provided no undue influence is used to retain him there. A student not transferring who is an underclassman is not eligible until a "Residence Eligibility After Parents Move From District" form has been reviewed by the IHSAA.

3. A student who changes high schools without a corresponding change of residence by the parents is ineligible for one calendar year—but if the parents actually change their residence to the new district within the year, the student becomes eligible immediately.

4. If a student attends a high school outside his home school district and subsequently returns to his home high school, he is ineligible for one calendar year. This also includes military, private, and religious schools which offer work on the secondary school level.

5. A student who changes high schools because of unavoidable circumstances such as the death of a parent or guardian may be declared eligible by the Board of Control, provided the principal of each school concerned signs a statement that the change was unavoidable, in order that the student have a home. Each case is checked carefully before a decision is made.

6. A student, who changes high schools because of an action by the Court, Welfare Department or similar agency, may be considered eligible provided such action is taken prior to the student's enrollment in the new school and a copy of the action making such transfer is filed with the IHSAA.

7. It is the duty of the Principal to check carefully the record of every student who transfers from another high school. The Principal should also advise students who contemplate making a change of schools as to the rules of eligibility regarding change of residence.

8. No student who has transferred from another school is eligible until the Principal has on file an IHSAA Athletic Transfer Certificate.

58

GAMES

1.

Q. What is considered a game of basketball?

A. A game of any kind in the IHSAA is an "inter" contest as distinguished from an "intra" contest. An "inter" scrimmage is a game.

* * * *

2.

Q. May a member school of the IHSAA schedule and play single games with teams and schools in Indiana not members of the IHSAA?

A. Yes, provided these teams and schools are not high schools eligible for membership and also provided the members of the IHSAA observe all of the rules of the IHSAA. There should be no high school students on the non-member teams, except high school teams not eligible for membership.

* * * *

3.

Q. What is the difference between a preliminary game and a regular game?

A. There is no difference as far as the IHSAA is concerned, as the same rules and regulations govern.

* * * *

4.

Q. If a "practice" game of basketball is played is it to be counted as one of the eighteen games on the regular schedule?

A. Inter-"practice" games are regular games and must be counted as such. Intra-"practice" games are not counted as regular games. In fact, there are no such things as practice games in the IHSAA. There are practice games within the school only.

* * * *

5.

Q. Does the omission of an admission charge make any difference as to the designation of a contest as a game?

A. No, games are "inter"-contests or "inter"-scrimmages with or without admission charges.

* * * *

6.

Q. Is an alumni game considered a game?

A. Yes, such must be counted as one of the games permitted on the regular schedule.

59

7.

Q. What is considered an "inter" game or an "inter-scrimmage?"

A. Participation of students in an athletic contest with or against players not belonging to their high school constitutes a game. A "scrimmage" by students with or against teams or players not belonging to their high school is considered a game.

* * * *

8.

Q. What date marks the end of the football season?

A. November 30 of each year.

* * * *

9.

Q. May football practices be held any time during the school year?

A. No, organized or formal football practices must be limited to the period beginning August 15 and ending November 30 of each school year.

* * * *

10.

Q. May a member school of the IHSAA schedule and play single games with high schools of other states?

A. Yes, provided the high schools of these other states, if eligible for membership, are members in good standing in their state high school athletic associations. The Principal is obligated to check this matter carefully.

* * * *

11.

Q. May practice periods in one high school be counted as such in another high school where a student changes high schools?

A. Yes, provided definite proof of the practice periods are on file from the Principal of the school in which the practices were held.

* * * *

17.

Q. May member schools participate in meets and tournaments, in Indiana or in other states, in which more than two schools are entered, if one or more of these schools are non-members of their own state high school athletic association?

A. No.

* * * *

18.

Q. May students participate in inter-school contests after their school is closed?

A. Due to the great variation of time in which member schools close in the spring, (a) students may represent their schools in meets and tourneys sponsored by the IHSAA; (b) they may participate in scheduled contests where one of the two schools is still in session; (c) they may participate in a contest where both schools are closed, provided it was a regularly scheduled contest that was postponed because of weather conditions; and (d) graduating seniors may participate in contests according to the above conditions, even though they may have received their diplomas.

GIRLS' ATHLETICS

INDIANA LEAGUE OF HIGH SCHOOL GIRLS' ATHLETIC ASSOCIATIONS

—Purpose—

Many girls in high school are interested in a more extensive program of physical education than can be provided in the regular

61

physical education classes. This desire for a more extensive physical education program has led many high schools to organize some type of girls' athletic association. In 1931 the Indiana League of High School Girls' Athletic Associations was formed, with the purpose of stimulating the co-curricular phase of the high school girls' physical education program. Membership in the League is open to any high school in the state of Indiana. The League has the endorsement of the Indiana High School Athletic Association and the Division of Health and Physical Education of the Indiana State Board of Health.

The State League offers much to both physical education teachers and student. It provides opportunities for sponsors and students to exchange ideas, share problems, receive encouragement, and engage in a variety of learning activities. The enthusiasm generated through the enjoyment of learning and doing things with people of like interests is one of the main reasons the League is steadily growing.

—Activities—

Each organization carries on its own program of varied activities for which points are given. The purpose of awarding points is to encourage regularity of attendance and to furnish a uniform basis for awards, if a school desires to use awards. The *Sponsor's Handbook* explains the suggested point system.

The State League sponsors activities on both a state and a district basis. Each spring the League, with the co-operation of a state college or university physical education department as host, sponsors a Wall Plaque Winners' playday. Attending this playday is perhaps as great an honor as winning the wall plaque, for here outstanding girls from all over Indiana come together for a day of fun and sport. Each fall the League sponsors a State Leadership Camp—training girls and inspiring both girls and sponsors to be better leaders in their organization, school, and community. District activities include dance days, playdays, basketball clinics, and weekend camps—usually two or three such activities each year.

"Sportingly Yours," published six times yearly, contains news of other G.A.A. groups, ideas, new materials, bulletin board materials, and professional articles. Both sponsors and students find it interesting and helpful. "Sportingly Yours," the official organ of the Indiana League, is edited by a high school G.A.A., and is published by the Indiana State Board of Health.

63

or Principals regarding the participation of 9th grade students in inter-school athletics.

6. The IHSAA does not attempt to determine or classify junior high schools and senior high schools. The Association is interested in the athletic activities of the 9th, 10th, 11th and 12th year students in inter-school games and contests.

7. A 9th grade student, in whatever type of school enrolled, is subject to the rules and regulations of the IHSAA when participating in inter-school athletics.

8. A 9th grade student in a junior high school not holding modified membership, may participate on the junior high school team or on the senior high school team in a sport during the season, but he cannot participate on both teams in a sport during the season.

9. A ninth grade student may participate on a team made up of 7th, 8th and 9th grade students, or on a team made up of 8th and 9th grade students, and these teams may play against similar teams from other schools provided the games are under the supervision of the responsible Principals. This statement covers only those 9th grade students enrolled in high schools not belonging to the IHSAA.

10. Students below the 9th grade are never eligible for high school teams whose schools are members.

11. The IHSAA has no jurisdiction over students below the 9th grade.

12. The IHSAA believes that 9th grade students belong in athletics to the schools, junior or senior, in which they are enrolled, but the above regulations have been made to meet the many situations presented by the several school arrangements in the state causing the 9th year student to be enrolled in 8-4, 6-6, 6-3-3, 6-2-4, etc.

13. The IHSAA believes that a system of schools should have rules and regulations in inter-school athletics that are somewhat uniform. There are good reasons for introducing and requiring in the junior high school rules and regulations in athletics required in the senior high school.

14. The participation of a 9th grade student in inter-school games as well as his enrollment in the 9th year must be considered and evaluated in the same way whether he be enrolled in the junior high school or in the senior high school.

15. All 9th, 10th, 11th and 12th grade students must have been regularly promoted from the 8th grade in order to be considered eligible for athletics.

16. Ninth grade students, who are members of teams made up of 7th, 8th and 9th grade students, or 8th and 9th grade students, are permitted to enter tourneys and meets in accordance with rules provided for Modified Members. (See Article II, Section 2 of the Constitution.)

17. All IHSAA supplies and publications will be sent to junior high school Principals upon request.

18. See modified membership regulations immediately following.

Junior and Senior High School Modified Membership Regulations

Modified membership may be extended to any high school accredited by the State Department of Education offering and maintaining less than three years of high school work with the understanding that such modified membership shall extend the privilege of participating in single athletic games, contests, tourneys, and meets with other modified members. Modified membership also shall permit teams from modified members composed of ninth and/or tenth grade students to compete against teams from full members composed of ninth and/or tenth grade students in single games, contests, tourneys and meets without special restrictions as to the number of teams entered, trial runs, or geographical location within the state.

Schools holding modified memberships are not eligible to enter teams in state tourneys or meets. It must be clearly understood that a modified membership is a membership in the Indiana High School Athletic Association that requires the Principal to subscribe to all of the rules and regulations of the Association.

Some questions and answers regarding modified memberships follow:

1.

Q. What type of school may hold a modified membership?

A. A high school offering and maintaining less than three years of high school work.

A. No, these students are not eligible for any teams in high schools holding any type of membership in the IHSAA.

* * * *

Interstate basketball tourneys are forbidden by the National Federation to which Indiana belongs.

* * * *

13.

Q. This question is often asked: "What will be the penalty for violation of such and such a rule?"

A. Penalties in the IHSAA are not assigned in advance, as this democratic organization is built on the idea that the observance of its rules and regulations is more to be desired than the enforcement of them. The IHSAA believes that the essence of proper and willing observance is higher than enforcement and that we should resort to enforcement only when observance fails.

* * * *

72

3.

Q. May member schools play against College, Y. M. C. A. and independent teams?

Wherever and whenever in the IHSAA membership the conditions are found to be such that the high school Principal is not the administrative head in name and in fact of the inter-school athletic activities of the high school and of the students in the high school, the Board of Control will consider that the member school has broken its agreement with the IHSAA and has in fact removed itself from the membership in the Association.

the home of a brother in Logansport. She said she had no property other than personal effects and an automobile. (d) In order to establish legal residence, she registered in August and voted in the November city election. (e) That due to the condition of her mother's health and advanced age, she and Robert alternated spending considerable time in the home of the mother.

Principal Mertz filed statements from the office of the Clerk of the Cass County Circuit Court showing that Mrs. Catron had registered August 10, 1955, and voted in the November 8, 1955, Logansport city election. He also filed a statement by Harry A. Koss, Superintendent of Logansport Schools, that Robert Catron had been accepted as a resident student based on his mother's change of voting residence.

No evidence was filed as proof that there had been any undue influence attached to the case.

Decision—After giving careful consideration to all the evidence presented, the Board ruled that Robert Catron may be considered eligible as to residence at Logansport High School, with the understanding that Principal Harold Mertz be prepared to defend his school against any charges of undue influence which may be filed at a future date.

This boy had been suspended temporarily by the IHSAA during the 1954-55 season because of rough tactics on the basketball court. The Board voted to commend Principal Cull for his prompt action in suspending Hill indefinitely from the basketball squad because of his conduct in the Seymour-Southport game.

WOMEN OFFICIALS

Consideration was given to a request for reduction of the fees charged women for registration and dues as IHSAA officials. Since the present fee is only two dollars for processing the application with one dollar a year dues, it was decided to make no change at this time.

The Commissioner reported that of the \$25,000.00 in U. S. Securities due December 15, 1955, \$15,000.00 would be needed for current expenses. The Board authorized the deposit of this amount in the checking account with the remaining \$10,000.00 to be reinvested in U. S. Securities.

BASKETBALL TOURNEYS

The Board reviewed the work done at previous sessions on the 1956 State Championship Basketball Tourney series. Final approval was given for the location of sites, ticket prices, number and pay of officials, distribution of tickets, approval of two-site and divided one-site tourneys, and other details necessary to the conduct of the entire tourney series. The Commissioner was directed to sign definite contracts in duplicate with all tourney center principals, to prepare the tourney bulletin for distribution to the member schools and the press, setting forth all details in connection with the conduct of the tourney. The Commissioner's office was authorized to make minor adjustments which may be necessary in publishing the tourney bulletin.

Approval was given for Mr. Fred Gorman of Technical High School to assist in the management of the State Final Tournament.

In view of the fact that Indiana now has twelve television stations in operation covering almost the entire state, consideration was given to the probable effects of television on attendance not only at the tourneys being televised, but also at the many other tourney centers within reach of televised tourney games. It was the unanimous opinion of the Board that the maximum amount of television permitted be the championship games only of the sectionals, regionals and semi-finals plus the three games of the State Final Tourney. It was also agreed that there would be a guarantee of attendance based on the situation at each tourney site where television is proposed. The Commissioner was authorized to negotiate with the center principal as to the amount of guarantee to be requested at the various centers where television stations are located.

The Board of Control adjourned to meet again in Indianapolis on January 13, 1956, at 1:30 p.m.

The minutes of the previous meeting were approved as written.

Assistant Commissioner Hinshaw reported on the National Federation Football Rules Committee Meeting at Nashville, January 4 to 8.

The Commissioner reported that on December 15, 1955, \$25,000.00 in U. S. Securities came due and that \$15,000.00 was deposited to the checking account for current expenses. The remaining \$10,000.00 was reinvested in U. S. Treasury 2% Notes.

LAKEVILLE—BOURBON

Following the Lakeville-Bourbon basketball game played at Bourbon, December 13, 1955, Referee Ed Burke (Mishawaka) filed a written report to the effect that Coach Edward Longfellow of Lakeville had objected to the officiating and that twice had come on to the floor to question decisions. A total of four technical fouls were called on the coach for his infractions. Mr. Burke wrote, "Mr. Ed Longfellow was arrogant, disrespectful, and showed conduct unbecoming a coach and a school teacher." Also, "By his actions he incited his players and fans alike."

Written reports also were filed by Principal Oscar Valentine (Lakeville), Principal E. P. Smith (Bourbon), Umpire Everett Beagle (Plymouth), the other official, and Coach Edward Longfellow (Lakeville).

While there were differences as to details, there was no disagreement in the reports as to Coach Longfellow being on the floor questioning the decisions of Referee Burke. Principal Valentine stated that before he left the gymnasium he had offered apologies to the Bourbon principal and coach and to Referee Burke for the conduct of the Lakeville coach.

Decision—1. Coach Edward Longfellow is severely censured and reprimanded for his unsportsmanlike conduct toward Referee Ed Burke.

2. Coach Longfellow is directed to write an appropriate apology immediately to Referee Burke, copies of which are to be filed with the Principal of Bourbon High School and the IHSAA.

3. Principal Valentine is to inform Coach Longfellow and Lakeville fans emphatically that further unsportsmanlike conduct such as occurred at Bourbon will be considered cause for invoking a serious penalty against Lakeville High School.

DESOTO—HARRISON TOWNSHIP (GASTON)

Referee Jack G. Parkinson (Yorktown) reported in writing that during the DeSoto-Harrison Township basketball game at DeSoto, January 6, 1956, he was struck above the left eye by a DeSoto player who had been ejected from the game because of unnecessary roughness. Written reports were also filed by Principal Harold C. Craig (DeSoto) and Eugene Yingling (Farmland), the other official. Mr. Craig reported that James Huffman was the DeSoto player involved.

Principal Craig, Coach Wayne Fansler, Assistant Coach Smith and James Huffman, all of DeSoto, appeared before the Board in connection with the case. The evidence indicated that with DeSoto trailing badly, play had become quite rough during the latter part of the game. Coach Fansler, while denying that he had encouraged rough play, did admit that during the half time he had instructed his players "To shake themselves loose." While James and Coach Fansler tried to minimize the importance of the matter, it was not denied that James had struck Referee Parkinson.

Decision—1. James Huffman is declared ineligible for interschool basketball competition during the remainder of the season.

2. Principal Craig is directed to inform Coach Fansler and the players that any conduct similar to what occurred in the January 6 game will be considered cause for assessing a severe penalty against DeSoto High School.

HAMMOND CITY SCHOOLS FOOTBALL SCHEDULE

Director Clyde Lyle of the Hammond City Schools reported that Hammond city high schools have four football games scheduled in 1956 prior to the date fixed by the Board of School Trustees for the opening day of school. It was the unanimous opinion of the Board of Control that the Hammond schools should either reschedule the games to conform to the rules or change the date for opening school. The only other course of action would be a proposal that the Athletic Council change the IHSAA rule governing the beginning of the football season.

3. The Board selected a tentative list of officials to be used in the tourney series and Articles of Agreement are to be mailed by the Commissioner to this list of officials.

6. The Board approved the filming of the 1956 State Basketball Tourney with the understanding that only silent prints be made.

7. Details concerning the time and manner for releasing the tourney pairings were discussed. Final action was deferred until the next meeting of the Board of Control.

8. **Block Drawings for Final Tourney Tickets**—The drawings for blocks of seats at the State Final Tourney for the four schools in the tourney and the twelve other semi-final schools were made, with the following results:

Final Tourney Schools:

connected with Shelbyville High School. Shortly afterward, Don withdrew from school. Adequate facilities and transportation cannot be provided for all Hendricks Township students by the new corporation until the completion of a new school plant, expected to be in the fall of 1957. The school board plans to accept students on a voluntary basis at either Flatrock or Mt. Auburn from Hendricks Township with the understanding that all students be included when new facilities and transportation are provided. The Board of Control was requested to clarify the residence eligibility status of Hendricks Township students under the proposed plan.

WASHINGTON (EAST CHICAGO) AND HAMMOND HIGH SCHOOL

Near the close of the Washington (East Chicago) and Hammond High basketball game in the Hammond sectional tourney, there was

After giving careful consideration to reports on the case filed by school officials and referees, the Board of Control voted to direct Principal Cash to stress the necessity of good sportsmanship and that immediately prior to the 1957 sectional tourney he is to take all possible steps to see that there is no repetition of the unsportsmanlike conduct that occurred this year at the tourney.

Officials were selected to serve as referee-starters for the sixteen sectional track and field meets and the four regional meets. Walter Thurston was selected to serve as Referee-Starter for the 1956 State Track and Field Meet to be held May 26, and Norman Dunlap was chosen as assistant starter.

The Commissioner's office was authorized to make the assignment of officials for the sectional and regionals.

It was decided that the members of the Board of Control would present the medals to the various winners at the State Track Meet.

The Board of Control approved the selection of Technical High School track and cafeteria facilities for the Meet. Fred Gorman was chosen as a representative of the IHSAA to select the help and make the necessary arrangements at the field.

GOLF MEETS

Sites for the sectional golf meets were chosen. It was voted to allow a sum of \$18.00 to each sectional center school to pay a referee-starter and scorer. The amount to each to be determined by the Center Principal.

Fred Keesling, Principal of Lawrence Central High School, was chosen as the IHSAA representative for the State Meet. Coffin Golf Course was selected as the site for the meet.

BASKETBALL COURT CHANGES

The Board directed the Commissioner's office to inform all schools concerning the following changes in the basketball court immediately:

The National Basketball Rules Committee has made mandatory the use of the 12 foot wide free throw lane for high schools at the beginning of the 1957-58 season with the provision that a state may make the change for the 1956-57 season on a statewide basis. Several schools, due to new construction or plans to refinish floors this summer, have requested an early decision as to 1956-57.

After giving the matter due consideration, the Board decided not to make the change until 1957-58, the time specified by the Rules Committee. For those schools marking floors this year it is recommended that a high grade removable water color showcard type of paint be used in marking free throw lanes. All other floor markings should be made with a permanent paint.

It is mandatory that for 1956-57 the H and V designations be removed and the width of the free throw line increased to 2 inches.

The Board of Control adjourned to meet again, May 5, 1956, at 9:30 a.m. in the IHSAA Office.

IHSAA BOARD OF CONTROL MEETING

Indianapolis, Indiana, May 5, 1956

Present: President King Telle, Leo J. Costello, Robert G. Jones, Ary H. Skillman, Harold E. Windmiller, Commissioner L. V. Phillips and Assistant Commissioner Robert S. Hinshaw.

The minutes of the previous meeting were approved as written.

SHORTRIDGE HIGH SCHOOL (INDIANAPOLIS)

Shortridge High School desires to sponsor an invitational relays meet, June 2, 1956. Principal Joel Hadley asked if schools which close prior to that date could be invited to participate.

The meet was sanctioned by the Board of Control provided some of the participating schools are still in session at the time of the relays.

PORTAGE TOWNSHIP HIGH SCHOOL— DYER HIGH SCHOOL

On the way home, following a baseball game April 27, 1956, between Portage and Dyer, an altercation developed between the students of the two schools during which there was loud profanity and some fighting. Principals B. A. Shaddick (Portage) and George Bibich (Dyer) filed written reports stating that they had conferred and taken steps in their respective schools to prevent such an unsportsmanlike affair in the future.

Decision—1. Principals Shaddick and Bibich are instructed to warn emphatically their students and fans that further unsports-

manlike conduct may result in the suspension of the schools from membership in the IHSAA.

2. It is strongly recommended that each school provide better adult supervision of its students in connection with interschool athletic contests.

MONROE CITY HIGH SCHOOL—ST. JOHN'S HIGH SCHOOL (LOOGOOTE)

In a baseball game between St. John's (Loogootee) and Monroe City, at the latter school, May 1, 1956, Coach John Richmond of Monroe City used players Brent Marchino and Tom Woods with the knowledge that they were scholastically ineligible. The final score was Monroe City 8-St. John's 4. When the matter came to the attention of Principal Edson Catt (Monroe City) he immediately forfeited the game to St. John's and declared Brent Marchino and Tom Woods ineligible for all athletics for the remainder of the year and all of the next semester of their attendance. Principal Catt also informed the IHSAA that Coach Richmond's contract would not be renewed for next year.

In view of the steps taken by Principal Catt, the Board of Control did not deem it necessary to invoke additional penalties.

SWIMMING CLINIC

The Northern Indiana High School Athletic Conference had filed a request to conduct a clinic for Indiana high school swimming coaches sometime next year. The Board voted to recommend to the NIHSAC, through its secretary, Mr. Paul Boehm, that a committee of swimming coaches representing the Conference and other sections of the state be chosen to meet at the IHSAA office early next fall to explore the possibilities of holding a swimming clinic.

ATHLETIC INJURY INSURANCE

Approval was given for the renewal, with minor changes, of the contract with Mutual of Omaha for athletic injury insurance during 1956-57. President Telle and the Commissioner were authorized to sign the contract in duplicate.

ATHLETIC COUNCIL

A proposal before the Athletic Council to fix September 1, as the opening date for interschool football, if adopted, would permit football games to be played in some cases before schools had opened. The Board directed the Commissioner to write superintendents to get their reactions and those of their school boards in regard to interschool athletic contests being played before the schools are officially in session.

IHSAA OFFICE

The following actions were taken concerning IHSAA Office employees:

1. Approval was given for the payment of two weeks vacation and two weeks severance pay to Mrs. Pat Lasley who plans to leave the office early this summer.

2. The Commissioner was authorized to determine the salary of Mrs. Lasley's successor in accordance with training and experience.

3. An increase of five dollars (\$5.00) per week beginning July 1, 1956, was approved for Miss Betty Sizelove.

4. Approval was given for the Commissioner to employ extra clerical help as needed during the summer when the regular employees are on vacation and also to assist with the re-registration of IHSAA officials.

EQUIPMENT

The Board authorized the sale, at \$5.00 each, of two fans no longer needed because of air conditioning being installed in the office.

The Board of Control adjourned to meet again Saturday, May 26, at 11:30 a.m. in the Technical High School Cafeteria.

IHSAA BOARD OF CONTROL MEETING

Indianapolis, Indiana, May 26, 1956

Present: President King Telle, Leo J. Costello, Robert G. Jones, Ary H. Skillman, Harold E. Windmiller, Commissioner L. V. Phillips and Assistant Commissioner Robert S. Hinshaw.

The minutes of the last meeting were approved as written.

GERSTMAYER (TERRE HAUTE) HIGH SCHOOL

At the written request of Principal Cecil W. Martin, the Board of Control on March 16, 1956, had granted permission for Coach Howard Sharpe to take five varsity players to the three-day Adelphi College Basketball Coaching School, Garden City, Long Island. A number of verbal protests had been registered against this action by other schools in the Terre Haute area. It was the feeling of these schools that the Gerstmeyer players would have a distinct advantage by attending and participating in a three-day basketball school. It was also felt that the prospects of similar trips in the future might be an inducement for prospective athletes to enroll at Gerstmeyer which, under an unusual districting plan, permits students to enroll from the entire city for any course. Furthermore, it was learned that the Terre Haute City School Administration had not given its sanction and did not look with favor upon the proposed trip.

After giving careful consideration to all the factors in the case, the Board of Control unanimously voted to rescind the action of March 16, 1956.

It was also voted to recommend to the Athletic Council that a definite rule be adopted on the matter of taking students outside the state for coaching school purposes.

JUNE MEETING

The Commissioner reported that plans had been completed to hold the final meeting of the year at the Sheraton-French Lick Hotel, with reservations beginning Monday afternoon, June 11, and ending

Wednesday afternoon, June 13. It was understood that the wives will be guests at this meeting.

STATE TRACK AND FIELD MEET

The Board of Control served as the official Games Committee for the meet and awarded medals to the contestants placing in the various events. The Commissioner was designated to award the trophy to the winning team.

The Board of Control adjourned to meet again June 11, 1956, at French Lick, Indiana.

IHSAA BOARD OF CONTROL MEETING

French Lick, Indiana

June 11, 12 and 13, 1956

Present: President King Telle, Leo J. Costello, Robert G. Jones, Ary H. Skillman, Harold E. Windmiller, Commissioner L. V. Phillips and Assistant Commissioner Robert S. Hinshaw.

The minutes of the previous meeting were approved as written.

DUNKIRK HIGH SCHOOL—JERRY CHAPMAN

Jerry Chapman resides with his parents in Jackson Township (Blackford County) which maintains no high school. During the 1955-56 school year the Jackson Township Trustee transferred Jerry to Montpelier-Harrison High School. Due to a change in bus routes, Jerry is being transferred to Dunkirk at the beginning of the 1956-57 school year. Both schools filed reports recommending that Jerry be declared eligible as to residence.

Decision—Jerry Chapman is considered eligible as to residence at Dunkirk High School.

SUMMER BASKETBALL PLAYING

The Director of Recreation for the Valparaiso City Department of Parks and Recreation had asked what would be the effect upon the eligibility of high school students if they participate in an organized basketball league during the summer under the supervision of the summer recreation program.

Under the provisions of Division III, Rule 7, of the IHSAA Rules and By-laws it was the unanimous decision of the Board of Control that a high school student who competes in an organized league for basketball competition during the summer automatically makes himself ineligible for all inter-school athletic competition until the following January 1.

TOURNEYS AND MEETS

Several letters were presented to the Board suggesting changes in plans for tourneys and meets next year. No action was taken at this time.

TRACK AND GOLF MEET FINANCIAL STATEMENTS

Financial statements of the 1956 IHSAA Track and Golf Meets were submitted by the Commissioner and approved by the Board of Control and ordered published in the 1956 Handbook.

BUDGET AND FINANCES

Careful consideration was given to the estimated expenditures recommended by the Commissioner for 1956-57, and were adopted as submitted. The Board gave approval to a few expenditures in excess of the 1955-56 estimated expenditures. The Commissioner presented a statement of receipts and expenditures over the past twelve months together with an itemized statement of government securities owned by the IHSAA at present. It is understood that an independent audit will be made by Ernst and Ernst, Accountants, soon after July 1. Results of this audit will be presented at the next meeting of the Board of Control and published in the 1956 Handbook. The Commissioner was authorized to deposit with the American Fletcher National Bank and Trust Company of Indianapolis, for exchange or credit to the account of the IHSAA, such securities as may come due. Since a portion of the funds is to be used for current expenditures, authority was given to sell and deposit to the account of the Association securities as needed to keep a safe balance in the bank. It is understood that all transactions in securities are to be reported to the Board of Control at the next meeting following such transactions.

The Board authorized the Commissioner to pay salary and other current bills a few days in advance of June 30, in order that these checks may be cleared through the bank before the beginning of the new fiscal year, July 1.

REGULAR DISTRIBUTION OF SURPLUS FUNDS

After giving careful consideration to the amount of funds on hand, estimated expenditures during the coming year, and the need for adequate reserve in the IHSAA treasury, the Board set \$120.00 as the maximum amount of surplus funds to be paid any member school in the regular distribution to be made October 1, 1956. Since there was a special distribution in 1955, all the money to be distributed was earned during the current year. It was decided to make this distribution according to the following plan:

1. Ninety dollars (\$90.00) for participation in the 1956 Sectional Basketball Tourney.
2. Thirty dollars (\$30.00) for membership in the IHSAA during the membership year, 1955-56.
3. Any school sharing the regular distribution must be a member in good standing and existing as a high school at the time of the distribution.
4. No school shall receive credit for a year's membership unless it was a member of the IHSAA on January 1, 1956.
5. A combination or consolidation of two or more high schools shall count as one school only in this distribution. The check for one share shall be sent to the principal of the new or resulting school.

EMPLOYMENT OF COMMISSIONER AND ASSISTANT COMMISSIONER

The Board of Control unanimously voted to employ L. V. Phillips as Commissioner of the Indiana High School Athletic Association for a period of five (5) years beginning August 1, 1956, and ending July 31, 1961, at an annual salary of Sixteen Thousand Dollars (\$16,000.00), plus expenses as allowed by the Board of Control. It is understood that the present contract between the IHSAA and the Commissioner continue in full force and effect until July 31, 1956. In accordance with this agreement, a contract was drawn up and signed by all members of the Board of Control and Commissioner L. V. Phillips.

The Board of Control voted unanimously to employ Robert S. Hinshaw as Assistant Commissioner of the Indiana High School Athletic Association for a period of five (5) years beginning August 1, 1956 and ending July 31, 1961, at an annual salary of Twelve Thousand Two Hundred and Fifty Dollars (\$12,250.00), plus expenses as allowed by the Board of Control. It is understood that the present contract between the IHSAA and the Assistant Commissioner continue in full force and effect until July 31, 1956. In accordance with this agreement, a contract was drawn up and signed by all members of the Board of Control and Assistant Commissioner Robert S. Hinshaw.

OFFICE HELP

The Commissioner reported that Miss Judy Hardesty had been employed at a salary of fifty-five (\$55.00) per week to succeed Mrs. Patricia Lasley, who resigned. Also that Miss Kathleen McCormick had been employed at a salary of forty-five (\$45.00) per week during the summer when regular employees are on vacation and also to assist with the re-registration of IHSAA officials.

REPORT ON OFFICIALS AND FILMS

Assistant Commissioner Hinshaw presented two reports to the Board of Control. The first covered the year's activities in connection with the registration and approval of officials for the various sports. The second report dealt with cost of the IHSAA film service and the extent to which the films were used by member schools and other organizations.

NATIONAL SURVEYS ON HIGH SCHOOL ATHLETICS

The Commissioner reported on two national surveys in high school athletics. One covered the various plans of organization and administration of state athletic associations in the forty-eight states. The other dealt with the amount of expenses each state allows to a school participating in the state basketball tourneys.

OFFICE SPACE

Rental agents for the Indiana State Teachers' Association headquarters building, now under construction, submitted a tentative sketch for IHSAA office space when the building is completed. The Commissioner was directed to make a survey to determine the advantages, if any, of changing the location of IHSAA quarters to the new building and to report to a later meeting of the Board of Control.

The Board adjourned to meet again August 17, at 9:30 a.m. in the IHSAA office.

VOTING

It was decided to vote by voice or show of hands and that thirteen affirmative votes be required to pass a motion, except for an amendment to the Constitution which requires a two-thirds vote of the Council membership.

VACANCY ON COUNCIL AND BOARD OF CONTROL

It was voted that the vacancies in District I, Class 1, and District III, Class 1, be deferred and filled in the December election.

Principal Robert G. Jones, Union High School, Modoc, was elected unanimously to represent Class 1 schools on the Board of Control. He succeeds William Logan who had resigned due to retirement from the teaching profession. It was understood that Mr. Jones' term on the Board of Control will continue until June 30, 1957, the date of the expiration of his present term on the Athletic Council.

NATIONAL FEDERATION MEETING— YORK HARBOR, MAINE

President Connor K. Salm reported on the summer meeting of the National Federation of State High School Athletic Associations held at York Harbor, Maine, June 26 to 29, 1955. He gave a very interesting and comprehensive report on the business matters during the convention and the many recreational activities made available to delegates and their guests by those in charge.

Council members discussed at length the proposal before the National convention last summer that the National Federation of State High School Athletic Associations be changed to an activities association with all high school activities included under the Federation's jurisdiction. Mr. Salm reported that the proposal was rejected by the delegates at the 1955 convention. He predicted however the matter would be raised again at the 1956 National Federation Annual Meeting.

PROPOSALS

1. The proposal to amend Division III, Rule 8, so that a player would be charged with only one game provided he does not participate in a combined total of more than four quarters in a varsity and reserve basketball game, both scheduled for the same session, was indefinitely postponed.

2. A proposal that a team or player could participate in a maximum of four quarters in a football jamboree without being charged with more than one game was indefinitely postponed.

3. Following a lengthy discussion of the proposals submitted by the Committee on Residence and Transfer Rules and published in the 1955 September Bulletin, the following action was taken:

a. Action on the proposed amendments to Division V, Section C, Rule 2 was postponed until the May, 1956, meeting pending further study by the Committee and the Athletic Council.

b. Division V, Section C, Rule 4, was amended to read as follows: "The fact that a transfer has or has not been issued, or that the student pays or does not pay his tuition has no bearing except when the omission of a transfer or payment of full tuition is done for the purpose of unduly influencing a student to enroll for athletic reasons."

c. The following additions to Division V, Section C, Rule 14, were approved: "This rule is primarily to enable seniors to remain in the school in which they enrolled and remain eligible to compete in athletics when it is impractical for them to move with their parents.

In every instance when the parents of an underclassman move, the principal must inform the parents of the IHSAA rule and if the athlete remains in the school after his parents move from the school district, it shall be the duty of the principal to check before he is certified for athletic eligibility. The principal shall report the circumstances and reasons why he remained in the school district on the form prepared for that purpose. This report shall be sent to the IHSAA Office and to the principal of the high school in the district to which the parents moved.

d. Division V, Section C, Rule 15, was amended as follows: "A student, who because of unavoidable circumstances such as the death of the parent or guardian finds it necessary to change residence from one high school district to another in order to have a home may be declared eligible by the Board of Control provided the Principal of each high school files a statement, with supporting evidence, with the Board of Control as proof that the change was necessary and that no undue influence was attached to the case in any way.

If an action of a legal agency is to be submitted as evidence of unavoidable change of residence such action should be taken prior to the student's enrollment in the new school.

e. The following, to be known as Rule 16, was added to Division V, Section C: "Change of residence as used in these rules shall mean a bona fide move about which there is no question. If the

case is that of a change of residence of parents, the change shall be definite and complete.

f. Action on proposed new rule 17, for this same section was postponed until the next meeting.

Note: The above changes in the rules and by-laws will become effective with the beginning of the 1956-57 school year.

RECOMMENDATION

The Southern Indiana Athletic Conference had recommended to the Board of Control that basketball tourney regulations be changed so that any ten of the twelve players certified may be used in any one game of the tourney. It was understood that only ten players be dressed for any one game and that transportation and lodging be provided for ten players as in the past. It was recommended by the Athletic Council that the Board of Control give favorable consideration to this recommendation.

The Athletic Council adjourned to meet again May 26, 1956, at 6:00 p.m.

VOTING

It was decided to vote by voice or show of hands, and that thirteen affirmative votes be required to pass a motion, except for an amendment to the Constitution which requires a two-thirds vote of the Council membership.

BOARD OF CONTROL AND ATHLETIC COUNCIL

The following named Council members were elected to serve as the Board of Control from July 1, 1956 through June 30, 1957: Albert E. Rinsch, Class 2; Oscar W. Valentine, Class 3; Roland L. Dubois, Class 4; H. T. McCullough, Class 5. The term of Robert G. Jones, Class 1, continues until June 30, 1957.

The newly elected Board of Control held a brief meeting and elected H. T. McCullough as president; and set the first meeting

for August 17, 1956. The Council elected Otto Albright as its President for the year, 1956-57.

COMMITTEE REPORT

Chairman E. C. Boyd of the Committee on Residence and Enrollment summarized the work of the Committee to date. He also reported in detail on a conference that he and the Commissioner had held with Superintendent Wayne Watson and the principals of the public high schools in the city of Terre Haute.

Mr. Boyd reported that Terre Haute has definite districts for Garfield, Laboratory and Wiley High Schools. The fourth school, Gerstmeyer, was established primarily for vocational work for students from the entire city and therefore has no district except the city limits of Terre Haute. In addition to vocational, Gerstmeyer offers work in all other courses that are offered at Garfield, Laboratory, and Wiley. There are no restrictions which require students to take vocational work at Gerstmeyer. This appears to give Gerstmeyer a decided advantage in the enrollment of prospective athletes from all over the city.

In order to give Terre Haute school officials time to remedy this situation, no action was taken at this time.

It was unanimously voted that the Committee on Residence and Enrollment Rules be authorized to continue its work and that vacancies on the committee be filled by the President of the Council in consultation with the Board of Control.

PROPOSALS

The following proposals were unanimously adopted:

1. "The beginning of the football season shall be the opening day of school or September 1. Prior to the opening game, all players must be officially registered and properly certified as to eligibility."

Note: It is assumed that any member school which participates in an inter-school football game under the above rule before the opening day of school does so with the approval of the Board of School Trustees through the Superintendent of Schools.

2. "A high school student who participates for demonstration purposes, or otherwise, in a coaching school or clinic outside the State of Indiana becomes ineligible for inter-school athletics for a period of time as may be decided by the Board of Control."

3. (to be added to Division V, Section C, Rule 7): "A midyear student who participates in any sport during his first semester becomes ineligible for all sports during his ninth semester."

A rising vote of thanks was extended to President Connor K. Salm in appreciation of his services as presiding officer during the year 1955-56.

The Athletic Council adjourned to meet again October 24, 1956, at 6:00 P.M.

June 30, 1956

Board of Control,
The Indiana High School Athletic Association,
Indianapolis, Indiana.

We have examined the statement of cash receipts and disbursements of The Indiana High School Athletic Association for the year ended June 30, 1956. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

We reconciled the balance of cash on deposit at June 30, 1956, to the amount reported directly to us by the American Fletcher National Bank and Trust Company, Indianapolis, Indiana. Our examination included reconciliation of recorded cash receipts for the year with deposits as evidenced by bank statements on file. Canceled checks returned by the bank were compared with the record of cash disbursements, and the cash disbursements were supported by examination of invoices, expense reports, and other data. Securities recorded as owned by the Association were presented for our inspection.

In our opinion, the accompanying statement of cash receipts and disbursements presents fairly a summary of the recorded cash transactions of The Indiana High School Athletic Association for the year ended June 30, 1956.

FOOTBALL

The interscholastic football program this past year continued to show an increase in the number of schools and students participating in the sport. Five schools placed the eleven-man game in their sports program and two added the six-man game. A total of 201 schools and an estimated 13,327 athletes engaged in the fall sport.

In conference play, only two schools repeated as champions or co-champions thus duplicating honors won in 1954. These schools were Morocco and Danville. The formation of many football conferences seems to have added considerable interest in the sport the past few years.

The following schools had undefeated seasons: Boonville 9-0; Plymouth 8-0; Roosevelt (East Chicago) 9-0; Royerton 8-0; Seymour 9-0; Sullivan 10-0 and Lawrence Central 10-0. Two schools were undefeated but tied Bluffton 8-0-1 and Brownsburg 6-0-2.

Most schools play the majority of their games at night because of the increased attendance which provides additional revenue and causes less interruption of daytime school programs. Nighttime usually offers better playing conditions for the players in the early season games.

The Association does not sponsor a series of games to determine a champion, but each year honors outstanding teams by carrying squad pictures in the Handbook. The pictures that have been submitted by the schools may be found following the list of high schools participating in the sport.

CROSS COUNTRY

Anderson High School posted a score of 68 points to win back the Indiana high school state cross country crown in the tenth annual meet held over the South Grove course after a two-year reign by Indianapolis Shortridge. This was the eighth championship won by the Indians in the ten years the meet has been held.

Frank Norris of Anderson fought off a determined challenge by Chesterton's Dave Combs and finished the two mile test first in 9:57. Carl Carey and James Hill both of Indianapolis Shortridge placed third and fourth respectively, with Leonard Sullivan, Indianapolis Washington, earning the fifth spot. Dale Lubs of LaPorte, the winner in 1954, could finish no better than twelfth. Combs moved from third in 1954 to second this year.

Hobart edged Indianapolis Shortridge for runner-up honors 100 to 122. Bloomington gained the fourth team position with 123 and Kokomo came in fifth by posting a score of 133. Anderson bunched their first five runners in the following team positions, first, thirteenth, sixteenth, seventeenth and twenty-first.

The largest field of schools and individuals in the history of the meet entered the sectionals. One hundred and forty schools enrolled 1407 athletes in the sectionals with twenty-four schools qualifying teams and nineteen others individual entrants. All schools reported for the meet except two qualifying individuals. A total of 185 contestants started and 184 finished the race.

SECTIONAL CROSS COUNTRY MEETS

TENTH ANNUAL

(These rules are reprinted from the September 1955 bulletin.)

The sectional cross country meets will be held this year on Tuesday, October 25, 1955, after 3 p.m. These meets are conducted as an elimination series in order to select teams and individuals for the state cross country meet.

Eight sectional centers have been chosen over the state. The following bases were used in selecting these centers: schools competing in cross country in 1954, travel distance, number of teams in that area, and a willingness on the part of high schools to make their facilities available for the promotion of these meets. The Board may find it necessary to alter this plan and add more centers if a greater number of schools enter than is anticipated. Representation to the state meet will be determined by the number of teams competing in each sectional meet.

Schools have been assigned by counties, and the accompanying plan gives the Center Principals and the counties assigned to each Center. Official entry lists are necessary and accompany the bulletin to the principal.

MANAGEMENT—The management of these meets rests solely with the Board of Control. Responsibility for local arrangements has been delegated to the center principals. All meet officials will be selected by the center principals, except the referee-starter, who will be assigned by the Board of Control.

The meet must be held Tuesday afternoon, October 25 after 3 p.m. unless previous arrangements have been made by the center principal. The center principal shall notify all participating schools and the IHSAA office by Friday, October 21, as to the time and place of holding the meet. The center principal shall arrange a program for his meet from the list of entries sent to him by the Commissioner. Team positions at the start are to be drawn by lot.

OPEN CONTEST—These meets are open to all members of the IHSAA except to schools holding modified or associate memberships. A school may certify twelve students, with no more than seven participating as a team for the championship. Schools that do not enter a team may enter one or more students to compete for the individual awards.

Note: Each year some schools file entry blanks, then fail to participate in the meet. The management makes all arrangements for these teams, and of course the arrangements are upset by the non-appearance of the entrants. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for any reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the Sectional Center Principal immediately.

ENTERTAINMENT—The center principal shall provide adequate dressing rooms, lockers and shower facilities for all contestants.

EXPENSES—There will be no entry fee. Traveling expenses, meals and lodging are to be paid by the competing schools.

ELIGIBILITY—The eligibility of each player shall be certified to by the principal of his school. The official entry list must be used, and all data given. Entries positively will close Monday, October 17. The entry lists must be in the hands of the Commissioner, complete in every detail, by 4 p.m. on that date. **Twelve students may be certified for the meet, with seven or less participating on the day of the meet.**

LENGTH OF COURSE—The course must be approximately two miles in length. If possible, it should be laid out on rolling terrain.

SCORING—All competitors who complete the race shall be ranked and tallied in accordance with their placement at the finish. Individuals are ranked and tallied in the placement column, but their position is dropped and not recorded in the team scoring column. The team score shall be determined by totaling the points scored by the first five finishing contestants on each team. The team which scores the lowest number of points will be the winner. It is considered a tie event if two or more teams score the same number of points. Individual ties shall be decided by lot.

RULES—Each contestant shall wear numbers on both the front and back of his shirt. The rules of cross country running, as found on pages 29 and 59 in the 1955 National Federation Edition of the Track and Field Rules shall govern—with the exception of the length of course.

PRIZES—Suitable ribbons will be presented by the IHSAA to the members of the teams qualifying for the state meet, provided they finish the race. The first five individual winners will receive ribbons.

QUALIFICATIONS FOR STATE MEET—Representation at the state meet will be determined by the number of teams competing* in that sectional, as follows: Six or less, one team. Seven to twelve, two teams. Thirteen to eighteen, three teams. Nineteen or more, four teams. The first five individuals to finish shall be eligible for the state meet regardless of their team position.

*A school must have five or more boys finishing the race to be considered as a team competing in that sectional.

ENTRANTS—The individual winners and the qualifying teams from each of the sectional cross country meets (held on October 25) will be eligible to compete in this meet.

Medals of gold, silver or bronze will be awarded the individual winners of first, second, third, fourth or fifth place in the race.

ADMISSION—There will be no admission charge. Coaches and spectators will be restricted to roped areas and will not be allowed on the course during the race.

WRESTLING

South Bend Central won its first IHSAA state high school wrestling championship by overcoming the strong challenge of Indianapolis Technical. Central's strong ten man team scored 57 points to edge Technical's seven man squad, which tallied 50, Lafayette Jefferson placed third with 42. Indianapolis Shortridge was fourth garnering 36 and Kokomo registered 26.

The Central Bears won only two individual titles but took the championship on strong team balance and scored heavily by advancement points. South Bend won individual championships in the 154 lb. and 175 lb. classes. Indianapolis Technical took individual honors in the 103 lb. and 127 lb. group. Lafayette Jefferson with three competitors in the finals took individual top honors by producing three champions in the 133 lb., 145 lb. and unlimited class.

Three athletes repeated their 1955 performance as champions. Don Hill, Indianapolis Technical defended his 103 lb. crown, James Hill, Indianapolis Shortridge 112 lb. class winner in 1955 won the 120 lb. group and defending champion Ed Nailon, South Bend Central, retained his 175 lb. championship.

James Hill, 120 lb., of Indianapolis Shortridge won additional honors when he was selected as the outstanding performer of the meet by a vote of the coaches.

Thirty-eight schools entered the sectionals which was three more than in 1955. A school had to enter contestants in nine or more weight classifications in order to compete. Wrestlers winning first or second place in the sectional were eligible to advance.

SWIMMING

South Bend Riley dethroned its city rival, Central, as state swimming meet champion in the 19th annual IHSAA championship meet by scoring 54 points.

Muncie Burris was runner-up with 36 points, followed by Columbus 31, South Bend Central, defending champions, 28 and Hammond 26.

Riley had two individual champions, Rodgers in 100 yard breast stroke and Floden in the 100 yard back stroke. Muncie Burris came through with two individual champions when Hatch took the 50 yard free style and Myers the 100 yard free style. The Owls also won the 200 yard free style relay and established a new state record for this event. South Bend Central set an automatic record in the new 200 yard medley relay.

Searcy of Indianapolis Broad Ripple was the only double winner of the day when he established a new state meet record in the 150 yard individual medley and a first in the 200 yard free style.

Twenty schools and 211 swimmers were entered in the meet. Nineteen schools reported with fourteen schools gaining a spot in the scoring column. Last year, seventeen schools and 198 entries were in the field.

State Swimming Champions 1955-56

BASKETBALL

The Tigers of Indianapolis Crispus Attucks defeated Lafayette Jefferson 79-57 in the Butler Fieldhouse to win their second straight Indiana high school championship. In winning they broke a jinx by becoming the first Indiana undefeated team to win the state crown. The Tigers finished with 45 straight victories over a two-year period with 31 of them this season.

Attucks won this one just as it had captured most of the other 44, grabbing an early lead and then applying the pressure by some excellent shooting from the field and an air tight defense.

The Tigers started fast leading at the quarter 20-11 and maintained that margin during the second quarter with a 34-25 half-time lead. In the third period, Attucks increased the margin to 56-41 closing with a 23 point splurge to gain a 22 point victory. Crispus Attucks his 32 out of 71 attempts from the field for .451 to Lafayette's 20 of 58 for .345 in the title game. Both squads were about even at the foul mark, the Tigers dropping 15 of 22 for .682 and the Broncos 17 of 25 to stay close at .680.

Oscar Robertson broke the championship game scoring record by dropping in 39 points and his four game total of 105 beat the old mark of 97 established in 1955.

In the first afternoon game, Lafayette Jefferson stepped by Elkhart 54-52. This game was a tight, tense battle all the way. The lead changed hands 14 times and the score tied on 12 occasions. The Blazers had possession of the ball with only 25 seconds to play in the game. After a time out they went to work on getting that one last shot but did not connect. At half time the Broncos held a 30-25 advantage.

The champions dropped Terre Haute Gerstmeyer in the second afternoon game 68-59. In this game, they dropped in 27 of 57 field attempts for a .473 shooting average while Gerstmeyer managed to garner only 22 out of 70 for .314. The Tigers led 25-18 and 37-30 at the first two quarter stops and it was 51-39 going into the fourth quarter.

All four clubs came to the final tourney with good won and lost records for the season. Crispus Attucks, 29-0, Lafayette Jefferson 24-4, Elkhart 23-4 and Terre Haute Gerstmeyer 26-7.

A total of 742 schools entered the sectional tourneys. New gross receipts and attendance marks were established. The paid attendance for the 85 tourneys was 1,499,678 and gross receipts \$856,022.94.

The Board of Control selected Dennis Tepe of Elkhart to receive the Arthur L. Trester Award for Mental Attitude.

**ANNOUNCEMENT OF
SECTIONAL, REGIONAL, SEMI-FINAL AND FINAL
BASKETBALL TOURNEYS
THE FORTY-FIFTH ANNUAL**

These rules are reprinted from the January 1956 Bulletin

The Board of Control has completed the details for the State Championship Basketball Tournaments and announces the plan in full; with the distinct understanding that the Board of Control reserves the right to readjust the plan and arrangements for any and all tournaments if conditions arise making changes advisable or cancellations necessary.

**IMPORTANT INFORMATION CONCERNING ALL SECTIONAL,
REGIONAL AND SEMI-FINAL TOURNEYS**

1. **TYPE OF BALL**—The molded type of basketball tanned in natural leather color shall be used.
2. **PRIZES**—No prizes of any kind are to be awarded to any school or individual from any source.
3. **RADIO SERVICE**—Stations in Indiana may broadcast IHSAA tournaments provided the requirements in the "IHSAA Rules and Regulations Governing Broadcasting" are observed. The managers of the stations and the Center Principals will have copies of these rules and regulations.
4. **PICTURES**—Flashlight pictures of the players shall not be taken during the progress of the games, except where photographers use speed light cameras. This ruling is meant to protect the vision of the players. Photographers desiring to take pictures shall make previous arrangements with the management of the tourney. The number of photographers and their locations shall be determined by the Center School management.
5. **SOUVENIR PROGRAMS**—Souvenir programs other than those provided by the IHSAA shall not be distributed or sold at any tourney, and no solicitation of advertisements shall be made. Neither the Board of Control nor the Commissioner's Office will approve the distribution of such material at any tourney. Any one claiming to have such approval should be reported to the IHSAA office immediately. All principals should notify their business men now.
6. **SUGGESTIONS**—Sectional Center Principals and participating principals should work with each other prior to the tourney, during the tourney and after the tourney. A conference of all principals, several days prior to the tourney, would result in an agreement on all points such as meals, lodging, transportation, rest rooms, seating, tickets, reports, etc. Agreements reached prior to tournaments prevent difficulties during and after tournaments. Make and keep copies of all agreements.
7. **MANAGEMENT**—The exclusive control of all these tournaments rests solely with the Board of Control according to the IHSAA Con-

stitution. Local arrangements have been delegated to the Center Principals. Officials for each tourney will be selected and assigned by the Board of Control, and every attempt will be made to choose none but fair, disinterested and competent men. All schedules of hours, floors, teams and officials will be made out and printed by the Board. All schedules will be drawn by lot by the Board of Control, and no changes will be made in them. Representatives of the press will be invited.

8. **TIME SCHEDULE**—Games will be scheduled on the time prevailing at the tourney center. All Saturday games in all tournaments will be 1:00, 2:15 and 8:15 p.m.

9. **DECISIONS**—The assignment of officials and the decisions of the officials will be considered final. Schools enter the tournaments with this understanding. Give this information to your students and fans now and as often as necessary.

10. **PRIVILEGES**—All competing players, one coach and one faculty manager for each team (12 in all) shall be admitted free to all games.

11. **WARM UP PERIOD**—There shall be at least ten minutes allowed between games for warm up practice. During a session, this period shall start with the ending of the previous game.

12. **NUMBERING OF SHIRTS**—In order for a school to be eligible to enter the sectional tourney, all players' shirts must be properly numbered according to the Board of Control ruling on Rule 3, Section 4 of the Official Basketball Rules.

SECTIONAL TOURNEYS

February 22, 23, 24, 25

The following bases were used in selecting sectional, regional and semi-final centers:

(1) Invitations filed by the principals. (2) Locations considered but not necessarily the determining factor. (3) Transportation facilities. (4) General conditions—attitude of local authorities, floors, seating capacities and entertaining facilities. (5) Rotation. (6) Success and satisfactory management of previous tournaments.

Most schools have been assigned by counties but there are a number of exceptions which are clearly indicated. Some changes were made to equalize the number of participating teams resulting in better balanced schedules or the use of less school time. The name of your county locates your center unless assigned otherwise. The plan arranged is to have no less than 8 teams and no more than 16 teams in each tourney, and the assignment of all schools is given in the list which follows. The number of schools that probably will enter the tournaments is indicated. No doubt these numbers will be very nearly correct for this year. Correct information will not be available until the entry blanks have been received and accepted by the Board of Control. The numbers herein are tentative only. The winners will constitute the teams in the Regional Tournaments according to assignment. Entry blanks are necessary. An entry blank is enclosed.

* All semi-final and final games of two-site tourneys will be played at the site indicated by an asterisk (*).

MANAGEMENT—Two officials will be assigned to tourneys having 8 and 10 teams; three officials to tourneys having 9, 11, 12, 13, and 14 teams; four officials to 15 and 16 team tourneys and four officials to each two-site tourney. Two officials will work each game, alternating as referee and umpire. Each official is obligated to be ready for work throughout the tourney.

TOURNEY REQUIREMENTS—A high school shall not be considered eligible for entering a sectional basketball tourney in the IHSAA in any year unless the team known as the first team and representing the high school has played eight (8) interscholastic games during that season before filing an entry blank. Schools holding modified membership are not eligible.

ENTERTAINMENT—Twelve men may be certified but no more than ten men may be in uniform and eligible to compete in any one game. Teams are limited to ten men in any one game. These men must be designated to the official scorer prior to the team's game. The Center Principals have contracted with the Board of Control to entertain twelve men (which must include the coach and a faculty manager) from each competing school according to the following plan:

1. Entertainment for all teams in all tourneys will end not later than 10:00 p.m. Saturday, February 25.
2. In "One-site" tourneys teams playing Wednesday or Thursday evening, February 22 or 23, are entitled to one extra round trip transportation and one extra meal. Entertainment for all teams begins on Friday as follows:
 - (a) 8, 9, 10, 11—5:00 p.m.
 - (b) 12, 13, 14—12:00 noon.
 - (c) 15, 16—8:00 a.m.
3. "ONE SITE TOURNEYS"—All 8 or 9 team tourneys will begin play at 6:00 or 7:00 p.m. Thursday evening, February 23. All other tourneys will begin at 6:00 or 7:00 p.m. Wednesday eve-

ning, February 22. There will be no games on Friday morning or afternoon in 8, 9, 10 or 11 team sectionals. Tourneys comprising 12, 13 or 14 teams will not play Friday morning. Tourneys with 15 or 16 teams will play Friday morning. There will be no games on Saturday morning in any tourney. Printed schedules will be sent to each competing school by the Center Principal in time to arrange for making the trip.

4. Due to the variations of time schedules of "Two-site" and "One-Site Two Bracket" tourneys, the time schedules, entertainment schedules and admission prices will be set up by the IHSAA and sent to all center Principals concerned. It will be the obligation of the Center Principal to send copies to all schools in his sectional area. The time schedules of all tourneys will be published as usual at the time of the drawings.
5. The Center Principal may pay the participating schools for meals and lodging taken at home in lieu of such as would be necessary at the tourney center with the following understandings: (1) the principals of the participating schools shall make definite arrangements with the Center Principal to this effect on or before Monday, February 20, (2) transportation only, one round trip, may be paid in lieu of each night's lodging. The transportation here considered shall in no case exceed the amount for lodging should the Center Principal provide lodging, (3) no more than the regular tourney allowances shall be paid for meals taken at home, (4) rest rooms for the day, when lodging is taken at home by a school, shall be an expense of that school and not an expense of the tourney. Fairness by all parties must prevail in this matter of entertainment. Money spent for entertainment decreases the amount to be divided among the schools. All competing schools are requested to ask for no longer entertainment than is necessary.

EXPENSES—An entrance fee of one dollar (\$1.00) for each team must accompany the entry blank. The center schools have contracted to make settlement out of the receipts of the tourneys according to the following plan and in the following order:

1. All legitimate expenses, such as meals, officials, etc., except for transportation and lodging, shall be paid from the gross receipts, if sufficient. If gross receipts are not sufficient, legitimate expenses shall be considered an obligation of the Center School.
2. The Center High School shall receive one hundred and fifty dollars (\$150).
3. The transportation shall be paid. (The Board of Control has decided on three (3) cents per mile per man for the round trip. Mileage should be considered as the most direct distance between the school building of the participating school and the gymnasium in which the tourney is held.)
4. The lodging shall be paid.
5. The Center High School shall receive one hundred dollars (\$100).
6. The IHSAA shall receive one percent (1%) of the fifth balance.

7. a. One-half of the sixth balance shall be divided pro rata among the participating schools, the Center School sharing.
- b. One-half of the sixth balance shall be divided among the participating schools on an enrollment basis.
8. The Board of Control shall pass on all reports by the Center School and all reports by the participating schools.
9. The Center School shall furnish a complete financial report to the IHSAA and to each participating school by Thursday, March 1.

ELIGIBILITY—The eligibility of each player must be certified by the principal of the school sending the team. Certificates must be made on the Official Entry Blank furnished by the Commissioner and all data must be given as indicated. An Entry Blank marked "Your Duplicate" is enclosed for your convenience. **Be sure to send only the "Official Entry Blank" to the IHSAA. Entries positively will close Wednesday, February 8. All entries must be in the IHSAA office before 4:00 p.m. Wednesday, February 8. Do not mail entry blanks before January 30. All students must be eligible when they participate as well as when they are certified. It is advisable to mail the entry blanks early, as changes can be made by telephone, telegram or letter any time up to 4:00 p.m. Wednesday, February 8. Registered letters are not recommended, as they are a slow form of delivery. Regular or special delivery mailing is the most satisfactory. A postal card from this office will acknowledge receipt and correctness of your entry. The Board of Control has ruled that late entry blanks will not be accepted.**

ADMISSION FEE—The admission fees in all tourneys shall be as indicated below and the tickets shall be printed with the following information on them:

office and the Center Principal. General admission shall be 65 cents per session.

Any remaining seats may be sold as session tickets. No more tickets shall be sold than the seating capacity of the gymnasium will justify. Standing room shall not be sold or used. All requirements of the State and City Fire Marshals shall be met in all tourneys.

DISTRIBUTION OF TICKETS—The following plan for the division of sectional tourney tickets was adopted by the Board of Control:

1. Deduct from the total number of tickets available, twelve tickets for each competing school, press and complimentary tickets. Each Athletic Council Member and each Ex-Board member shall be granted two tickets to the sectional in their area upon request prior to Friday, February 17.
2. Ten percent of the remaining tickets shall be divided pro rata among the competing schools. (Every school regardless of enrollment has a certain "must" list; such as assistant coaches, trainers, student managers, cheerleaders, etc. This pro rata allotment is intended primarily for this use.)
3. The remaining ninety percent shall be divided among the competing schools on the basis of enrollment of each participating school as certified to the State Department of Public Instruction, September 14, 1955, or the third day of school if the opening day is later than September 14.

Season tickets must be ready for distribution by Monday, February 20. No tickets shall be distributed until the Center Principal has received his copy of the draw. All ticket information should be secured prior to this date. The IHSAA will furnish Center Principals with enrollments of all high schools participating in their tourney. Season tickets unsold shall be returned by 9:00 a.m. on the day the tourney begins, except that in "two-site" and "one-site two bracket" tourneys, they shall be returned by 4:00 p.m. the day before the tourney if the tourney begins with a daytime session; and by 9:00 a.m. on the day of the tourney if the tourney begins with an evening session. The Center Principal is under no obligation to accept the return of tickets after these hours, unless previous arrangements have been made with him.

WARNING—Entries close at 4:00 p.m., Wednesday, February 8, and cannot be changed or accepted afterwards. An entrance fee of one dollar (\$1.00) must accompany each entry blank. Special privileges will not be granted. Send all entry blanks and checks to IHSAA, 812 Circle Tower, Indianapolis. All data must be given on entry blank. Get all data right the first time and on time, but do not mail blanks before January 30. Late or incomplete entry blanks cannot be accepted. Be sure to send only the "Official Entry Blank" to the IHSAA.

Three cents per mile per man for the round trip for twelve men will constitute the basis of figuring transportation. CONDUCT OF PERSONS DURING STATE TOURNEY—The IHSAA endeavors to secure proper conduct of all persons attending the tourney, while in hotels and elsewhere, and instructs principals, superintendents, coaches, teachers, parents and communities that the receipt of tickets by their high school principal places the direct and immediate responsibility on them for the conduct of the persons attending the tourney.

TYPE OF BALL—See Sectional.

DECISIONS—See Sectional.

RADIO SERVICE—See Sectional.

SOUVENIR PROGRAMS—See Sectional.

PICTURES—See Sectional.

TIME OF GAMES—1:00, 2:15 and 8:15 p.m.

MANAGEMENT—The Board of Control has designated the Commissioner as Manager with Robert S. Hinshaw, Assistant Commissioner, as Assistant Manager of this tourney. Their telephone number is Melrose 7-1519. Fred R. Gorman, Vice-Principal of Technical High School, Indianapolis, will assist with the arrangements for the tourney at the Fieldhouse.

Press and Radio reservations will be made directly to the IHSAA office. Requests should be filed not earlier than February 16 and not later than Thursday, March 8. An identification plan will be used for press representatives, who must be properly certified by their managers at the time requests are made.

TICKETS—All tickets will be handled by the IHSAA office according to the following plan:

1. Season tickets only will be sold prior to Saturday, March 17. In recent years all tickets were sold prior to this date. If the capacity of the Fieldhouse is not sold in season tickets, session tickets will be sold on the day of the tourney. The seating capacity is estimated at approximately 14,943.

2. Each high school principal, having a team entered in an IHSAA Sectional Basketball Tourney for 1956, and each high school principal holding a modified membership in the IHSAA, may order tickets to four and one-half (4.5) percent of his high school enrollment as submitted to the Inspection Office of the State Department of Public Instruction September 14, 1955 for grades 9, 10, 11 and 12. A fraction of one-half or more may count for a ticket, and no school shall be limited to less than four tickets. Post graduates should not be counted. You were requested to preserve a duplicate copy of this report. Principals should carefully observe the limitation as outlined. If there are questions, ask them now. All enrollments will be checked with the report herein mentioned. Be sure you are right.

3. Tickets will be sold by mail order only. Telephone, telegraph and personal call orders will not be honored. A ticket order blank is enclosed with this bulletin. It is official and you should use it according to instructions.

4. Ticket orders must be specific as to number of tickets and a check for the correct amount payable to the IHSAA must accompany each order. Tickets purchased cannot be returned. Please do not send cash. The limitations below must be observed as given:

(a) Orders for tickets having official postmarks on the envelopes from and including Thursday, February 16, to and including Friday, February 24, will be accepted if received not later than Saturday, February 25. Ticket orders mailed prior to February 16 will be returned for proper mailing. The IHSAA reserves the right to check the mailing of all ticket orders and to act on their findings.

5. Principals are obligated to distribute these tickets properly to persons in their own school districts before distributing any tickets elsewhere. Each principal will be required to keep on file the full names and addresses of all ticket purchasers for the information of the Board of Control, should such be desired for checking purposes. Tickets distributed by principals in an improper way or at a price higher than the price on the ticket will jeopardize the standing of their school.

6. All tickets remaining unsold after the high school principals have ordered, according to the privilege of their enrollment quota, will be distributed pro rata among the principals of the 64 sectional tourney winning schools if ordered by them. Principals should state on their order blank, ordering their quota of tickets according to enrollment, whether or not they would accept and pay for any tickets that may be distributed to them if they are sectional tourney winners. The check for these tickets should be sent upon receipt of the tickets only. No tickets, other than those remaining after the enrollment quota orders are honored, are offered in this paragraph. There may be only a few or no tickets so remaining. None are guaranteed. Tickets purchased cannot be returned.

7. In order that all may know how ticket orders are filed, the following statements are made:

a. Ticket orders from principals are due any time from February 16 to February 24, inclusive. Postmark will determine mailing date.

b. Upon receipt of ticket orders in the IHSAA office, they are checked. All correct orders are arranged alphabetically according to the name of the school, numbered and filled.

c. Incorrect orders are returned with instructions.

d. The method of filling ticket orders is entirely by lot and the plan automatically assigns the seats. The location of seats of any particular school depends upon date of receipt of order, number of orders received in same mail, number of tickets covered by the orders received in the same mail, alphabetical order of the school name among the orders received, accuracy of ticket order, station reached in the drawings determined by the orders received, etc.

MISCELLANEOUS

1. All seats will be reserved and tickets sold to principals will be drawn by lot as outlined above.

2. Blocks of seats, when sold, will be arranged from front to back rather than around the playing floor, about twenty percent of the number in each block being assigned to the front of the block.

3. No pass-out tickets will be issued. Holders of tickets may leave the Fieldhouse when they choose in any session, but they cannot re-enter until the next session. The Fieldhouse will be cleared between sessions.

4. All tickets will be printed in coupon form, carrying the statement that coupons will not be good if detached. The IHSAA tickets will be printed in a way that will make duplication very difficult, but a warning is given against bogus tickets.

5. Ticket holders will be seated prior to the opening game in each session, between halves and between games only. All persons must remain seated in their own seats during the games. All games will be started on scheduled time and will be played in quarters of 8 minutes each.

6. Comfort accommodations will be found on each floor at each end of the Fieldhouse.

7. Tickets will indicate the Gate, Ramp, Section, Row and Number. As you approach the Fieldhouse look for the Gate Number above the door corresponding to the one on your ticket.

8. Two blocks of seats in the middle on the west side of the playing floor and two blocks in the middle on the east side of the playing floor, having 950 seats to the block, will be reserved until Monday, March 12, for the four schools whose teams are in the tourney. Twelve blocks of seats, immediately around the playing floor with 25 seats to the block, will be reserved for the other twelve schools participating in the semi-final tourneys. The high school principals, whose teams are represented, should contact the IHSAA office by Monday, March 12, about these tickets or they will be sold to other eligible schools. These blocks will be assigned by lot by the Board of Control.

9. First Aid Rooms are located in the east end of the Fieldhouse. Look for the sign. A tourney physician and a nurse will be available during the tourney.

10. Principals are asked to instruct all ticket holders to refrain from smoking in the Fieldhouse. This precaution is taken for the benefit of the players and the safety of the spectators.

THE ARTHUR L. TRESTER AWARD

The Gimbel Medal for Mental Attitude was given each year by Mr. Jake Gimbel, now deceased, until the 1943 State Basketball Tourney. In 1944 it was known as the IHSAA Medal for Mental Attitude. In 1945 the Board officially named the award "The Arthur L. Trester Award for Mental Attitude."

The IHSAA Board of Control used the following data card this year to assist them in selecting the winner of The Arthur L. Trester Award for Mental Attitude.

By High School Principal By High School Coach

The Principals and Coaches of the four schools filed with the IHSAA these cards for their players before the tourney was held. The Board of Control did not see the cards until Saturday afternoon after the second game of the Final Tourney when they had observed the playing of all of the teams: In the meeting to select a winner of the mental attitude award the data cards were studied carefully and were given careful consideration along with the opinions of the Board of Control members as a result of their observation of the playing of the boys in the afternoon. Several boys received very favorable consideration but only one could be selected as the winner.

Contrary to the opinions often expressed this medal has not been given as a consolation prize through the years. It is true that few boys on the winning teams have received the award but it is not true that the IHSAA has ever had a policy of giving the medal as a consolation prize. Such a policy would remove the value of the award and would make the winners feel that they had not won anything. The winners of the award have legitimately won the award and have the right to be proud of it. It will be interesting to follow these boys down through the years. Schools should take an interest in these boys, as the IHSAA desires to be proud of them always.

The following boys have received the mental attitude award:

TRACK AND FIELD

Fort Wayne North Side, after a fourteen year lapse, came back to win its third state track and field championship by scoring 25 points over a water-logged track at Arsenal Technical field.

The Redskins scored a first in the mile relay, third and fifth in the 440, second in the 880 and a second and third in the hurdles in turning back the pre-meet favorite, Gary Roosevelt, who tallied 20½ points for second position.

Anderson nosed out Indianapolis Arsenal Technical for the third spot by posting a score of 17½ to the green clads' 17. Richmond and Fort Wayne South Side tied with 10 points for fifth. Bill Satterfield of Richmond scored the only double of the day in the 100 and 220 yard dashes for the Red Devils scoring and the South Side one-half mile relay team took first in this event.

Two of the three champions back from 1955 repeated in their events. Sturgeon of Cannelton again led the field in the half-mile run and Hobart's Garriott again took the shot put. Carroll from New Albany, last year's champion in the pole vault had to be satisfied with a fourth place tie. Over the state this year, there was a large number of good vaulters but due to the heavy and consistent rainfall during the meet, they were greatly handicapped and none of them reached his top performance of the past season. Most coaches and writers agreed that this year Indiana probably had the greatest amount of good track talent in several years, but unfavorable weather conditions on the day of the meet prohibited them in reaching their past top performances.

A total of 342 schools entered 4,176 athletes in sectional meet competition. This was a gain of 28 schools and 243 athletes over 1955.

SECTIONAL TRACK AND FIELD MEETS

FORTIETH ANNUAL

GOLF

Crawfordsville repeated its championship performance of 1954 over the Coffin Golf Course by again winning the IHSAA golf crown. They posted a team score of 310. In 1955 they gained the runner-up spot. Indianapolis Shortridge, with a score of 316, placed second. Seymour finished a close third with a team score of 317.

The four winning team members and their scores were Ron Royer, 74; for Crawfordsville's best individual effort, Jon Sommer was next with 77, Bill Locker carded a 78, and Mike Beemer had an 81.

Dan Burton, of Indianapolis Shortridge, was low medalist with a 73, Ron Royer, of Crawfordsville, was a close runner-up with 74, and Wayne Timberman, Indianapolis Broad Ripple, followed with a 75 for third. The best score fired by an individual qualifier from sectional play was a 76 by Jon Padfield of Western (Russiaville).

In sectional play, 90 schools were entered. This was the greatest number of schools that ever participated in championship play. A total of 18 schools qualified teams for the state and five more sent individuals.

(2) **Management**—The management of these meets rests solely with the Board of Control. Local arrangements have been delegated to the Center Principals. All meet officials will be selected by the Center Principals.

(3) Instructions and a starting time schedule will be sent to each competing school prior to the meet by the Center Principal.

(4) **Eligibility**—The rules and regulations of the IHSAA shall govern. An entry blank is required and one accompanies this announcement if your school has a golf team. There will be no entry fee. Entry blanks are due in the IHSAA office on or before 4:00 p.m., Thursday, May 10, 1956, and cannot be accepted afterwards.

Note—Each year some schools file entry blanks, then fail to participate in the tournament for some unknown reason. The management makes all arrangements for these teams, and of course the arrangements are upset by the non-appearance of the entrants. You are requested not to file an entry blank unless you fully intend to enter a sectional meet. If for some reason, after filing an entry blank, it becomes necessary to withdraw, please notify the IHSAA office and the Sectional Center Principal immediately.

Transportation—This will be an obligation of the participating school in each case.

Medal Play—The meets will be conducted as Medal Play and 18 holes will be played. Summer rules are to be used, unless it is decided by the manager of the meet and the Center Principal that the condition of the course makes the use of winter rules necessary.

Scoring—Each threesome or foursome will be made up of boys from different schools. The players will count and keep score for each other.

Teams—Each school may enter six (6) boys and the team must consist of four (4) of these six boys. The four players must be designated prior to the beginning of the tournament. A number less than four from a school cannot participate. Players should be listed on the entry blank according to team position.

QUALIFICATIONS FOR STATE MEET

Teams

Representation at the State Meet will be determined by the number of teams competing in that Sectional, as follows: Five or less, one team; six to ten, two teams; eleven to fifteen, three teams; sixteen or more, four teams.

Only schools posting a team score at the completion of a Sectional Meet are to be considered actual "participating" teams.

Individuals

The three low medalist players in each sectional meet are eligible to compete as individuals in state meet competition, provided their school posted a team score in the sectional.

Ties

All individuals or teams tying for the last qualifying position shall be eligible for State meet competition. Prizes shall be awarded by lot.

STATE GOLF MEET

TWENTIETH ANNUAL

Saturday, May 26

Entrants—Individuals and schools whose teams qualify according to the sectional regulations shall constitute the entrants for the State Meet. (Teams must be composed of any four of the six certified entrants.)

Registration—All teams must be checked in at the Club House by the Principal or his official faculty representative. This responsibility belongs to the school.

Transportation—This will be an obligation of the participating school in each case.

Entertainment—Noon meals will be furnished by the IHSAA at the Club House to the actual participants and one faculty manager from each school.

Prizes—A trophy will be given to the winning school. Medals will be presented to the winning team members of first, second and third places and the three low medalists.

Medal Play—The tournament will be conducted as Medal Play and 18 holes will be played.
